M-2008-1061	EFSA-Q-2008-1480	693 - Evening Primrose Oil - Hormonal Health	Helps maintain hormonal balance.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	693
M-2008-1061	EFSA-Q-2008-1481	694 - Evening primrose oil - Menstrual health	Ensures an intake of polyunsaturated faty acids that support a normal, healthy attitude during the menstrual cycle	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	694
M-2008-1061	EFSA-Q-2008-1482	695 - Evening primrose oil - Skin health	Helps maintain healthy skin	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	695
M-2008-1061	EFSA-Q-2008-1489	702 - Hemp seed oil - Beautifies the skin from inside and out	Contains perfect balance of Omega 3,6 & 9. Contains 18% Omega 3, 60% Omega 6, 3% GLA and 11% Omega 9. This ratio matches perfectly the requirements of your body. Protects and beautifies the skin from inside and out. Massage oil for dry itchy skin	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	702
M-2008-1061	EFSA-Q-2008-2033	1295 - Bilberry fruits (Vaccinium myrtillus fruit); - Eye Health	The antioxidant anthocyanosides in bilberry help maintain the proper retina functions.	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	1295
M-2008-1061	EFSA-Q-2008-2034	1296 - Bilberry fruits (Vaccinium myrtillus fruit - Stabilization of collagen formation in eye;	Bilberry anthocyanosides could help in stabilizing the healthy collagen level in the eye.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	1296
M-2008-1061	EFSA-Q-2008-2035	1297 - Bilberry fruits (Vaccinium myrtillus fruit); - Capillary wessels and vein health;	Bilberry anthocyanosides can help capillary wessels health and elasticity of veins against harmful effect of free radicals.	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	1297
M-2008-1061	EFSA-Q-2008-2036	1298 - Bilberry fruits (Vaccinium myrtillus fruit); - Mucous membranes in stomach and small intestine	The anthocyanosides in bilberry may help maintain healthy, functioning mucous membranes in stomach and in small intestine.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	1298
M-2008-1061	EFSA-Q-2008-2051	1314 - Chios Mastiha Natural resin. Protected Designation of Origin product. (PDO) (EC) 123/1997 (L022/24.1.97) - Contributes to gastrointestinal system, Target Group: Whole population / no restrictions	Mastiha Chiou contributes to a healthy gastrointestinal system	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	1314
M-2008-1061	EFSA-Q-2008-2059	1322 - Airelle baie - Système urinaire antiseptique, anti-adhésif	Participe au confort urinaire Favorise le bon fonctionnement des voies urinaires	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	1322
M-2008-1061	EFSA-Q-2008-2083	1346 - Laminaria (Brown seaweed) - Natural defence / immune system	1. Strengthens the immunity 2. A generally restorative product for the maintenance of body's functions — ensures the necessary amount of iodine in the body for the physiological self-regulation of iodine exchange, strengthens the immunity	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	1346
M-2008-1061	EFSA-Q-2008-2085	1348 - Laminaria (Brown seaweed) - Digestive health	Beneficially affects the function of the digestive system	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	1348
M-2008-1061	EFSA-Q-2008-2100	1363 - Name of Food product: Hemp Seed Description of food in terms of food legislation categories: food not covered by specific food legislation Was food on Irish market before 1st July 2007: Yes - Health benefits of food: Promotes healthy heart & immune system Do benefits relate to a disease risk factor: Yes Target group: All of the general population including children and adults	Exact wording of claim as it appears on product: Hemp Seed promotes a healthy heart & immune system Is claim a picture: No	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	1363
M-2008-1061	EFSA-Q-2008-2173	1436 - Aphanizomenon flos-aquae (AFA) (blue-green algae) phenylethyleamine extract - Helps promote positive effects on mood via its content of Phenylethylamine (PEA)	AFA / PEA can support positive mood	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	1436
M-2008-1061	EFSA-Q-2008-2179	1442 - Arabinogalactan (extract from larch tree) - Intestinal health	#NAME?	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	1442
M-2008-1061	EFSA-Q-2008-2237	1500 - Chlorella - Immune health	Enhancement of vitality-energy	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	1500
M-2008-1061	EFSA-Q-2008-2287	1550 - Evening primrose oil - Skin Health	Helps maintain healthy skin	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	1550
M-2008-1061	EFSA-Q-2008-2288	1551 - Evening primrose oil - Menstrual health	Ensures an intake of polyunsaturated fatty acids that support a normal, healthy attitude during the menstrual cycle	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	1551
M-2008-1061	EFSA-Q-2008-2386	1650 - Rye Grass Pollen - Maintenance of normal urinary function	Prostabrit helps the maintenance of normal urinary flow Prostabrit contains standardised pollen extracts from the rye grass; these plant extracts have been shown to help support a normal urinary flow in men For the maintenance/support of normal urinary flow	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	1650
M-2008-1061	EFSA-Q-2008-2426	1690 - Alfa-galattosidasi - Digestion	It helps the absorption of complex carbohydrates in food, by reducing fermentation processes and by avoiding gas production.	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	1690
M-2008-1061	EFSA-Q-2008-2427	1691 - Berberina (Berberis aristata, cortecchia e.s.) - Azione ipolipidemizzante	Azione favorente il controllo dei trigliceridi plasmatici.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	1691
M-2008-1061	EFSA-Q-2008-2515	1782 - Phallus impudicus - Body defences	Strengthens biological defence functions of the body, shows restorative effect on the body	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	1782
M-2008-1061	EFSA-Q-2008-2531	1798 - Chlorella algae (Chorella pyrenoidosa) - Liver	For liver health.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	1798
M-2008-1061	EFSA-Q-2008-2540	1807 - Flaxseed husk extract/lignans - Sexual organs and/or hormone activity	For hormone activity regulation. Beneficial for the prostate.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	1807
M-2008-1061	EFSA-Q-2008-2542	1809 - Flaxseed husk extract/lignans - Cardiovascular system	Promotes heart health. To protect the heart.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	1809
M-2008-1061	EFSA-Q-2008-2569	1836 - Pollen - Mental state and performance	Pollen contains a lot of vitality substances. Increases vigour, vitality and alertness.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	1836
M-2008-1061	EFSA-Q-2008-2582	1849 - Resveratrol - Cardiovascular system	For cardiovascular health.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	1849
M-2008-1061	EFSA-Q-2008-2591	1858 - Spirulina alga - Weight control	For weight control Prevents the breakdown of starch. You eat normally but take in less energy. Undegraded starch passes through the intestines and promotes intestine activity.	28/7/2008	12/12/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	1858

M-2008-1061	EFSA-Q-2008-2609	1876 - Name of Food product: Spirulina Description of food in terms of food legislation categories: Food supplement Was food on Irish market before 1st July 2007: Yes - Health benefits of food: Immune system support Do benefits relate to a disease risk factor: No Target group: All of the general population including children and adults	Exact wording of claim as it appears on product: Spirulina assists in supporting the immune system Phycocyanin (one of the phyto-nutrients in Spirulina) is a powerful immune stimulant Is claim a picture: No	28/7/2008	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	1876
M-2008-1061	EFSA-Q-2008-2618	1885 - Charbon végétal - Système digestif Adsorbant	Favorise le confort digestif A utiliser en cas de flatulence Contribue au confort digestif	28/7/2008	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	1885
M-2008-1061	EFSA-Q-2008-2619	1886 - Chlorella - Anti-asthénique	Entretien l'énergie et le tonus Source naturelle de nutriments essentiels, de vitamines et de minéraux Renforce la vitalité A utiliser en cas de fatigue passagère Soutient le système de défense	28/7/2008	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	1886
M-2008-1061	EFSA-Q-2008-2621	1888 - chlorella pyrenoidosa - Augmentation des défenses immunitaires	Résistances soutient les défenses immunitaires	28/7/2008	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	1888
M-2008-1061	EFSA-Q-2008-2630	1897 - Huile de Haarlem - Système respiratoire Traitement des affections broncho-pulmonaires	Procure une influence apaisante sur les voies respiratoires Facilite la respiration Procure une respiration aisée	28/7/2008	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	1897
M-2008-1061	EFSA-Q-2008-2631	1898 - Huile de Haarlem - Soigne les rhumatismes Source de soufre biodisponible	Soulage les douleurs rhumatismales Apaise les douleurs musculaires Soulage les douleurs inflammatoires Favorise la mobilité	28/7/2008	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	1898

M-2008-1061	EFSA-Q-2008-2688	1955 - Pollen - Resistance/ tonus	Helps in case of fatigue/tiredness. Helps to support body's vitality and body's resistance. Helps to make you feel more energetic. Enhancement of vitality/energy.	28/7/2008	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	1955
M-2008-1061	EFSA-Q-2008-2689	1956 - Pollen - Menopause	Contributes to comfort during menopause. Contributes to well-being during menopause. Helps to reduce discomfort during menopause. Helps to decrease hot flushes.	28/7/2008	8/10/2008	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	1956
M-2008-1061	EFSA-Q-2008-2700	1967 - Chlorophylle - Fonctions de l'organisme	Dans notre organisme, la chlorophylle s'associe au fer et intervient dans la production de l'hémoglobine, jouant ainsi un rôle essentiel dans le fonctionnement du cœur, des muscles et des nerfs	28/7/2008	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	1967
M-2008-1061	EFSA-Q-2008-2719	1986 - Allium cepa (Common Name : Onion) - Lipid metabolism	helps to maintain healthy blood lipids level	28/7/2008	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	1986
M-2008-1061	EFSA-Q-2008-2723	1990 - Allium sativum (aged garlic) (Common Name : Aged garlic) - Immune health	Contributes to normal immune function	28/7/2008	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	1990
M-2008-1061	EFSA-Q-2008-2724	1991 - Allium sativum (aged garlic) (Common Name : Aged garlic) - Heart Health	Maintenance of heart health/maintenance of normal cholesterol levels /maintenance of normal homocystein levels	28/7/2008	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	1991
M-2008-1061	EFSA-Q-2008-2725	1992 - Allium sativum (Common Name : Garlic) - Heart Health/ Blood lipids	Maintenance of heart health/maintenance of normal cholesterol levels/helps to maintain normal blood lipid levels/contributes to vascular health	28/7/2008	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	1992
M-2008-1061	EFSA-Q-2008-2726	1993 - Allium sativum (aged garlic) (Common Name : Aged garlic) - Stress	Contributes to the resistance against temporary stress	28/7/2008	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	1993
M-2008-1061	EFSA-Q-2008-2727	1994 - Allium sativum (aged garlic) (Common Name : Aged garlic) - Liver health	Helps to maintain a healthy liver function	28/7/2008	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	1994
M-2008-1061	EFSA-Q-2008-2728	1995 - Aloe vera (Common Name : Bitter aloe) - Skin health	Helps maintain healthy skin/ epithelial layer	28/7/2008	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	1995
M-2008-1061	EFSA-Q-2008-2729	1996 - Aloe vera (Common Name : Aloe) - Immune health	Contributes to the natural defences against microorganism/ /maintenance of the normal immune system	28/7/2008	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	1996
M-2008-1061	EFSA-Q-2008-2734	2001 - Bilberry (Vaccinium myrtillus) extract containing anthocyanins - Eye Health	May help maintain eye health through anti-oxidant and vascular effects.	28/7/2008	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	2001
M-2008-1061	EFSA-Q-2008-2735	2002 - Bilberry (Vaccinium myrtillus) extract containing anthocyanins - Vascular Health	May help maintain vascular integrity	28/7/2008	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	2002
M-2008-1061	EFSA-Q-2008-2739	2006 - Capsicum annum (Common Name : Cayenne pepper) - Weight management	Contributes to weight reduction /support in weight loss programs	28/7/2008	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	2006
M-2008-1061	EFSA-Q-2008-2741	2008 - Carum carvi (Common Name : Caraway) - Digestive health	supports digestion and digestive functions /stimulates digestion /relieves fullness and windy feelings ?contributes to the normal function of intestinal tract /helps support the digestive juice flow	28/7/2008	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	2008
M-2008-1061	EFSA-Q-2008-2742	2009 - Carum carvi (Common Name : Caraway) - Immune health	#NAME?	28/7/2008	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	2009
M-2008-1061	EFSA-Q-2008-2743	2010 - Carum carvi (Common Name : Caraway) - Lactation	Supports lactating in breastfeeding women	28/7/2008	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	2010
M-2008-1061	EFSA-Q-2008-2744	2011 - Cichorium intybus (Common Name : Chicory) - Intestinal health	Supports digestion /Contributes to the stimulation of the production of the digestive body fluids and of the gastro-intestinal movement	28/7/2008	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	2011
M-2008-1061	EFSA-Q-2008-2745	2012 - Cichorium intybus (Common Name : Chicory) - Liver health	support liver health	28/7/2008	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	2012
M-2008-1061	EFSA-Q-2008-2746	2013 - Cinnamomum cassia, zeylanicum (Common Name : Cinnamon) - Glucose metabolism	Helps to maintenance of a healthy blood sugar level /helps to maintain a normal blood glucose level as part of a healthy lifestyle /contributes to normal glucose level	28/7/2008	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	2013
M-2008-1061	EFSA-Q-2008-2747	2014 - Cinnamomum zeylanicum BARK - Digestion	Enlivens the appetite and digestion. Helps maintain normal stomach gas and stomach comfort.	28/7/2008	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	2014
M-2008-1061	EFSA-Q-2008-2748	2015 - Cinnamomum zeylanicum BARK - Neural	Helps maintain comfort in the body, head and teeth.	28/7/2008	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	2015
M-2008-1061	EFSA-Q-2008-2749	2016 - Cinnamomum zeylanicum BARK - Respiratory	Supports the health of the upper respiratory tract.	28/7/2008	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	2016
M-2008-1061	EFSA-Q-2008-2750	2017 - Cinnamomum zeylanicum BARK - Cardiovascular	Supports the heart and circulation. Helps to purify the blood. Helps to maintain normal blood lipid levels. Supports the production of HDL (good) cholesterol	28/7/2008	8/10/2008	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	2017
M-2008-1061	EFSA-Q-2008-2752	2019 - Cinnamomum zeylanicum BARK - Skin and mucous membranes	(Internal use of whole bark) supports the health of the skin and mouth	28/7/2008	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	2019

M-2008-1061	EFSA-Q-2008-2759	2026 - Citrus aurantium (Common Name : Bitter orange) - Metabolism of lipids/Weight management	Contributes to weight management /helps to maintain healthy fat tissue /supports the metabolism of lipids and carbohydrates/favours lipid degradation	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2026
M-2008-1061	EFSA-Q-2008-2760	2027 - Citrus aurantium L. ssp. Aurantium (Common name: Bitter orange) - Respiratory health	Soothing for mouth and throat / Reliefs in case of irritation of throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2027
M-2008-1061	EFSA-Q-2008-2763	2030 - Curcumin - Management of inflammatory responses	Curcumin helps to control inflammatory responses within the body.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2030
M-2008-1061	EFSA-Q-2008-2765	2032 - Coriandrum sativum FRUIT - Digestion	Helps to digest toxins. Helps maintain normal gas balance in digestive tract.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2032
M-2008-1061	EFSA-Q-2008-2766	2033 - Coriandrum sativum FRUIT - Nervous system	Supports nerve function.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2033
M-2008-1061	EFSA-Q-2008-2768	2035 - Coriandrum sativum FRUIT - Cardiovascular	Supports heart function. Helps maintain normal digestion of fats. Helps maintain normal cholesterol levels.	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2035
M-2008-1061	EFSA-Q-2008-2769	2036 - Coriandrum sativum FRUIT - Skin	Helps keep the skin cool.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2036
M-2008-1061	EFSA-Q-2008-2770	2037 - Coriandrum sativum FRUIT - Immunity & antioxidant	Supports immune function. Has a significant antioxidant effect.	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2037
M-2008-1061	EFSA-Q-2008-2771	2038 - Crocus sativus L. (Common name : Synonym : C. officinalis Martyn) - Mental health	-Contributes to emotional balance; -Helps to support the relaxation -Helps to maintain a positive mood.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2038
M-2008-1061	EFSA-Q-2008-2778	2045 - Dioscorea villosa (Common Name : Wild Yam) - Menopause	Helps to maintain a calm and comfortable menopause /helps women coping with the telltale signs associated with menopause, such as hot flushes, sweating, restlessness and irritability	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2045
M-2008-1061	EFSA-Q-2008-2780	2047 - Elettaria cardamomum SEED - Digestion	Helps keep the digestive tract healthy. Supports digestion.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2047
M-2008-1061	EFSA-Q-2008-2781	2048 - Elettaria cardamomum SEED - Nervous system	Supports the function of the nervous system	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2048
M-2008-1061	EFSA-Q-2008-2783	2050 - Fruit of Vaccinium myrtillus Bilberry/Blueberry - Maintain eye health and function, through antioxidant and venous support action.	Supports visual clarity. - Supports retinal function. - Maintains eye health. - Supports blood flow to the eye. - Well known source of antioxidants. - Natural defense against free radicals. - Provides antioxidant support for the eyes. - Helps protect eyes	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2050
M-2008-1061	EFSA-Q-2008-2784	2051 - Foeniculum vulgare ssp. Cappillaceum var. vulgare. DRIED FRUIT - Appetite, digestion & elimination	Supports appetite, digestion and elimination. Supports the health of the digestive tract.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2051
M-2008-1061	EFSA-Q-2008-2785	2052 - Foeniculum vulgare ssp. Cappillaceum var. vulgare. DRIED FRUIT - Immunity. Antioxidant	Supports the immune system. Antioxidant activity	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2052
M-2008-1061	EFSA-Q-2008-2786	2053 - Foeniculum vulgare ssp. Cappillaceum var. vulgare. DRIED FRUIT - Postpartum	Supports production of breast milk. Helps maintain breast health during breast feeding.	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2053
M-2008-1061	EFSA-Q-2008-2787	2054 - Foeniculum vulgare ssp. Cappillaceum var. vulgare. DRIED FRUIT - Menses	Helps maintain comfortable menstrual cycle.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2054
M-2008-1061	EFSA-Q-2008-2788	2055 - Foeniculum vulgare Mill. (Common name: Fennel) - Respiratory health	Soothing for mouth and throat / Reliefs in case of irritation of throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2055
M-2008-1061	EFSA-Q-2008-2789	2056 - Foeniculi aetheroleum (Common name: Fennel oil) - Respiratory Health	Soothing for mouth and throat / Reliefs in case of irritation of throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2056
M-2008-1061	EFSA-Q-2008-2790	2057 - Garcinia Cambogia (Common name : Carcinia gummi-gutta, gummi-gutta gum, brindleberry, Malabar, tamarind) - Weight management	Contributes to weight management'-Helps in weight control; -Contributes to reduce fat storage /reduces sense of appetite	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2057
M-2008-1061	EFSA-Q-2008-2795	2062 - Guarana - Guarana and mental performance	Ginseng helps to sustain physical and mental vitality	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2062
M-2008-1061	EFSA-Q-2008-2799	2066 - Ginger - Management of inflammatory responses	Ginger may help to manage inflammatory responses. Ginger may help promote normal balance of inflammatory hormones [prostaglandins].	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2066
M-2008-1061	EFSA-Q-2008-2800	2067 - Hippophae rhamnoides (Common Name : Seabuckthorn) - Natural defences / immune system	#NAME?	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2067
M-2008-1061	EFSA-Q-2008-2801	2068 - Hippophae rhamnoides (Common Name : Seabuckthorn) - Skin health	Help in case of dry / contributes to the mucosal function in dry eye, vagina and mouth/helps maintain healthy skin from within	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2068
M-2008-1061	EFSA-Q-2008-2802	2069 - Illicium verum Hook. (Common name: Star anise) - Respiratory health	Soothing for mouth and throat / Reliefs in case of irritation of throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2069
M-2008-1061	EFSA-Q-2008-2803	2070 - Ilex paraguariensis (Common Name : Yerba mate) - Weight management/Metabolism of lipids	Contributes to body weight management /contributes to lipid degradation /helps maintain a healthy body weight	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2070
M-2008-1061	EFSA-Q-2008-2804	2071 - Ilex paraguariensis (Common Name : Yerba mate) - Invigoration of the body	helps to strengthen the body /helps you feel more energetic /has stimulating and tonic properties that contribute to the resistance against mental and physical fatigue	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2071
M-2008-1061	EFSA-Q-2008-2805	2072 - Illicium verum (Common Name : Star anise) - Digestive health	Helps to support the digestion/contributes to the normal function of intestinal tract	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2072
M-2008-1061	EFSA-Q-2008-2806	2073 - Illicium verum (Common Name : Star anise) - Respiratory health	-soothens the respiratory tract '- Soothing for throat - supportive and soothing in case of tickle in the throat - to use in case of temporary croakiness	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2073
M-2008-1061	EFSA-Q-2008-2807	2074 - Illicium verum (Common Name : Star anise) - Immune health	#NAME?	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2074
M-2008-1061	EFSA-Q-2008-2809	2076 - Linum usitatissimum (Common Name : flaxseed linseed) - Gut health	Lignans present in Linum usitatissimum offer benefits in bowel function /helps to maintain normal bowel function /ontributes to regularity of bowel function /good for a healthy stomach and digestive system	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2076

M-2008-1061	EFSA-Q-2008-2810	2077 - Linum usitatissimum (Common Name : flaxseed linseed) - Menopause	Lignans present in Linum usitatissimum have oestrogenic properties and therefore may offer benefits for menopausal health	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2077
M-2008-1061	EFSA-Q-2008-2811	2078 - Linum usitatissimum (Common Name : flaxseed linseed) - Breast Health	Lignans present in Linum usitatissimum and their mammalian metabolites enterodiol and enterolactone may protect and support healthy breast tissue in ageing women.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2078
M-2008-1061	EFSA-Q-2008-2812	2079 - Linum usitatissimum (Common Name : flaxseed linseed) - Prostate health	Lignans present in Linum usitatissimum and their mammalian metabolites may support a healthy prostate in ageing male.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2079
M-2008-1061	EFSA-Q-2008-2817	2084 - Melissa extract [Dry extract from leaves of Melissa officinalis L., drug/native extract ratio (4 - 6) : 1, solvent of extraction Methanol/Water , min 1.8% rosmarinic acid] - For cognitive and mental health	*Clinically/scientifically proven to help maintaining positive mood and good cognitive functioning, Contributes to optimal relaxation, Helps to support the relaxation and mental and physical well-being, Contributes to a good and calm rest	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2084
M-2008-1061	EFSA-Q-2008-2818	2085 - Melissa officinalis (Common Name : Lemon Balm) - Cognitive and mental health	Helps maintain positive mood and good cognitive functioning/contributes to optimal relaxation/helps to support the relaxation and mental and physical wel being/contributes to a normal helps to maintain a healthy sleep	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2085
M-2008-1061	EFSA-Q-2008-2819	2086 - Melissa officinalis (Common Name : Lemon Balm Balm mint) - Digestive health	Helps to support the digestion/contributes to the normal function of intestinal tract/contributes to physical wel being	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2086
M-2008-1061	EFSA-Q-2008-2821	2088 - Matricaria recutita (Common Name : Chamomile) - Relaxation	Contributes to optimal relaxation/helps to support the relaxation and mental and physical wel-being/contributes to a normal helps to maintain a healthy sleep	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2088
M-2008-1061	EFSA-Q-2008-2822	2089 - Matricaria recutita (Common Name : Chamomile) - Immune health	#NAME?	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2089
M-2008-1061	EFSA-Q-2008-2825	2092 - Mentha piperita (Common Name : Mint) - Intestinal and digestive health / Stomach health	Helps to supports a healthy digestion /has a positive influence on intestinal health /contributes to digestive functions /contributes to the normal function of intestinal tract /helps keep the stomach healthy	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2092
M-2008-1061	EFSA-Q-2008-2826	2093 - Mentha piperita (Common Name : Mint) - Immune health	#NAME?	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2093
M-2008-1061	EFSA-Q-2008-2827	2094 - Mentha piperita (Common Name : Mint) - Relaxation	Contributes to optimal relaxation /helps to support the relaxation /contributes to a normal helps to maintain a healthy sleep	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2094
M-2008-1061	EFSA-Q-2008-2830	2097 - Menthae piperitae aetheroleum (Common name: Peppermint oil) - Respiratory health	Soothing for mouth and throat / Reliefs in case of irritation of throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2097
M-2008-1061	EFSA-Q-2008-2832	2099 - Oenothera paradoxa (Common Name : Evening Primrose) - Skin health	Supplies polyunsaturated faty acids (PUFA) needed for important physiological processes including normal skin and hair growth/important for healthy, problem-free skin	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2099
M-2008-1061	EFSA-Q-2008-2833	2100 - Oenothera paradoxa (Common Name : Evening Primrose) - Heart Health	supplies polyunsaturated faty acids needed for important physiological processes including cholesterol metabolism/helps maintain heart and vessel health	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2100
M-2008-1061	EFSA-Q-2008-2834	2101 - Oenothera paradoxa (Common Name : Evening Primrose) - Immune health	supplies polyunsaturated faty acids needed to support natural immunity	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2101
M-2008-1061	EFSA-Q-2008-2835	2102 - Oenothera paradoxa (Common Name : Evening Primrose) - Menstrual health	Supplies polyunsaturated faty acids (PUFA), that help maintain optimum comfort during menstruation	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2102
M-2008-1061	EFSA-Q-2008-2839	2106 - Plantago ovata/ispaghula (Common Name : Psyllium Husk) - Cholesterol	It helps to control blood levels of cholesterol	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2106
M-2008-1061	EFSA-Q-2008-2842	2109 - Piper nigrum FRUIT - Digestion	Supports appetite, digestion and absorption of nutrients. Helps to digest toxins.Helps in body weight control. (In small quantities in a polyherbal formula) increases the effectiveness of other herbal ingredients.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2109
M-2008-1061	EFSA-Q-2008-2843	2110 - Piper nigrum FRUIT - Respiration	Helps to keep the airways open. Supports the health of the whole respiratory system.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2110
M-2008-1061	EFSA-Q-2008-2844	2111 - Piper nigrum FRUIT - Nervous system	Vitalises the nervous system.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2111
M-2008-1061	EFSA-Q-2008-2845	2112 - Piper nigrum FRUIT - Female reproductive system	Supports the health of the female reproductive system. Helps to cleanse the reproductive organs by promoting blood circulation through the fine blood vessels and capillaries.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2112
M-2008-1061	EFSA-Q-2008-2846	2113 - Piper nigrum FRUIT - Liver	Helps to cleanse the liver and support its function by promoting blood circulation through the fine blood vessels and capillaries.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2113
M-2008-1061	EFSA-Q-2008-2847	2114 - Piper nigrum FRUIT - Skin	Helps to cleanse the skin by promoting blood circulation through the fine blood vessels and capillaries.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2114
M-2008-1061	EFSA-Q-2008-2848	2115 - Piper nigrum FRUIT - Immunity & Antioxidant	Has significant antioxidant properties. Helps to maintain the integrity of the body by its antimicrobial and anti-parasitic effects and support for the immune system.	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2115
M-2008-1061	EFSA-Q-2008-2849	2116 - Piper nigrum - digestion	Helps to maintain natural digestive functions	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2116
M-2008-1061	EFSA-Q-2008-2850	2117 - Piper longum FRUIT - Adaptogenic & Mental	supports the body's resistance to stress. Helps the body to deal with stress.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2117
M-2008-1061	EFSA-Q-2008-2851	2118 - Piper longum FRUIT - Immune health	Strengthens the immune system. Strengthens the body's natural defenses / Helps maintain the immune system, the body's natural defenses	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2118
M-2008-1061	EFSA-Q-2008-2852	2119 - Piper longum FRUIT - Respiratory	Supports lung function Decongestant	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2119
M-2008-1061	EFSA-Q-2008-2853	2120 - Piper longum FRUIT - Digestion & bioavailability	Supports digestion. Supports the absorption and utilisation of other herbal ingredients.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2120

M-2008-1061	EFSA-Q-2008-2854	2121 - Pimpinella anisum L. (Common name: Anise) - Respiratory Health	Soothing for mouth and throat / Reliefs in case of irritation of throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2121
M-2008-1061	EFSA-Q-2008-2861	2128 - Syzygium aramaticum. FLOWER BUD - Digestion	Helps maintain a healthy digestion. Supports appetite, sense of taste and digestion without increasing the problems of those sensitive to stomach acid levels.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2128
M-2008-1061	EFSA-Q-2008-2862	2129 - Syzygium aramaticum. FLOWER BUD - Cardiovascular	Supports cardiovascular function. Stimulates circulation. Helps maintain normal blood flow.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2129
M-2008-1061	EFSA-Q-2008-2863	2130 - Syzygium aramaticum. FLOWER BUD - Respiratory	Helps maintain the health and comfort of the mouth and throat. Helps maintain the health of the respiratory tract.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2130
M-2008-1061	EFSA-Q-2008-2864	2131 - Syzygium aramaticum. FLOWER BUD - Reproduction	Helps maintain libido.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2131
M-2008-1061	EFSA-Q-2008-2867	2134 - Sambucus nigra (Common Name : Elder) - Immune health	Support of the body's defence /Helps to supports the immune system	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2134
M-2008-1061	EFSA-Q-2008-2871	2138 - Standardized Guarana extract PC102 Dry extract from seeds of Paullinia Cupana H. B. et Kunth, drug7native extract ratio (4.5-7) : 1, solvent of extraction Ethanol/Water , 11.0 - 13.0% of caffeine - For mental performance	Clinically/scientifically proven to help maintaining mental well-being *Clinically/scientifically proven to help maintaining memory and alert. Clinically/scientifically proven to help maintaining good cognitive functions * *examples of wording for which exclusivity is asked to be maintained	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2138
M-2008-1061	EFSA-Q-2008-2872	2139 - Seed of Vitis vinifera (Grapeseed) - Circulatory health through antioxidant action.	Supports venous circulation. - Maintains healthy blood vessels & capillary integrity. - Well known source of antioxidants. - Natural defense against free radicals. - Maintains normal cell health & function.	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2139
M-2008-1061	EFSA-Q-2008-2878	2145 - Standardized grape seed extract [Dry extract from grape seeds of Vitis vinifera L. (Vitaceae), solvent of extraction Acetone/Water, 8.5 - 13.0% proanthocyanidins] - For skin health/ Antioxidant activity	Clinically/scientifically proven to improve the overall health and appearance of the skin	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2145
M-2008-1061	EFSA-Q-2008-2879	2146 - Standardized grape seed extract [Dry extract from grape seeds of Vitis vinifera L. (Vitaceae), solvent of extraction Acetone/Water, 8.5 - 13.0% proanthocyanidins] - For cardiovascular (heart/vessel) health	Clinically/scientifically proven to maintain heart, cardiovascular and vessel health, supports metabolism Contributes to a beneficial effect on blood pressure	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2146
M-2008-1061	EFSA-Q-2008-2880	2147 - Salviae officinalis aetheroleum (Common name: Sage oil) - Respiratory health	Soothing for mouth and throat / Reliefs in case of irritation of throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2147
M-2008-1061	EFSA-Q-2008-2881	2148 - Salvia officinalis (Common Name : Sage) - Menopause	Contributes gto menopausal comfort/hyperhidrosis	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2148
M-2008-1061	EFSA-Q-2008-2882	2149 - Thymus vulgaris/zygis (Common Name : Thyme) - Health of the upper respiratory tract	Soothing for troat and chest /contributes to wellbeing of chest and throat /contributes to a fresh breath '-Good for respiratory tract and/or throat, -Soothens the respiratory tract	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2149
M-2008-1061	EFSA-Q-2008-2883	2150 - Thymus vulgaris (Common Name : Thyme) - Immune health	#NAME?	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2150
M-2008-1061	EFSA-Q-2008-2885	2152 - Urtica dioica (Common Name : Nettle) - Invigoration of the body	Support the body's vitality /helps to make you feel more energetic	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2152
M-2008-1061	EFSA-Q-2008-2903	2170 - Zingiber officinale (Common Name : Ginger) - Immune health	#NAME?	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2170
M-2008-1061	EFSA-Q-2008-2904	2171 - Zingiber officinale (Common Name : Ginger) - Heart health	contributes to vascular health, which in turn helps to maintain a healthy heart/helps maintaining heart health	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2171

M-2008-1061	EFSA-Q-2008-3103	2370 - Sweet-root/licorice (Glycyrrhiza glabra);(Deglycrrhizinated Licorice radix (DGL)); - Gastrointestinal health	Active substances of licorice help maintain normal function of mucous membranes in the stomach and small intestine.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2370
M-2008-1061	EFSA-Q-2008-3104	2371 - Grapefruit seed;(Citrus paradise); - Microbio-logical balance of the body	Effective components of grapefruit seed may contribute to microbial balance of body organs and tissues.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2371
M-2008-1061	EFSA-Q-2008-3109	2376 - Golden root,;(Rhodiola rosea), - Heart and vascular system	Golden root helps maintain normal function of the circulatory system, in this way providing cells with oxygen and nutrients.;	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2376
M-2008-1061	EFSA-Q-2008-3111	2378 - White mulberry ;leaf;Morus alba L.;(Mori alba folium); - Cabohyrate/ Glucose metabolism	Can contribute to the maintenance of the carbohydrate metabolism balance of the body. ;	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2378
M-2008-1061	EFSA-Q-2008-3115	2382 - Evening primrose seed oil (Oenothera paradoxa); - Dermal and connective tissue	Can contribute to maintain healthy dermal and connective tissue.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2382
M-2008-1061	EFSA-Q-2008-3118	2385 - Agrimonia eupatoria - Liver health	1. Contains herbs with liver activity stimulating properties, inflammation reducing properties and liver cell renewing properties 2. Contains herbs with bile production and excretion promoting properties as well as inflammation and pain reducing properties	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2385
M-2008-1061	EFSA-Q-2008-3120	2387 - Aloe vera/ barbadensis (Bitter aloe) - Menstrual health	Beneficially affects the female reproductive organs, regulates menstrual cycle	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2387
M-2008-1061	EFSA-Q-2008-3122	2389 - Anethum graveolens - Lactation	For the maintenance of women's health — for the health of breast and maintenance of a normal lacteal gland function	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2389
M-2008-1061	EFSA-Q-2008-3123	2390 - Angelica sinensis (Angelica) - Urogenital system	For the maintenance of women's health — for the urogenital system health	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2390
M-2008-1061	EFSA-Q-2008-3128	2395 - Argyreia speciosa - Fertility	For male sexual health, improves sperm quality	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2395
M-2008-1061	EFSA-Q-2008-3129	2396 - Ascophyllum nodosum (seaweed) - Structure and function of the skin and mucous membranes	1. Sea algae/seaweed helps maintain healthy skin/skin health 2. Sea algae/seaweed helps improve physiological balance and moisturization of the skin, renewal/regeneration of cells, nurtures hair and improves their structure, strengthens nails 3. Sea algae/seaweed helps improve skin texture and firmness	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2396
M-2008-1061	EFSA-Q-2008-3130	2397 - Avena sativa (Green oat) - Urogenital system	For the maintenance of women's health — for the urogenital system health	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2397
M-2008-1061	EFSA-Q-2008-3131	2398 - Avena sativa (Green oat) - Digestive system, metabolism	1. For the gastrointestinal tract health 2. Improves appetite 3. Reinforces secretion of digestive glands 4. Normalizes intestinal tract function 5. Healthy food for the whole family — accelerates metabolism 6. Beneficially affects digestion and promotes body's detoxification processes	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2398

M-2008-1061	EFSA-Q-2008-3132	2399 - Barbarea vulgaris (Garden yellowrocket) - Physical and mental health	1. Contains herbs that have body toning and sexual potency strengthening properties 2. Contains herbs with metabolism and appetite affecting properties, which cause reduction of body weight 3. Contains herbs with stimulating and mood-improving properties	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2399
M-2008-1061	EFSA-Q-2008-3133	2400 - Berberis vulgaris (Barberry) - Gastro-intestinal health	1. For the gastrointestinal tract health 2. Improves appetite 3. Reinforces secretion of digestive glands 4. Normalizes intestinal tract function	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2400
M-2008-1061	EFSA-Q-2008-3135	2402 - Betula pendula (Birch) - Digestive health	1. Contains herbs that have liver, kidney and intestinal tract activity promoting properties 2. Beneficially affects digestion and promotes body's detoxification processes	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2402
M-2008-1061	EFSA-Q-2008-3136	2403 - Bidens tripartrita - Skin health	Contains herbs with allergy reducing, anti-inflammatory and metabolism improving properties	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2403
M-2008-1061	EFSA-Q-2008-3137	2404 - Boerhavia diffusa (Punarnava, spreading hog weed) - Cardiovascular health	Beneficially affects the heart and cardiovascular system.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2404
M-2008-1061	EFSA-Q-2008-3138	2405 - Calendula officinalis (Marigold) - Healing processes, invigoration the body	1. Contains herbs with allergy reducing, anti-inflammatory properties 2. Helps the body overcome stress and exertion, prevents setting in of changes associated with age	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2405
M-2008-1061	EFSA-Q-2008-3139	2406 - Calluna vulgaris (Heather) - Relaxation	Contains herbs with soothing, relaxing properties	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2406
M-2008-1061	EFSA-Q-2008-3140	2407 - Capparis spinosa - Liver health, appetite	1. Helps improve liver activity 2. Improves the appetite	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2407
M-2008-1061	EFSA-Q-2008-3141	2408 - Cassia fistula - Vein health	Beneficially affects the venous system, strengthens blood vessel walls	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2408
M-2008-1061	EFSA-Q-2008-3143	2410 - Cetraria islandica (Island moss) - Invigoration the body	1. For strengthening the body, beneficially affects the respiratory tract 2. Contains herbs with immune strengthening properties, virus and microbe suppressing properties 3. Contains herbs with bronchial inflammation reducing and cough-up promoting properties	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2410
M-2008-1061	EFSA-Q-2008-3144	2411 - Chaenomeles japonica - Physical and mental performance	A restorative and lightly relaxing tea which promotes physical and mental work capacities and enriches food with vitamins, minerals and essential herbal oils contributing to the well-being	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2411
M-2008-1061	EFSA-Q-2008-3145	2412 - Chamaenerion angustifolium (Willow herb) - Invigoration the body	1. Contains herbs with sweat-promoting, body strengthening and purifying properties 2. Contains herbs with immune strengthening properties, virus and microbe suppressing properties	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2412
M-2008-1061	EFSA-Q-2008-3146	2413 - Chamaenerion angustifolium (Willow herb) - Digestive health	1. Contains herbs with metabolism and appetite affecting properties, which cause reduction of body weight 2. Contains herbs with intestinal activity stimulating properties, bowel movement softening and inflammation reducing properties 3. Contains herbs with liver activity stimulating properties, inflammation reducing properties and liver cell renewing properties	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2413
M-2008-1061	EFSA-Q-2008-3147	2414 - Chamaenerion angustifolium (Willow herb) - Mental health	1. A tea with lightly sedative effect which improves the quality of sleep 2. Contains herbs with soothing, relaxing properties	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2414
M-2008-1061	EFSA-Q-2008-3148	2415 - Chlorella pyrenoidosa (Chlorella) - Digestive health / Liver health	1. Hlorella (a type of marine plants) helps eliminate heavy metals from the body, in combination with pectin they help regulate sugar and cholesterol levels thereby helping the digestive system 2. Beneficially affect the function of the gallbladder, liver and kidneys (organs which have body detoxification functions) 3. Denoxinal contains herbal and nutrient combination which aids the natural detoxification process in the body (namely, metabolism and elimination of toxins from the body) 4. Promotes body detoxification 5. Beneficially affects sugar and cholesterol levels 6. Promotes metabolism and helps the digestive system 7. An effective combination of herbal extracts for body detoxification	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2415
M-2008-1061	EFSA-Q-2008-3149	2416 - Cichorium intybus (Chicory) - Heart health / Vascular health	1. Improves heart activity 2. Lowers blood sugar level	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2416
M-2008-1061	EFSA-Q-2008-3152	2419 - Commiphora wighti (Indian Bedellium, Guggal) - Respiratory health	Has a beneficial effect on various respiratory tract problems	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2419
M-2008-1061	EFSA-Q-2008-3153	2420 - Commiphora wighti (Indian Bedellium, Guggal) - Immune health	1. Has anti-inflammatory properties 2. For strengthening immunity	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2420
M-2008-1061	EFSA-Q-2008-3155	2422 - Cornus officinalis (Asiatic dogwood) - Urogenital system	For the maintenance of men's health — for the urogenital system health	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2422
M-2008-1061	EFSA-Q-2008-3156	2423 - Corylus avellana (Hazel) - Invigoration the body	Contains herbs that have body toning and sexual potency strengthening properties	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2423
M-2008-1061	EFSA-Q-2008-3157	2424 - Corylus avellana (Hazel) - Vascular health	Contains herbs with blood vessel inflammation reducing, vessel wall restoring and cholesterol level reducing properties	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2424
M-2008-1061	EFSA-Q-2008-3158	2425 - Corylus avellana (Hazel) - Urogenital system	For the maintenance of men's health — for the urogenital system health	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2425
M-2008-1061	EFSA-Q-2008-3159	2426 - Crataeva nurvala - Prostate health	For prostate health (beneficially affects the prostate)	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2426
M-2008-1061	EFSA-Q-2008-3160	2427 - Crocus sativus - Fertility	1. Stimulates the libido 2. Improves erection, contributes to the increase of sperm volume and relaxes muscles	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2427
M-2008-1061	EFSA-Q-2008-3163	2430 - Cyperus scariosus (Cyperus) - Digestive health	Helps improve appetite and digestive tract activity	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2430

M-2008-1061	EFSA-Q-2008-3166	2433 - Dracocephalum thymiflorum (Dragonhead) - Invigoration the body	Contains herbs with sweat-promoting, body strengthening and purifying properties	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2433
M-2008-1061	EFSA-Q-2008-3167	2434 - Embelia ribes - Respiratory health	Has a beneficial effect on various respiratory tract problems	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2434
M-2008-1061	EFSA-Q-2008-3169	2436 - Elytriga repens - Digestive health	Contains herbs with metabolism and appetite affecting properties, which cause reduction of body weight	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2436
M-2008-1061	EFSA-Q-2008-3173	2440 - Euphrasia officinalis (Eyebright) - Eye health	For maintaining the functions of vision and retina	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2440
M-2008-1061	EFSA-Q-2008-3176	2443 - Filipendula ulmaria (Spiraea ulmaria) (Meadowsweet) - Invigoration the body	1. Contains herbs with immune strengthening properties, virus and microbe suppressing properties 2. A tasty and healthy drink, the herbs present in it contain vitamins, minerals, essential oils, and flavonoids which beneficially affect the state of health, soothe and strengthen 3. Builds up resistance against stress and unfavourable environmental conditions	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2443
M-2008-1061	EFSA-Q-2008-3177	2444 - Filipendula ulmaria (Spiraea ulmaria) (Meadowsweet) - Mental health / Relaxation	1. Contains herbs with soothing, relaxing properties 2. A tea with lightly sedative effect which improves the quality of sleep	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2444
M-2008-1061	EFSA-Q-2008-3178	2445 - Filipendula ulmaria (Spiraea ulmaria) (Meadowsweet) - Vascular health / Heart health	1. Contains herbs with heart activity soothing, blood pressure and cholesterol reducing properties 2. Contains herbs with heart invigorating and blood vessel enlarging properties	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2445
M-2008-1061	EFSA-Q-2008-3179	2446 - Griffonia simplicifolia (Griffonia) - Nervous system function	For improvement of brain activity	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2446
M-2008-1061	EFSA-Q-2008-3180	2447 - Hedysarum neglectum - Menopause	For the maintenance of women's health — relieves the menopause, helps maintain hormonal balance in the body, normalizes functioning of the nervous system	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2447
M-2008-1061	EFSA-Q-2008-3181	2448 - Helianthus annuus - Invigoration the body	A generally restorative tea which is rich in vitamins, minerals, antioxidants and essential herbal oils and helps the body overcome stress and exertion, prevents setting in of changes associated with age, improves the immunity	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2448
M-2008-1061	EFSA-Q-2008-3182	2449 - Helianthus tuberosus (Jerusalem artichoke) - Invigoration the body	A generally restorative product for strengthening of the immune system, activates body's antioxidant protection system, increases body's resistance against the harmful effects of the environment, infections and other unfavourable factors	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2449
M-2008-1061	EFSA-Q-2008-3183	2450 - Helichrysum arenarium (Dwarf everlast) - Liver health	1. For liver and gallbladder health — beneficially affects the function of liver and gallbladder 2. A beneficial effect in case of acute condition of chronic pancreatitis 3. Contains herbs with bile production and excretion promoting properties as well as inflammation and pain reducing properties 4. Contains herbs that have liver and intestinal tract activity promoting properties	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2450
M-2008-1061	EFSA-Q-2008-3184	2451 - Helichrysum arenarium (Dwarf everlast) - Urogenital system	1. For the maintenance of women's health — for the urogenital system health 2. Contains herbs that have kidney activity promoting properties	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2451
M-2008-1061	EFSA-Q-2008-3185	2452 - Hippophae rhamnoides (Sea buckthorn) - Cardiovascular health	A remedy strengthening heart system	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2452
M-2008-1061	EFSA-Q-2008-3186	2453 - Hippophae rhamnoides (Sea buckthorn) - Digestive health	1. Improves intestinal tract activity 2. Promotes metabolism	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2453
M-2008-1061	EFSA-Q-2008-3187	2454 - Hypericum perforatum (St. John's Wort) - Invigoration the body	1. A generally restorative product for those who wish to suppress the addiction, including smoking addiction 2. A generally restorative product for the maintenance of body's functions — strengthens the immunity, improves the state of cardiovascular system, tones up the body, stimulates mental work capacities, increases body's adaptation in extreme and stressful situations 3. Contains herbs with body strengthening and restorative properties 4. Contains herbs with sweat-promoting, body strengthening and purifying properties	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2454
M-2008-1061	EFSA-Q-2008-3190	2457 - Ledebouriella seseloides - Skin health	For skin health - improves skin, hair and nail condition, promotes hair growth and strengthening	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2457
M-2008-1061	EFSA-Q-2008-3192	2459 - Leonurus quinquelobatus syn. L.villosus (motherwort) - Cardiovascular health	1. For cardiovascular health 2. Improves function of the heart 3. Strengthens blood vessels 4. Increases elasticity and strength of blood vessel and capillary walls 5. Normalizes blood pressure 6. Contains herbs with heart activity soothing, blood pressure and cholesterol reducing properties 7. Contains herbs with heart invigorating and blood vessel enlarging properties	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2459
M-2008-1061	EFSA-Q-2008-3193	2460 - Levisticum officinale - Physical performance	Herbs that have body toning and sexual potency strengthening properties	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2460
M-2008-1061	EFSA-Q-2008-3195	2462 - Medicago lupulina / M.sativa - Digestive health	Contains herbs with metabolism and appetite affecting properties, which cause reduction of body weight	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2462
M-2008-1061	EFSA-Q-2008-3197	2464 - Menyanthes trifoliata - Digestive health	1. Contains herbs with bile production and excretion promoting properties as well as inflammation and pain reducing properties 2. Contains herbs with digestive gland stimulating, gastric acid reducing, and spasm and inflammation reducing properties	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2464

M-2008-1061	EFSA-Q-2008-3198	2465 - Nepeta cataria - Physical and mental performance	1. A tea with lightly sedative effect which improves the quality of sleep 2. Helps the body overcome stress and exertion 3. A restorative and lightly relaxing tea which promotes physical and mental work capacities and enriches food with vitamins, minerals and essential herbal oils contributing to the well-being	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2465
M-2008-1061	EFSA-Q-2008-3199	2466 - Ocimum sanctum (Tulsi) - Respiratory health	Has a beneficial effect on various respiratory tract problems	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2466
M-2008-1061	EFSA-Q-2008-3200	2467 - Onopordon acanthium - Physical and mental performance	1. Contains herbs with stimulating and mood-improving properties 2. Contains herbs with inflammation reducing, diuretic and pain reducing properties 3. Contains herbs with diuretic, anti-inflammatory, soothing and spasm reducing properties	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2467
M-2008-1061	EFSA-Q-2008-3201	2468 - Orchis mascula - Fertility	For male sexual health, improves sperm quality	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2468
M-2008-1061	EFSA-Q-2008-3202	2469 - Origanum vulgare - Health of the upper respiratory tract / Immune health	1. For the health of respiratory organs, promotion of cough-up and body's resistance (resistance abilities) 2. Contains herbs with bronchial inflammation reducing and cough-up promoting properties 3. Improves the immunity	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2469
M-2008-1061	EFSA-Q-2008-3203	2470 - Origanum vulgare - Lactation	For the maintenance of women's health — for the health of breast and maintenance of a normal lacteal gland function	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2470
M-2008-1061	EFSA-Q-2008-3204	2471 - Origanum vulgare - Liver health	Contains herbs with bile production and excretion promoting properties as well as inflammation and pain reducing properties	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2471
M-2008-1061	EFSA-Q-2008-3205	2472 - Origanum vulgare - Cardiovascular health	1. For cardiovascular health 2. Improves function of the heart 3. Strengthens blood vessels 4. Increases elasticity and strength of blood vessel and capillary walls 5. Normalizes blood pressure	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2472
M-2008-1061	EFSA-Q-2008-3206	2473 - Origanum vulgare - Mental performance	A tea with lightly sedative effect which improves the quality of sleep	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2473
M-2008-1061	EFSA-Q-2008-3207	2474 - Paeonia lactifloris - Women's health	1. For the maintenance of women's health — relieves the menopause - normalizes functioning of the nervous system	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2474
M-2008-1061	EFSA-Q-2008-3209	2476 - Pinus pinaster (Maritime Pine) - Vascular health	1. Pine bark extract (Pycnogenol) improves microcirculation by increasing capillary permeability, including in the brain 2. Protect blood vessel walls and promote good blood circulation	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2476
M-2008-1061	EFSA-Q-2008-3210	2477 - Pinus pinaster (Maritime Pine) - Respiratory health	Contains herbs with lung inflammation reducing, cough-up promoting and bronchial spasm reducing properties	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2477
M-2008-1061	EFSA-Q-2008-3211	2478 - Piper longum - Vascular health	Beneficially affects the heart and cardiovascular system.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2478
M-2008-1061	EFSA-Q-2008-3212	2479 - Platycodon grandiflorum - Invigoration of the body	For the health of respiratory organs, promotion of cough-up and body's resistance (resistance abilities)	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2479
M-2008-1061	EFSA-Q-2008-3213	2480 - Polygonum arenastrum syn. aviculare (Knotweed) - Digestive health	Contains herbs with metabolism and appetite affecting properties, which cause reduction of body weight	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2480
M-2008-1061	EFSA-Q-2008-3214	2481 - Potentilla anserina - Menstrual health	Contains herbs that regulate menstrual cycle and have anti-inflammatory and pain reducing properties	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2481
M-2008-1061	EFSA-Q-2008-3216	2483 - Rhaponticum carthamoides (Maral root) - Invigoration of the body	A generally restorative product for the maintenance of body's functions — strengthens the immunity, improves the state of cardiovascular system, tones up the body, stimulates mental work capacities, increases body's adaptation in extreme and stressful situations	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2483
M-2008-1061	EFSA-Q-2008-3217	2484 - Rhodola rosea (Rhodiola) - Digestive health	1. For the gastrointestinal tract health 2. Normalizes intestinal tract function	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2484
M-2008-1061	EFSA-Q-2008-3222	2489 - Saraca indica - Menstrual health	Beneficially affects the female reproductive organs, regulates menstrual cycle	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2489
M-2008-1061	EFSA-Q-2008-3223	2490 - Saxifraga ligulata - Urogenital system	Helps ensure normal functioning of urinary ways and kidneys	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2490
M-2008-1061	EFSA-Q-2008-3224	2491 - Serenoa repens, Sabal serrulata (Saw Palmetto) - Reproductive function	1. Recommended as source of fatty acids to maintain the reproductive function 2. Herbal extracts contained in this product beneficially affect men's health	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2491
M-2008-1061	EFSA-Q-2008-3225	2492 - Sorbus aucuparia - Invigoration the body	A generally restorative tea which is rich in vitamins, minerals, antioxidants and essential herbal oils and helps the body overcome stress and exertion, prevents setting in of changes associated with age, improves the immunity	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2492
M-2008-1061	EFSA-Q-2008-3226	2493 - Tanacetum vulgare (Tansy) - Intestinal health	1. For the intestinal tract health 2. Tansy enhances secretion of the gastrointestinal glands and tone up the muscles of the gastrointestinal tract	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2493
M-2008-1061	EFSA-Q-2008-3227	2494 - Terminalia arjuna - Liver health	1. Helps improve liver activity 2. Improves the appetite	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2494
M-2008-1061	EFSA-Q-2008-3228	2495 - Thlaspi arvense (Field Penny-cress) - Physical and mental health	1. Contains herbs that have body toning and sexual potency strengthening properties 2. Contains herbs with stimulating and mood-improving properties	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2495
M-2008-1061	EFSA-Q-2008-3229	2496 - Trifolium pratense (Red Clover) - Heart health, cardiovascular health	1. For cardiovascular health 2. Improves function of the heart 3. Strengthens blood vessels 4. Increases elasticity and strength of blood vessel and capillary walls 5. Normalizes blood pressure	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2496

M-2008-1061	EFSA-Q-2008-3231	2498 - Urtica dioica (Nettle) - Respiratory health	Contains herbs with lung inflammation reducing, cough-up promoting and bronchial spasm reducing properties	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2498
M-2008-1061	EFSA-Q-2008-3233	2500 - Valeriana officinalis (Valerian) - Cardiovascular health	1. For cardiovascular health 2. Improves function of the heart 3. Strengthens blood vessels 4. Increases elasticity and strength of blood vessel and capillary walls 5. Normalizes blood pressure	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2500
M-2008-1061	EFSA-Q-2008-3234	2501 - Valeriana officinalis (Valerian) - Digestive health	1. Reduces digestive system disorders and spasms 2. Promotes the activity of the digestive system	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2501
M-2008-1061	EFSA-Q-2008-3235	2502 - Viscaria vulgaris - Liver health	Contains herbs with liver activity stimulating properties, inflammation reducing properties and liver cell renewing properties	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2502
M-2008-1061	EFSA-Q-2008-3236	2503 - Withania somnifera (Withania, horse smell, ginseng Indian, ashwagandha) - Cardiovascular health	Beneficially affects the heart and cardiovascular system.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2503
M-2008-1061	EFSA-Q-2008-3239	2506 - Zingiber officinale (Ginger) - Wellbeing during travelling	1. Helps prevent feelings of sickness and vomiting associated with using a vehicle and/or seasickness 2. Helps maintain feeling of comfort, prevents feelings of sickness while using vehicles 3. Reduces feeling of discomfort (vomiting, dizziness) while using a vehicle, travelling by plane	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2506
M-2008-1061	EFSA-Q-2008-3240	2507 - Name of Food product: Morinda citrifolia Description of food in terms of food legislation categories: Food supplement Was food on Irish market before 1st July 2007: No - Health benefits of food: Morinda citrifolia is an ergogenic aid. Do benefits relate to a disease risk factor: No Target group: Adults aged 18 years and over with some exceptions If exceptions describe: Pregnant and lactating women, and children. Reaso	Exact wording of claim as it appears on product: Morinda citrifolia is an ergogenic aid. Examples of any alternative wording that may be used in relation to claim: positive affect on mental and physical performance/ Improves endurance/ increases overall performance/ Improvement in endurance, balance, and flexibility/ Combats fatigue Is claim a picture: No	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2507
M-2008-1061	EFSA-Q-2008-3242	2509 - Name of Food product: Morinda citrifolia Description of food in terms of food legislation categories: Food supplement Was food on Irish market before 1st July 2007: No - Health benefits of food: Morinda citrifolia aids metal and physical performance Do benefits relate to a disease risk factor: No Target group: Adults aged 18 years and over with some exceptions If exceptions describe: Pregnant, lactating women and child	Exact wording of claim as it appears on product: Morinda citrifolia aids mental and physical performance Examples of any alternative wording that may be used in relation to claim: Morinda citrifolia positively effects mental and physical performance/Morinda citrifolia enhances overall performance Is claim a picture: No	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2509
M-2008-1061	EFSA-Q-2008-3243	2510 - Name of Food product: psyllium seed (plantago ispaghula) Description of food in terms of food legislation categories: Food supplement Was food on Irish market before 1st July 2007: No - Health benefits of food: bowel regularity; feeling of fullness; helps control blood levels of cholesterol Do benefits relate to a disease risk factor: Yes Target group: All of the general population including children and adults	Exact wording of claim as it appears on product: psyllium seed for healthy digestion and healthy colon Examples of any alternative wording that may be used in relation to claim: - contributes to intestinal transit and intestinal function; - contributes to stool softening and bowel regularity - it helps to control blood levels of cholesterol Is claim a picture: No	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2510
M-2008-1061	EFSA-Q-2008-3245	2512 - Papaye feuille - Système digestif Antihelminthique	Favorise le confort digestif Favorise la disparition des parasites intestinaux	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2512
M-2008-1061	EFSA-Q-2008-3246	2513 - Alchémille vulgaire - Système digestif astringent	Améliore le confort digestif Contribue au confort digestif	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2513
M-2008-1061	EFSA-Q-2008-3249	2516 - Bambou tabashir - Source de silice rôle structural dans les tissus conjonctifs	Bon pour les articulations Favorise le confort articulaire Pour la force et la santé de l'os	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2516
M-2008-1061	EFSA-Q-2008-3251	2518 - Centella asiatica - Cicatrisation Stimule le développement des fibroblastes	Stimule la cicatrisation des plaies Favorise la cicatrisation des plaies	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2518
M-2008-1061	EFSA-Q-2008-3252	2519 - Centella asiatica - Système cardio-vasculaire Protection du cœur	Harmonise les fonctions cardio-vasculaires Contribue au bon fonctionnement des fonctions cardio-vasculaires	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2519
M-2008-1061	EFSA-Q-2008-3253	2520 - Centella asiatica - Système digestif Contre les ulcères	Favorise le confort digestif Soulage les plaies de l'estomac Apaise les douleurs d'estomac	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2520
M-2008-1061	EFSA-Q-2008-3254	2521 - Bourse à pasteur - Hémostatique	Recommandé lors de problèmes liés au cycle menstruel Participe au bien-être féminin au cours du cycle menstruel	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2521
M-2008-1061	EFSA-Q-2008-3256	2523 - Cassis feuille - Anti-inflammatoire	Soulage les douleurs inflammatoires Favorise la mobilité Favorise le confort articulaire	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2523
M-2008-1061	EFSA-Q-2008-3257	2524 - Cassis feuille - Analgésique	Apaise la douleur Calme la douleur	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2524
M-2008-1061	EFSA-Q-2008-3258	2525 - Cassis feuille - Hypotenseur	Soutient la circulation Apaise les tensions liées à la circulation	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2525
M-2008-1061	EFSA-Q-2008-3259	2526 - Christe marine - Antiseptique	Aide à combattre les refroidissements Soutient le système de défense	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2526
M-2008-1061	EFSA-Q-2008-3262	2529 - Chrysanthellum americanum - Veinotonique	Soutient la circulation, soulage les jambes lourdes A utiliser dans les cas d'insuffisances veineuses Stimule la circulation	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2529
M-2008-1061	EFSA-Q-2008-3265	2532 - Chrysanthemum parthenium - Analgésique (migraine)	Soulage les maux de tête Apaise les douleurs cérébrales	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2532
M-2008-1061	EFSA-Q-2008-3266	2533 - Chrysanthemum parthenium - Anti-inflammatoire	Soulage les douleurs inflammatoires Recommandé lors de problèmes liés au cycle menstruel Participe au bien-être féminin au cours du cycle menstruel	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2533
M-2008-1061	EFSA-Q-2008-3267	2534 - Commiphora mukul - Anti-inflammatoire Peau	Soulage les inflammations de la peau A utiliser pour assénir la peau	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2534
M-2008-1061	EFSA-Q-2008-3268	2535 - Desmodium - Système hépatique Hépatoprotecteur	Favorise le fonctionnement hépatique Draineur hépatique	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2535
M-2008-1061	EFSA-Q-2008-3269	2536 - Epilobe petite fleur - Système digestif Combat la diarrhée	Favorise le confort digestif A utiliser en cas de selles liquides	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2536
M-2008-1061	EFSA-Q-2008-3270	2537 - Epilobe petite fleur - Prostate Soigne l'hyperplasie et les inflammations	Aide à maintenir une fonction urinaire normale chez l'homme Participe au confort urinaire chez l'homme Contribue au confort urinaire chez l'homme	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2537

M-2008-1061	EFSA-Q-2008-3271	2538 - Escholtzia - Système nerveux Anxiolytique	Bon pour le moral A utiliser pour un bon moral	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2538
M-2008-1061	EFSA-Q-2008-3272	2539 - Fenouil fruit - Système hormonal Phytoœstrogène	A utiliser en cas de symptômes ménopausiques Atténue les désagréments liés à la ménopause	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2539
M-2008-1061	EFSA-Q-2008-3273	2540 - Frêne Feuille - Anti-inflammatoire Combat les rhumatismes	Soulage les douleurs rhumatismales Bon pour les rhumatismes Apaise les douleurs liées à la mobilité	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2540
M-2008-1061	EFSA-Q-2008-3275	2542 - Fucus vesiculosus - Système hormonal Anti-œstrogène	A une action anti-oestrogénique chez la femme Favorise la diminution des hormones féminines Favorise la diminution des oestrogènes chez la femme	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2542
M-2008-1061	EFSA-Q-2008-3276	2543 - Gingembre rhizome - Anti-émétique	Bon pour le mal des transports Prévient les nausées liées au transport	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2543
M-2008-1061	EFSA-Q-2008-3277	2544 - Gingembre rhizome - Anti-inflammatoire	Soulage les douleurs rhumatismales Apaise les douleurs liés à la mobilité Bon pour les rhumatismes	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2544
M-2008-1061	EFSA-Q-2008-3278	2545 - Gingembre rhizome - Métabolisme des glucides Hypoglycémiant	Participe au contrôle de la glycémie Aide à maîtriser le taux de sucre	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2545
M-2008-1061	EFSA-Q-2008-3279	2546 - Ginkgo biloba - Système nerveux Démence	Contribue à un bon équilibre nerveux Favorise un bon équilibre mental	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2546
M-2008-1061	EFSA-Q-2008-3280	2547 - Guarana graine - Système digestif Combat les diarrhées	Favorise le confort digestif Exerce une action favorable sur la digestion A utiliser en cas de selles liquides	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2547
M-2008-1061	EFSA-Q-2008-3281	2548 - Guarana graine - Poids Action sur le métabolisme des lipides	Aide à combattre les excès de poids Facilite l'amaigrissement dans le cadre d'un régime minceur	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2548
M-2008-1061	EFSA-Q-2008-3282	2549 - Gui - Système circulatoire Hypotenseur	Soutient la circulation Apaise les tensions de la circulation	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2549
M-2008-1061	EFSA-Q-2008-3283	2550 - Gui - Système circulatoire Cholestérol	Contribue à un bon cholestérol Aide à maîtriser le cholestérol Bon pour le cholestérol	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2550
M-2008-1061	EFSA-Q-2008-3284	2551 - Gui - Anti-inflammatoire	Soulage les douleurs inflammatoires Action anti-inflammatoire	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2551
M-2008-1061	EFSA-Q-2008-3286	2553 - Lichen d'Islande - Anorexie Contre la perte d'appétit	Stimule l'appétit A utiliser en cas de manque d'appétit	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2553
M-2008-1061	EFSA-Q-2008-3288	2555 - Kuzdu plante - Troubles de la ménopause Source de phytoestrogène	A utiliser en cas de symptômes ménopausiques A utiliser en cas de bouffées de chaleur suite à la ménopause Atténue les désagréments liés à la ménopause	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2555
M-2008-1061	EFSA-Q-2008-3290	2557 - Marc de raisin - Draineur, obésité Soigne la lipodystrophie localisée	Aide dans le cadre d'un régime amincissant Draineur naturel A utiliser contre la peau d'orange	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2557
M-2008-1061	EFSA-Q-2008-3291	2558 - Marc de raisin - Système nerveux Adaptogène, nootrope	Contribue à un bon équilibre nerveux Favorise la détente et contribue à un bon équilibre nerveux Favorise un bon équilibre mental Apaisant, relaxant	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2558
M-2008-1061	EFSA-Q-2008-3292	2559 - Mélilot jaune plante - Anti-inflammatoire	Soulage les douleurs inflammatoires Action anti-inflammatoire, favorise la mobilité Soulage les douleurs musculaires et articulaires	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2559
M-2008-1061	EFSA-Q-2008-3293	2560 - Millepertuis plante - Syndrome pré-mensyses Soigne la dysphorie	Contribue à un bon équilibre nerveux lors du cycle menstruel A utiliser en cas d'irritabilité lié au cycle menstruel	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2560
M-2008-1061	EFSA-Q-2008-3294	2561 - Orthosiphon feuille - Système hépatique Hépatoprotecteur	Bon pour la fonction hépatique Contribue au bon fonctionnement hépatique	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2561
M-2008-1061	EFSA-Q-2008-3295	2562 - Orthosiphon feuille - Métabolisme des glucides Hypoglycémiant	Participe au contrôle de la glycémie Contribue à la régularisation de la glycémie Aide à maîtriser le taux de sucre	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2562
M-2008-1061	EFSA-Q-2008-3296	2563 - Ortie piquante - Anti-inflammatoire Soigne les rhumatismes et les arthrites	Soulage les douleurs inflammatoires Action anti-inflammatoire Soulage les douleurs musculaires et articulaires	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2563
M-2008-1061	EFSA-Q-2008-3297	2564 - Passiflore plante - Système nerveux Favorise le sommeil	A utiliser pour un sommeil sain Favorise un repos nocturne bon et sain	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2564
M-2008-1061	EFSA-Q-2008-3298	2565 - Patience jaune - Anti-inflammatoire	Soulage les douleurs inflammatoires Action anti-inflammatoire, favorise la mobilité Soulage les douleurs musculaires et articulaires	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2565
M-2008-1061	EFSA-Q-2008-3299	2566 - Pensée sauvage - Epiderme Soigne l'acnée	Contribue à la beauté de la peau Favorise la disparition des boutons Participe à la santé de la peau	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2566
M-2008-1061	EFSA-Q-2008-3301	2568 - Pin sylvestre bourgeon - Système respiratoire Anti-inflammatoire des voies respiratoires	Procure une influence apaisante sur les voies respiratoires Facilite la respiration Procure une respiration aisée	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2568
M-2008-1061	EFSA-Q-2008-3302	2569 - Pissenlit racine - Métabolisme des glucides Hypoglycémiant, soigne les pancréatites	Participe au contrôle de la glycémie Aide à maîtriser le taux de sucre	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2569
M-2008-1061	EFSA-Q-2008-3303	2570 - Pissenlit racine - Système hépatique Cholorétique	Favorise le fonctionnement hépatique Permet de maintenir une fonction hépatique normale Contribue au bon fonctionnement du canal biliaire	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2570
M-2008-1061	EFSA-Q-2008-3304	2571 - Pissenlit racine - Anti-inflammatoire	Soulage les douleurs inflammatoires	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2571
M-2008-1061	EFSA-Q-2008-3305	2572 - Plantain major - Système respiratoire Antiviral, antitussif	Procure une influence apaisante sur les voies respiratoires Facilite la respiration Bon pour le système respiratoire	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2572
M-2008-1061	EFSA-Q-2008-3306	2573 - Prêle - Source de silice, Anti-inflammatoire	Soulage les douleurs inflammatoires A utiliser pour maintenir les articulations souples Efficace dans les problèmes d'inflammation et de mobilité des articulations	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2573
M-2008-1061	EFSA-Q-2008-3307	2574 - Prêle - Système nerveux Sédatif, antinociceptif, anticonvulsivant stimule les fonctions cognitives	Favorise la détente et contribue à un bon équilibre nerveux Apaisant, relaxant Utilisé dans les problèmes de nervosité	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2574

M-2008-1061	EFSA-Q-2008-3309	2576 - Pygeum africanum écorce - Soigne les troubles de la prostate, hyperplasie	Aide à maintenir une fonction urinaire normale chez l'homme Participe au confort urinaire chez l'homme	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2576
M-2008-1061	EFSA-Q-2008-3310	2577 - Reine des prés plante - Anti-inflammatoire, analgésique	Soulage les douleurs inflammatoires Soulage les douleurs musculaires et articulaires	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2577
M-2008-1061	EFSA-Q-2008-3311	2578 - Salsepareille racine - Anti-inflammatoire	Soulage les douleurs inflammatoires Apaise la douleur	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2578
M-2008-1061	EFSA-Q-2008-3312	2579 - Sauge sclarée plante - Antiseptique	Aide à combattre les refroidissements Renforce la résistance de l'organisme Soutient le système de défense	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2579
M-2008-1061	EFSA-Q-2008-3314	2581 - Séné feuille - Système digestif Laxatif	Renforce le confort digestif Favorise le fonctionnement intestinal Soutient le transit intestinal	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2581
M-2008-1061	EFSA-Q-2008-3316	2583 - Spiruline - Immunostimulant	Renforce les défenses naturelles Favorise la résistance de l'organisme	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2583
M-2008-1061	EFSA-Q-2008-3317	2584 - Vergerette du Canada - Anti-inflammatoire	Soulage les douleurs inflammatoires Bon pour les problèmes de mobilité Soulage les douleurs musculaires et articulaires	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2584
M-2008-1061	EFSA-Q-2008-3319	2586 - Alfafa - Système hormonal Ménopause source de phytoestrogènes	A utiliser en cas de symptômes ménopausiques Atténue les désagréments liés à la ménopause	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2586
M-2008-1061	EFSA-Q-2008-3320	2587 - Alfafa - Métabolisme des glucides Antidiabétique	Participe au contrôle de la glycémie Aide à maîtriser le taux de sucre	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2587
M-2008-1061	EFSA-Q-2008-3321	2588 - Lierre - Système respiratoire Expectorant, spasmolitique anti-inflammatoire, anti-asthmatique	Procure une influence apaisante sur les voies respiratoires Soulage les inflammations respiratoires Facilite la respiration Procure une respiration aisée	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2588
M-2008-1061	EFSA-Q-2008-3322	2589 - Bouleau écorce - Anticancer Antimutagène	A utiliser pour freiner la croissance cellulaire incontrôlée A utiliser afin de limiter la prolifération spontanée de cellules	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2589
M-2008-1061	EFSA-Q-2008-3323	2590 - Eupatoire plantes - Système immunitaire Immunostimulant	Renforce les défenses naturelles Stimule les défenses immunitaires Soutient le système de défense	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2590
M-2008-1061	EFSA-Q-2008-3325	2592 - Calament plante - Antiseptique	Aide à combattre les refroidissements Renforce les défenses naturelles	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2592
M-2008-1061	EFSA-Q-2008-3326	2593 - Cyprès - Système circulatoire Hypocholestérolémiant	Favorise le bon cholestérol Contribue à un bon cholestérol Aide à maîtriser le cholestérol	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2593
M-2008-1061	EFSA-Q-2008-3327	2594 - Primevère - Système nerveux Anxiolytique, sédatif, anticonvulsif anti-épileptique	Favorise la détente et contribue à un bon équilibre nerveux Apaisant, relaxant Favorise un bon équilibre mental	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2594
M-2008-1061	EFSA-Q-2008-3328	2595 - Cumin semence - Système digestif Augmente les sécrétions gastriques	Favorise la digestion Contribue au confort digestif	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2595
M-2008-1061	EFSA-Q-2008-3330	2597 - Laurier sauce feuille - Anti-inflammatoire	Soulage les douleurs inflammatoires Soulage les douleurs rhumatismales Apaise les douleurs musculaires Apaise les douleurs articulaires	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2597
M-2008-1061	EFSA-Q-2008-3331	2598 - Curcuma racine - Anti-inflammatoire	Soulage les douleurs inflammatoires Action anti-inflammatoire Soulage les douleurs musculaires et articulaires	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2598
M-2008-1061	EFSA-Q-2008-3332	2599 - Curcuma racine - Système nerveux Maladie d'Alzheimer	Contribue à un bon équilibre nerveux Favorise un bon équilibre mental	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2599
M-2008-1061	EFSA-Q-2008-3333	2600 - Bouillon blanc en fleur - Système respiratoire Expectorant, anti-inflammatoire des voies respiratoires	Procure une influence apaisante sur les voies respiratoires Anti-inflammatoire des voies respiratoires Procure une respiration aisée	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2600
M-2008-1061	EFSA-Q-2008-3334	2601 - Bourrache - Système respiratoire Spasmodique	Procure une influence apaisante sur les voies respiratoires Facilite la respiration Procure une respiration aisée	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2601
M-2008-1061	EFSA-Q-2008-3335	2602 - Bigaradier feuille - Système nerveux Sédatif-anxiolytique	Favorise la détente et contribue à un bon équilibre nerveux Apaisant, relaxant Utilisé dans les problèmes de nervosité, d'anxiété et d'angoisse	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2602
M-2008-1061	EFSA-Q-2008-3336	2603 - Tilleul fleurs - Diaphorétique	Aide à contrôler la transpiration Contribue au contrôle de la transpiration Utilisé dans les problèmes de transpiration	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2603
M-2008-1061	EFSA-Q-2008-3337	2604 - Tilleul fleurs - Système nerveux Soigne les insomnies	Favorise le sommeil Favorise un repos nocturne bon et sain	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2604
M-2008-1061	EFSA-Q-2008-3338	2605 - Mucuna pruriens - Système nerveux Antiparkinsonien	Favorise un bon équilibre nerveux Limite les tremblements chez les personnes âgées	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2605
M-2008-1061	EFSA-Q-2008-3339	2606 - Mucuna pruriens - Métabolisme des glucides Antidiabétique	Participe au contrôle de la glycémie Aide à maîtriser le taux de sucre Contribue à la régularisation de la glycémie	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2606
M-2008-1061	EFSA-Q-2008-3340	2607 - Mucuna pruriens - Augmente la fertilité de l'homme	Soutient la fertilité de l'homme	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2607
M-2008-1061	EFSA-Q-2008-3341	2608 - Papaye fermentée - Système immunitaire Immunomodulateur	Renforce les défenses naturelles Soutient le système de défense	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2608
M-2008-1061	EFSA-Q-2008-3342	2609 - Pépins de pamplemousse - Antiseptique	Aide à combattre les refroidissements Favorise la résistance de l'organisme Soutient le système de défense	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2609
M-2008-1061	EFSA-Q-2008-3343	2610 - Salicaire - Antiseptique	Aide à combattre les refroidissements Renforce la résistance de l'organisme Soutient le système de défense	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2610
M-2008-1061	EFSA-Q-2008-3344	2611 - Salicaire - Système digestif Antidiarrhéique, astringent	Favorise le confort digestif Exerce une action favorable sur la digestion A utiliser en cas de selles liquides	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2611
M-2008-1061	EFSA-Q-2008-3345	2612 - Lupin jaune - Système immunitaire Source d'arginine immunostimulant	Soutient le système de défense Aide à combattre les refroidissements	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2612
M-2008-1061	EFSA-Q-2008-3346	2613 - Combretum - Système hépatique Hépatoprotecteur	Contribue au bon fonctionnement hépatique	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2613

M-2008-1061	EFSA-Q-2008-3347	2614 - Combretum - Antiseptique	Aide à combattre les refroidissements Renforce les défenses naturelles Soutient le système de défense	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2614
M-2008-1061	EFSA-Q-2008-3348	2615 - Viburnum - Spasmolytique principalement dans les dysménorrhées	Recommandé lors de problèmes liés au cycle menstruel Participe au bien-être féminin au cours du cycle menstruel Atténue les désagréments liés au cycle menstruel	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2615
M-2008-1061	EFSA-Q-2008-3350	2617 - Bourrache - Action anti-inflammatoire sur l'arthrite rhumatismale	Soulage les douleurs inflammatoires Favorise la mobilité A utiliser pour maintenir les articulations souples	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2617
M-2008-1061	EFSA-Q-2008-3352	2619 - Huile d'onagre - Système circulatoire Antithrombotique, réduit le mauvais cholestérol et augmente le bon	Favorise le bon cholestérol Soutient la circulation Aide à maîtriser le cholestérol	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2619
M-2008-1061	EFSA-Q-2008-3354	2621 - Lin - Système cardio-vasculaire Source d'oméga 3, cardioprotecteur, hypolipidémiant	Soutient la circulation Harmonise les fonctions cardio-vasculaires Aide à maîtriser le cholestérol Stimule la circulation	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2621
M-2008-1061	EFSA-Q-2008-3356	2623 - Mauve - Système respiratoire Antitussif, anti-inflammatoire	Procure une influence apaisante sur les voies respiratoires Facilite la respiration Procure une respiration aisée A une influence bénéfique sur la gorge A utiliser en cas de chatouillement dans la gorge	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2623
M-2008-1061	EFSA-Q-2008-3357	2624 - Périlla - Système nerveux Améliore les fonctions cognitives, source d'oméga 3	Contribue à un bon équilibre nerveux Favorise un bon équilibre mental Contribue à stimuler l'activité intellectuelle Favorise les facultés de concentration	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2624
M-2008-1061	EFSA-Q-2008-3358	2625 - Périlla - Système respiratoire Anti-asthmatique	Procure une influence apaisante sur les voies respiratoires Facilite la respiration Procure une respiration aisée	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2625
M-2008-1061	EFSA-Q-2008-3359	2626 - Argousier - Adaptogène	Soutient le métabolisme Entretien l'énergie et le tonus A utiliser afin de rester alerte Contribue à limiter la fatigue	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2626
M-2008-1061	EFSA-Q-2008-3360	2627 - Genévrier - Epiderme Antifongique	Participe à la santé de la peau Combat les inflammations cutanées	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2627
M-2008-1061	EFSA-Q-2008-3363	2630 - Figuier - Système circulatoire Hypolipidémiant, hypotriglycémiant	Favorise le bon cholestérol Aide à maîtriser le cholestérol	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2630
M-2008-1061	EFSA-Q-2008-3364	2631 - Noisetier - Antimicrobien	Aide à combattre les refroidissements Soutient le système de défense	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2631
M-2008-1061	EFSA-Q-2008-3365	2632 - Pinus montana - Système respiratoire Antiseptique, sécrétolytique	Procure une influence apaisante sur les voies respiratoires Facilite la respiration Procure une respiration aisée	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2632
M-2008-1061	EFSA-Q-2008-3366	2633 - Alkekenge - Métabolisme des glucides Hypoglycémiant	Participe au contrôle de la glycémie Aide à maîtriser le taux de sucre	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2633
M-2008-1061	EFSA-Q-2008-3367	2634 - aloe vera (Aloe barbadensis) - has beneficial effect in fatigue	has beneficial effect in fatigue, helps to increase resistance to psychic load, helps to stimulate metabolism	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2634
M-2008-1061	EFSA-Q-2008-3368	2635 - aloe vera (Aloe barbadensis) - helps to increase immunity	helps to increase immunity	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2635
M-2008-1061	EFSA-Q-2008-3369	2636 - extract of Passion flower (Passiflora incarnata) - herbal sedative	helps to induce calm rest and sleep helps to calm down after the argument and excitedness recommended to people feeling week and fatigued helps to induce relaxation	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2636
M-2008-1061	EFSA-Q-2008-3376	2643 - extrakt of Garcinia cambogie hydroxycitric acid - metabolism of fats	helps to control body weigh helps to reduce sense of hunger and appetite for goodies helps to keep normal sugar and fat level in blood	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2643
M-2008-1061	EFSA-Q-2008-3377	2644 - Asparagus racemosus (Shatavari) - Protect and rejuvenate the female genito-reproductive system: the active ingredients might have similar effects to female hormones	Asparagus racemosus might help to induce the symptoms before and after period, helps to regulate the menstrual cycles, helps to lower the sypptoms related to climacterium and after hysterectomy, might help with the infertility problems.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2644
M-2008-1061	EFSA-Q-2008-3378	2645 - Asparagus racemosus (Shatavari) - Protect and rejuvenate the male genito-reproductice system: interaction with the androgen receptors	Asparagus might help with the problems of mens' libido, is might be used for sexual debility and infertility of men, might help with early ejaculation, it might be effective by infections and inflammation of vesica.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2645
M-2008-1061	EFSA-Q-2008-3379	2646 - Asparagus racemosus (Shatavari) - Protect of nervous system	Asparagus might have sedative effects	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2646
M-2008-1061	EFSA-Q-2008-3380	2647 - Boswellin (Bosellia serrata) - Metabolism of enzymes: Boswellin positively effects the enzyme 5-lipoxygenase, as well as the human leukocyte elastase (HLE)	Boswellin might be supportive for the bone and joints health	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2647
M-2008-1061	EFSA-Q-2008-3381	2648 - Boswellin (Bosellia serrata) - Supports the motion mechanism - might help with production of colagene	Boswellin might have a beneficial role in musculoskeletal, bone and joints, and might be helpful for enhance effort of bone, joints and muscles	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2648
M-2008-1061	EFSA-Q-2008-3383	2650 - Bacopa montiera - Support central nervous system, nervine and brain tonic - positively affects hippocamus	Bacopa moniera might have a possitive effect on brain system, might have short- and long-term memory enhancing effects, might help to increase concentration, intelligence. Bacopa moniera might be helping to relieve and prevent stress, is needed for healthy dream.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2650
M-2008-1061	EFSA-Q-2008-3384	2651 - Extract from Garcinia cambogia (60% HCA) - (-)-Hydroxycitric acid - HCA is an inhibitor of ATP-citrate lyase, which is involved in fatty acid synthesis	HCA supresses the lipogenesis and their accumulating in the body, food intake, and induced weight loss	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2651
M-2008-1061	EFSA-Q-2008-3388	2655 - Perilla herb extract (Perilla frutescens) - supports production of cytokins and specific antibodies	supports production of cytokins and specific antibodies	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2655
M-2008-1061	EFSA-Q-2008-3389	2656 - Extract of olive leafs (oleuropein) - helps regulate blood pressure	keeps normal blood pressure	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2656

M-2008-1061	EFSA-Q-2008-3392	2659 - extract of rhodolia (Rhodiola rosea) - adaptogen, helps to stimulate nervous system	helps organism to adapt for emotional stress, physical effort, helps to stimulate the nervous system, has beneficial effect in fatigue and headaches induced by stress, beneficial for the sleep difficulties, poor appetite, decline in work performance, helps to stimulate perception, improve state of mind, helps to support potency, has beneficial effect on cardiovascular system because it helps to protect against stress and hypertension	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2659
M-2008-1061	EFSA-Q-2008-3398	2665 - Mucuna pruriens - Metabolism of testosterone	Mucuna pruriens might optimize the body's natural testosterone, might increases a natural endogenous testosterone, could increase the number and motility of spermatozoa, might enhance libido sexualis and erectile function, could improve the muscle growth and body strength	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2665
M-2008-1061	EFSA-Q-2008-3399	2666 - Mucuna pruriens - Metabolism of human growth hormone	Mucuna pruriens might have the ability to increase the muscle mass and might promote the higher energy levels	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2666
M-2008-1061	EFSA-Q-2008-3400	2667 - Mucuna pruriens - Metabolism of prolactin hormone	Mucuna pruriens contains L-Dopa and dopamin which are chemicals that are effective inhibitors of prolactin	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2667
M-2008-1061	EFSA-Q-2008-3402	2669 - Korean Ginseng - Invigoration of the body	Korean Ginseng helps to maintain optimal stamina, feelings of energy and vitality, physical and mental well-being	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3403	2670 - Korean Ginseng - Imunne health	Ginseng stimulates production of T-cells which are component parts of immune system	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2670
M-2008-1061	EFSA-Q-2008-3404	2671 - Korean Ginseng - Stamina of orgnism	Ginseng helps by tiredness, stress and convalescence.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3405	2672 - Ginseng, extract from root - Effective substances, ginsenosides	Strengthening the human body, supply of lacking energy and positive life force. Antioxidant.	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3407	2674 - Eucalyptol - Antiseptic properties	Helps to calm soar throat	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3408	2675 - Menthol - Influnse of nasal airflow	Helps to improve nasal airflow.	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3409	2676 - Ginseng - Erection	Ginseng helps to induce and improve erection	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3411	2678 - Ruscus aculeatus - Legs health	Ruscus aculeatus assists in reduce swelling/ revitalizes, refreshes and brings relief and feeling of lightness to your legs	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	2678
M-2008-1061	EFSA-Q-2008-3412	2679 - Trifolium pratense (Common Name: Clover Red) - Bone health	Trifolium pratense is beneficial for firmness of bones	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3413	2680 - Valerian-hops combination (Humulus lupulus, Valeriana officinalis) - Sleep	The effective substances contained in combination valerian-hops affect the receptors in the brain where they are responsible for sleep and calming down nervous activity in a natural way /contributes to a healthy sleep/helps to fall asleep	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3414	2681 - Caraway fruit (Carum carvi) - Spasmolytic effect	Helps with belly spasm.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3417	2684 - Aniseed (Pimpinella anisum) - Stimulates secretion of all glands, including lacteal ones.	Supports production of breast milk.	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3420	2687 - Common Thyme (Thymus vulgaris, Thymus zygis) - Supports secretion of mucus in the upper respiratory tract.	Eases expectoration. Helps with dry cough.	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3423	2690 - Lime Tree (Tilia cordata, Tilia platyphyllos) - Supports expectoration.	Eases expectoration.	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3425	2692 - Fennel (Foeniculum vulgare) - Spasmolytic and carminative effect.	Helps with flatulence and belly spasm.	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3427	2694 - German Chamomile (Matricaria/Chamomills recutita L.) - Spasmolytic effect.	Helps with indigestion and flatulence.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3429	2696 - Peppermint (Mentha piperita) - Carminative effect.	Helps with flatulence and belly spasm.	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3431	2698 - Peppermint (Mentha piperita) - Spasmolytic effect.	Helps with indigestion.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3432	2699 - Goat's rue (Galega officinalis) - Supports activity of lacteal glands.	Supports activity of lacteal glands.Supports production of breast milk.	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3433	2700 - Allium ursinum (Common Name : Bear's garlic) - Heart health / Vascular system	Preserve le bon fonctionnement du coeur et des vaisseaux sanguains avec l'âge	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3435	2702 - Chicory (Cichorium intybus L.) - Slimming aid/ Weigth control	Supports in weight loss programs - To assist loss of weight in addition to dieting	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3436	2703 - Carob (Ceratonica siliqua L.) - Satiety/ weight control	Contributes to reduce appetite - To limit feeling of hunger and food craving - Helps to increase feelings of fullness and satiety - Supports in weight loss programs - Helps to reduce body weight - Helps in weight management	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3439	2706 - Golden Shower Tree (fruit - pulp of fruit) Cassia fistula - Digestive health	Traditionally used to help to support the digestion Traditionally known to contribute to the normal function of intestinal tract Usually known for its contribution to digestion Usually known for its contribution to a normal function of the intestinal tract	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3440	2707 - Guarana (seed) Paullinia cupana - Weight control and fat metabolism	Traditionally used to help in weight control Traditionally used to contribute to fat metabolism, which in turn helps weight control Usually known for its contribution to weight control Usually known for its contribution to fat metabolism	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3442	2709 - Mallow (leaf and flower) Malva sylvestris - Pharyngeal health / Softening throat	Traditionally used to soothe the throat Usually known to soothe the throat	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	

M-2008-1061	EFSA-Q-2008-3443	2710 - Papaya (leaf) Carica papaya - Body fat reduction	Traditionally know to have a diuretic and proteolytic activity, which allows body fat reduction Traditionally used to reduce body fat Usually known for its contribution to reduce body fat, thanks to its proteolytic activity	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3445	2712 - Poudre de Mormordica charantia, Poudre de nopal, Poudre de ginseng, Extrait sec de fenugrec, Extrait de café vert, Sulfate de zinc, Gluconate de manganèse, Chlorure de chrome - métabolisme glucidique	contribue à réguler le métabolisme glucide	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3447	2714 - Alchemilla xanthochlora - common name : Lady's Manthe - Vascular and Vein Health	"Traditionally used for the good circulation of blood in microvessels" / "Traditionally used to decrease the sensations of heavy leggs" / "Used for the good circulation of blood in microvessels" / "Helps to decrease the sensations of heavy leggs".	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3451	2718 - Sambucus nigra - common name : black elder, European elder - Control of weight	"Traditionally used to facilitate the weight loss in addition to dietetic measures" / "Used to facilitate the weight loss in addition to dietetic measures" / "Helps to loose weight in addition to dietetic measures" / "Contributes to loose weight in addition to dietetic measures" / "Helps to maintain the weight" / "Contributes to maintain the weight" / "Helps in weight control"	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3453	2720 - Centaurium erythrea - common name : Centaury herb - Digestion	"Traditionally used to facilitate the digestion" / "Used to facilitate the digestion" / "Contributes to the digestive comfort" / "Helps to support the digestion" / "Contributes to support the digestion".	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3454	2721 - Linum usitatissimum - common name : flaxseed - Digestion	"Traditionally used to facilitate the digestion" / "Used to facilitate the digestion" / "Contributes to the digestive comfort" / "Helps to support the digestion" / "Contributes to support the digestion".	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3456	2723 - Bamboo (Bambusa arundinacea) - Bones and joints health	Beneficial to joints and bones health. For cartilage and bone health. For strong bones and joints. Contributes to cartilage and bones constitution thanks to its silica content. Helps to support bone and joints health. For articulation health. Helps to recover articulation comfort and mobility. Helps to support the joint flexibility and mobility. Contributes to soothes joint discomfort. Participates in bone remineralisation. Helps to maintain joint mobility. Useful in maintaining joints and bones health.	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3458	2725 - Cola (Cola nitida) - Weight control	Helps to supports slimming. Helps to support in weight loss programs. Contributes to body weight control. Helps to burn off fats.	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3459	2726 - Ginger (Zingiber officinale) - Tonus/vitality	Contributes to enhancement of vitality/energy. May help energy enhancement. Useful in case of fatigue. Have stimulating and tonic properties that contribute to the resistance against fatigue.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3465	2732 - Nettle (Urtica dioica L.) - Vein health	Supports venous circulation. Can reduce the feeling of tired and heavy legs. Helps to maintain healthy leg-vein functions. Promotes circulatory well-being. Favourable influence on the blood circulation. For legs relief and to favour comfort.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3466	2733 - Nopal (Opuntia ficus indica) - Weight control	Supports slimming. Absorbs fat and sugar. Helps to control glucose level. Control/decrease appetite. Contributes to fat metabolism, which helps weight control. Helps in weight control programs by reducing appetite and calorie intake.	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3468	2735 - Red Vine (Vitis vinifera L.) - Weight control/cellulitis	Helps to reduce cellulitis aspect. Supports slimming. Helps to control / stabilize body weight. Helps silhouette to become more refined. Useful in case of cellulitis.	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3469	2736 - Sage (Salvia lavandulaefolia Vahl.) - Mental health/ cognitive functions	Improves mental performance. Helps to maintain working memory and brain performances. Contributes to memory functions. Helps in case of memory problems. Supports memory and brain performances. Helps concentration and mental performances. Maintains memory and preserves cognitives functions. Supports good cognitive performance. Supports memory performance.	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3470	2737 - Spirulina (Spirulina platensis) - Tonus, vitality	Helps to enhance tonus and vitality. Helps in case of fatigue. Helps to support body's vitality. Helps to make you feel more energetic. Enhancement of vitality/energy.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3474	2741 - Cypress (Cupressus sempervirens) - Vein health	Support of venous circulation - Helps to reduce the feeling of tired and heavy legs - Promotes circulatory well-being - Helps to maintain healthy leg-vein functions - For legs relief and to favour comfort	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3477	2744 - Turmeric (Curcuma longa L.) - Stimulation of appetite	Used to stimulate the appetite - Contributes to good appetite - Helps to promote appetite in cases of loss of appetite	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3478	2745 - Combination of argan, Camelina and Oenothera oils rich in essential fatty acids - Skin nutrition and balance w6/w3 fatty acids	Combination of the three oils with nourishing properties provides a perfect balance in w3/w6 fatty acids. This combination permits to have a nourished skin and contributes to improve its firmness	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3480	2747 - Roquette (Eruca sativa): dry hydroethanolic extract - Hair growth	Participates in stimulating of the hair bulb, favouring the growth of the hair	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	

M-2008-1061	EFSA-Q-2008-3484	2751 - Curcuma: Curcuma longa - Liver lipids	Prevents the accumulation of fats and facilitates their destockage by the liver	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3487	2754 - Sauge: Salvia lavandulifolia (Spanish Sage) - Known for its relaxing properties. It helps to fight incomfort digestive	Usually used to fight incomfort digestive	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3488	2755 - Myrtille : Extract of Vaccinium Myrtillus (bilberries) - Hairs and nails care	Activate the scalp microcirculation	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3489	2756 - Huile de carthame : Safflower oil - Hair beauty and health	Contributes to hair lustre and shine through its composition in essential fatty acids which strengthen the hydrolipidic film of the hair shaft	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3490	2757 - Ascophyllum (Ascophyllum nodosum) dry water extract - Action on fats	Decreases the fat absorption. Contributes to decrease the fats absorption. Contributes to the elimination of fat deposit and consequently acts on overweight.	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3491	2758 - Spiruline (dry extract of Spirulina maxima) - Amino acid supplementation	Amino-acid supplementation, for lean mass preservation, in low protein overweight diet. Recommended during slimming diet to help muscular mass maintenance.	28/7/2008	8/10/2008	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3493	2760 - Achillea millefolium - Douleurs mensyelles	Chez les femmes, apaise les crampes abdominales périodiques	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3494	2761 - Asperula odorata - Tranquillisant léger	Tranquillisant léger : Action apaisante, provoque la détente et la relaxation en cas d'agitation ou de nervosité Lors de troubles du sommeil et de l'endormissement	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-3495	2762 - Helianthus tuberosus - Contrôle de poids	Contrôle de poids Contribue au métabolisme des graisses, ce qui peut aider au contrôle de poids	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2

M-2008-1061	EFSA-Q-2008-4032	3300 - CASSIA TORA L. S.L. - Contributes to body defences against external agents	Increases the physiological resistance of the organism in case of severe ambiance conditions.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3300
M-2008-1061	EFSA-Q-2008-4033	3301 - CASSIA TORA L. S.L. - Contributes to oral hygiene	contributes to the oral well-being; valid and efficient help during the cool season / relief for the throat – helps the upper respiratory tract.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3301
M-2008-1061	EFSA-Q-2008-4034	3302 - CASSIA TORA L. S.L. - Contributes to the maintenance of a normal blood pressure	Traditionally known for helping the blood circulation and pressure.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3302
M-2008-1061	EFSA-Q-2008-4035	3303 - CASSIA TORA L. S.L. - Contributes to the normal function of the intestinal tract	Supports the function of intestinal tract.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3303
M-2008-1061	EFSA-Q-2008-4036	3304 - CASSIA TORA L. S.L. - Helps smooth muscle contracting activities	Contributes to nervous impulse transmission and muscle contraction.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3304
M-2008-1061	EFSA-Q-2008-4037	3305 - CASSIA TORA L. S.L. - Helps to maintain physiological lipid levels in the blood	Natural source maintaining the physiological fats balance in blood.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3305
M-2008-1061	EFSA-Q-2008-4038	3306 - CASSIA TORA L. S.L. - Hepatoprotective	Useful to maintain the physiological purifying functions.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3306
M-2008-1061	EFSA-Q-2008-4040	3308 - CASTANEA VESCA - Astringent	Helps the physiological skin purifying activities.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3308
M-2008-1061	EFSA-Q-2008-4042	3310 - CASTANEA VESCA - Helps to maintain a healthy intestinal microbial balance, contributes to the normal intestinal function	Stimulates the growth of beneficial intestinal micro flora.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3310
M-2008-1061	EFSA-Q-2008-4043	3311 - Chamaemelum nobile - common name : Chamomile, Roman chamomile - Digestion	"Traditionally used to facilitate the digestion" / "Used to facilitate the digestion" / "Contributes to the digestive comfort" / "Helps to support the digestion" / "Contributes to support the digestion".	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3311
M-2008-1061	EFSA-Q-2008-4044	3312 - Chamomile (Matricaria chamomilla L.) - Respiratory health	Release of the respiratory tract - Supportive and soothing in case of dry cough, tickle in the throat - Soothing the throat - Respiratory comfort - Helps to soften respiratory troubles like coughs and sore throat in a natural way - Helps maintain respiratory health	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3312
M-2008-1061	EFSA-Q-2008-4045	3313 - Chamomilla recutita (L.) (Chamomile-extract) - relief of airways with common cold	relief of airways caused by common cold.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3313
M-2008-1061	EFSA-Q-2008-4046	3314 - Chlorella algae (Chlorella pyrenoidosa) - helps to maintain normal colonic function	helps to maintain normal colonic function, helps to excrete poisonous and unhealthy {heavy metals} compound from the organism, supports vitality and activity of organism, helps to increase growth of beneficial gut microflora, helps to calm down irritation of gut wall	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3314
M-2008-1061	EFSA-Q-2008-4049	3317 - CIMICIFUGA RACEMOSA NUTT. - Contributes to maintain a healthy prostate	Useful for normal prostate function.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3317
M-2008-1061	EFSA-Q-2008-4051	3319 - CIMICIFUGA RACEMOSA NUTT. - Helps to alleviate the symptoms of menopause	Contributes to relieve the menopause symptoms.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3319
M-2008-1061	EFSA-Q-2008-4052	3320 - CINCHONA SUCCIRUBRA PAV. - Contributes to body defences against external agents	Increases the physiological resistance of the organism in case of severe ambiance conditions.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3320
M-2008-1061	EFSA-Q-2008-4053	3321 - CINCHONA SUCCIRUBRA PAV. - Helps to relax the gastrointestinal tract	Contributes to nervous impulse transmission and muscle contraction.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3321
M-2008-1061	EFSA-Q-2008-4054	3322 - CINCHONA SUCCIRUBRA PAV. - Supports digestion	Stimulates the digestion,	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3322
M-2008-1061	EFSA-Q-2008-4055	3323 - Cinnamomum zeylanicum - May help maintain healthy blood sugar levels and healthy weight	Diabetes	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3323
M-2008-1061	EFSA-Q-2008-4061	3329 - Crataegus laevigata - fonction circulatoire et nerveuse	régule l'activité cardiaque	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3329
M-2008-1061	EFSA-Q-2008-4064	3333 - DROSERA ROTUNDIFOLIA L. - Contributes to physical well-being.	Helps maintaining mobility and flexibility of joints. Contribute to the resistance during the premenstrual cycle. Contributes to relieve the menopause symptoms.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3333
M-2008-1061	EFSA-Q-2008-4065	3334 - DROSERA ROTUNDIFOLIA L. - Helps to relax the gastrointestinal tract.	Relieves flatulence, fullness and windy feelings. Supports the function of intestinal tract. Contributes to nervous impulse transmission and muscle contraction.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3334
M-2008-1061	EFSA-Q-2008-4066	3335 - Drosera rotundifolia Sundew Part used: whole plant - Drosera rotundifolia Sundew Part used: whole plant	Maintenance of the health of the respiratory tract; maintenance of bronchial health; helps maintain optimal secretions in the respiratory tract; aids normal function of airways; helps natural breathing -Maintains optimal activity of respiratory tract immunity; maintains optimal immune balance in the respiratory tract	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3335
M-2008-1061	EFSA-Q-2008-4069	3338 - ECHINACEA PALLIDA BRITTON - Cicatrizing activity.	Supports the physiological activity helping the tissue trophies,.... skin, hair, nails.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3338
M-2008-1061	EFSA-Q-2008-4071	3340 - ECHINACEA PALLIDA BRITTON - Hepatoprotective.	Useful to maintain the physiological purifying functions.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3340
M-2008-1061	EFSA-Q-2008-4073	3342 - Echinacea purpurea L. Moench (Common name: Echinacea) - Respiratory health	Soothing for mouth and throat / Reliefs in case of tickle in the throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3342
M-2008-1061	EFSA-Q-2008-4074	3343 - Elettaria cardamomum SEED - Respiratory	Application - Health claims Art. 13/2	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3343
M-2008-1061	EFSA-Q-2008-4075	3344 - ELEUTHEROCOCCUS SENTICOSUS MAXIM. - Adaptogen.	Tonic that contributes to the adaptogenic activity.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3344
M-2008-1061	EFSA-Q-2008-4077	3346 - ELEUTHEROCOCCUS SENTICOSUS MAXIM. - Contributes to the maintenance of a normal blood pressure.	Traditionally known for helping the blood circulation.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3346
M-2008-1061	EFSA-Q-2008-4078	3347 - ELEUTHEROCOCCUS SENTICOSUS MAXIM. - Imparts a fresh breath.	Contributes to the oral well-being; valid and efficient help during the cool season / relief for the throat – helps the upper respiratory tract.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3347

M-2008-1061	EFSA-Q-2008-4081	3350 - EPILOBIUM ANGUSTIFOLIUM L. - Contributes to maintain a healthy prostate.	Useful for normal prostate function.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3350
M-2008-1061	EFSA-Q-2008-4082	3351 - EPILOBIUM ANGUSTIFOLIUM L. - Contributes to physical well-being.	Helps maintaining mobility and flexibility of joints. Contribute to the resistance during the premenstrual cycle. Contributes to relieve the menopause symptoms.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3351
M-2008-1061	EFSA-Q-2008-4083	3352 - EPILOBIUM ANGUSTIFOLIUM L. - Contributes to relaxation and mental and physical well-being.	Helps relaxation effects.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3352
M-2008-1061	EFSA-Q-2008-4085	3354 - EPILOBIUM PARVIFLORUM - Contributes to maintain a healthy prostate.	Useful for normal prostate function.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3354
M-2008-1061	EFSA-Q-2008-4086	3355 - EPILOBIUM PARVIFLORUM - Contributes to physical well-being.	Helps maintaining mobility and flexibility of joints. Contributes to relieve the menopause symptoms.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3355
M-2008-1061	EFSA-Q-2008-4088	3357 - FICUS CARICA L. - Can promote wound healing.	Food supplement supports the physiological activity helping the tissue trophies, skin, hair, nails.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3357
M-2008-1061	EFSA-Q-2008-4089	3358 - FICUS CARICA L. - Contribute to maintain healthy blood lipid level.	Through balanced diets helps the control of lipidic metabolism (cholesterol and triglycerides).	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3358
M-2008-1061	EFSA-Q-2008-4090	3359 - FICUS CARICA L. - Leafs contribute to physical well-being.	Helps maintaining mobility and flexibility of joints. Contribute to the resistance during the premenstrual cycle. Contributes to relieve the menopause symptoms.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3359
M-2008-1061	EFSA-Q-2008-4092	3361 - Fraxinus excelsior - fonction articulaire	draine les articulations	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3361
M-2008-1061	EFSA-Q-2008-4095	3364 - Ginkgo biloba [dry extract GK501 Pharmaton Dry extract from leaves of Ginkgo biloba L., drug/native extract ratio (35 - 45) : 1, solvent of extraction Acetone/Water, 6.0% terpene lactones, 24.5% ginkgoflavonoids] - For cognitive performance/blood circulation	Clinically/scientifically proven to help maintaining mental well-being (e.g by maintaining focus on the work memory in the short term and during moments of increased stress) Clinically/scientifically proven to helps maintaining memory with age decline and to preserve cognitive function, Clinically/scientifically proven to help maintaining good cognitive functions, to contribute to a normal blood circulation which is associated with brain performance and reactivity Clinically/scientifically proven to retain and recall facts, to maintain clear thinking and to maintain day-to-day focus Clinically/scientifically proven to contribute to mental and cognitive activities	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3364
M-2008-1061	EFSA-Q-2008-4096	3365 - Glycyrrhiza uralensis (Common Name: Liquorice) - Metabolic health / weight loss	Helps / contributes to / promotes / supports weight loss	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3365
M-2008-1061	EFSA-Q-2008-4099	3368 - GRINDELIA ROBUSTA NUTT. - Contributes to relaxation and mental well-being.	Helps relaxation effects. Obtaining a relaxation status helps sleeping and the physiological nightly rest.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3368
M-2008-1061	EFSA-Q-2008-4100	3369 - GRINDELIA ROBUSTA NUTT. - Contributes to the normal stomach function.	Stimulates the digestion.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3369
M-2008-1061	EFSA-Q-2008-4101	3370 - GRINDELIA ROBUSTA NUTT. - Demulcent. Expectorant.	Due to its balsamic activity could help during the cool season.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3370
M-2008-1061	EFSA-Q-2008-4102	3371 - GRINDELIA ROBUSTA NUTT. - Helps to relax the gastrointestinal tract.	Relieves flatulence, fullness and windy feelings. Useful to maintain the physiological purifying functions. Supports the function of intestinal tract.Contributes to nervous impulse transmission and muscle contraction.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3371
M-2008-1061	EFSA-Q-2008-4103	3372 - Guarana - support to metabolism, protection against derogative influence of stress and surroudings,stimulating effects	guarana strengthens immunity, guarana surpresses feeling of hunger, guarana surpresses fatigue	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	
M-2008-1061	EFSA-Q-2008-4104	3373 - Gymnema (Gymnema sylvestre) - Appetite control	Contributes to decrease sweetness taste. Helps to remove the sweet taste of sugar. Powerfull suppressor of sweet taste. Sugar blocker that decrease the craving for sweet. Curbs the appetite.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3373
M-2008-1061	EFSA-Q-2008-4107	3376 - GYNOSTEMMA PENTAPHYILLUM - Contributes to maintain healthy blood lipid level.	Through balanced diets helps the control of lipidic metabolism (cholesterol and triglycerides). Natural source maintaining the physiological fats balance in blood.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3376
M-2008-1061	EFSA-Q-2008-4108	3377 - GYNOSTEMMA PENTAPHYILLUM - Contributes to the health of cardiovascular system.	Helps controlling the homocysteine levels in the blood, related to a higher risk of atherosclerosis. Traditionally known for helping the blood circulation and vascular pressure.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3377
M-2008-1061	EFSA-Q-2008-4109	3378 - GYNOSTEMMA PENTAPHYILLUM - Helps to protect the stomach from irritating substances.	Helps the physiological pH balance of the stomach.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3378
M-2008-1061	EFSA-Q-2008-4110	3379 - GYNOSTEMMA PENTAPHYILLUM - Hepatoprotective.	Helps to maintain a healthy liver function, supporting the digestion and the body purification. Useful to maintain the physiological purifying functions.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3379
M-2008-1061	EFSA-Q-2008-4111	3380 - Hamamelis virginia - common name : hamamelis, witch hazel - Vascular and vein health	"Traditionally used for the good circulation of blood in microvessels" / "Traditionally used to decrease the sensations of heavy legs" / "Used for the good circulation of blood in microvessels" / "Used to decrease the sensations of heavy legs"	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3380
M-2008-1061	EFSA-Q-2008-4112	3381 - HAMAMELIS VIRGINIANA L. - Contributes to body defences against external agents.	Increases the physiological resistance of the organism in case of severe ambiance conditions.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3381
M-2008-1061	EFSA-Q-2008-4113	3382 - HAMAMELIS VIRGINIANA L. - Contributes to physical well-being.	Contributes to the oral well-being; valid and efficient help during the cool season / relief for the throat. Helps the upper respiratory tract. Helps maintaining mobility and flexibility of joints. Contribute to the resistance during the premenstrual cycle. Contributes to relieve the menopause symptoms.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3382

M-2008-1061	EFSA-Q-2008-4115	3384 - HAMAMELIS VIRGINIANA L. - Promotes circulatory health and helps to preserve a healthy vascular wall (veins and hemorrhoids).	Contributes to vascular health.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3384
M-2008-1061	EFSA-Q-2008-4119	3388 - HELICHRYSUM ITALICUM DON. - Contributes to physical well-being.	Helps maintaining mobility and flexibility of joints. Contribute to the resistance during the premenstrual cycle. Contributes to relieve the menopause symptoms.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3388
M-2008-1061	EFSA-Q-2008-4120	3389 - HELICHRYSUM ITALICUM DON. - Contributes to the modulation of immune defences.	Increases the physiological resistance of the organism in case of severe ambiance conditions.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3389
M-2008-1061	EFSA-Q-2008-4123	3392 - Hibiscus (Hibiscus sabdariffa L.) - Tonus/ Vitality	Helps in case of fatigue - Helps to make you feel more energetic - Enhancement of vitality/energy - Helps to support body's vitality	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3392
M-2008-1061	EFSA-Q-2008-4127	3398 - Indian sarsaparilla - Helps to maintain healthy skin	Anti-inflammatory for skin	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3398
M-2008-1061	EFSA-Q-2008-4128	3399 - Inula helenium - common name : Elecampane - Digestion	"Traditionally used to facilitate the digestion" / "Used to facilitate the digestion" / "Contributes to the digestive comfort" / "Helps to support the digestion" / "Contributes to support the digestion".	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3399
M-2008-1061	EFSA-Q-2008-4130	3401 - JUGLANS REGIA L. - Contributes to body defences against external agents.	Increases the physiological resistance of the organism in case of severe ambiance conditions.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3401
M-2008-1061	EFSA-Q-2008-4131	3402 - JUGLANS REGIA L. - Contributes to the normal function of the intestinal tract.	Supports the function of intestinal tract. Helps maintaining gut regularity.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3402
M-2008-1061	EFSA-Q-2008-4132	3403 - JUGLANS REGIA L. - Helps to maintain physiological lipid and cholesterol levels in the blood.	Through balanced diets helps the control of lipidic metabolism (cholesterol and triglycerides). Natural source maintaining the physiological fats balance in blood.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3403
M-2008-1061	EFSA-Q-2008-4136	3407 - JUNIPERUS COMMUNIS L. - Contributes to body defences against external agents.	Increases the physiological resistance of the organism in case of severe ambiance conditions.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3407
M-2008-1061	EFSA-Q-2008-4140	3411 - LAGERSTROEMIA SPECIOSA -BANABA - Contributes to the weight management.	Adjuvant during a hypocaloric diet for the control weight.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3411
M-2008-1061	EFSA-Q-2008-4142	3413 - LAURUS NOBILIS L. - Contributes to wound healing.	Food supplement supports the physiological activity helping the tissue trophies, skin, hair, nails.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3413
M-2008-1061	EFSA-Q-2008-4143	3414 - LAURUS NOBILIS L. - Helps to the maintenance of a normal blood circulation.	Helps the physiological blood fluidity.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3414
M-2008-1061	EFSA-Q-2008-4145	3416 - lepidium meyenii (nazwa powszechnie stosowana: Maca) - plodnosc	Pomaga w zachowaniu naturalnej aktywnosci seksualnej i energii	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3416
M-2008-1061	EFSA-Q-2008-4148	3419 - LESPEDEZA CAPITATA MICH. - Helps to the maintenance of a normal blood pressure.	Traditionally known for helping the blood circulation and vascular pressure.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3419
M-2008-1061	EFSA-Q-2008-4150	3421 - Levisticum officinale - common name : Lovage - Vascular and Vein Health	"Traditionally used for the good circulation of blood in microvessels" / "Traditionally used to decrease the sensations of heavy legs" / "Used for the good circulation of blood in microvessels" / "Helps to decrease the sensations of heavy legs".	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3421
M-2008-1061	EFSA-Q-2008-4151	3422 - Levomentholum - Respiratory Health	Soothing for mouth and throat / Reliefs in case of tickle in the throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3422
M-2008-1061	EFSA-Q-2008-4154	3425 - LIPPIA CITRIODORA KUNTH - Contributes to physical well-being.	Helps maintaining mobility and flexibility of joints. Contribute to the resistance during the premenstrual cycle. Contributes to relieve the menopause symptoms.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3425
M-2008-1061	EFSA-Q-2008-4155	3426 - LOTUS CORNICOLATUS L. - Helps to maintain a healthy intestinal microbial balance, contributes to maintain a normal intestinal function	Stimulates the growth of beneficial intestinal micro flora - increases the physiological resistance of the organism in case of severe ambiance conditions.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3426
M-2008-1061	EFSA-Q-2008-4158	3429 - MAGNOLIA OFFICINALIS REHDER - Contributes to physical well-being.	Helps maintaining mobility and flexibility of joints. Contribute to the resistance during the premenstrual cycle. Contributes to relieve the menopause symptoms.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3429
M-2008-1061	EFSA-Q-2008-4159	3430 - MAGNOLIA OFFICINALIS REHDER - Contributes to the normal function of the intestinal tract.	Supports the function of intestinal tract. Helps maintaining gut regularity.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3430
M-2008-1061	EFSA-Q-2008-4165	3436 - Malva sylvestris - common name : Mallow - Constipation / Gastrointestinal health	"Support gastrointestinal health" / "Helps to support the digestion" / "Maintenance of the intestinal functions" / "Contributes to physical well-being" / "Supports better bowel performance" / "Supports regular bowel movements" / "For a regular bowel motion" / "Supports bowel transit" / "Maintains a regular bowel function" / "Helps to maintain bowel function" / "Helps to maintain optimum digestive comfort"	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3436
M-2008-1061	EFSA-Q-2008-4168	3439 - MARRUBIUM VULGARE L. - Contributes to relaxation and mental and physical well-being.	Helps relaxation effects. Obtaining a relaxation status helps sleeping and the physiological nightly rest. Contributes to nervous impulse transmission and muscle contraction.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3439
M-2008-1061	EFSA-Q-2008-4169	3440 - MARRUBIUM VULGARE L. - Contributes to the maintenance of a normal blood pressure.	Traditionally known for helping the blood circulation and vascular pressure.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3440
M-2008-1061	EFSA-Q-2008-4170	3441 - MARRUBIUM VULGARE L. - Helps to preserve a healthy vascular wall (helps to prevent microvascular extravasation).	Helps the microcirculation trophism, increasing the permeability and capillary microcirculation. Helps to remove physiologically the excess of fluids. Helps to remove the physiological fluids excess, often causing cutaneous inaesthetisms.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3441
M-2008-1061	EFSA-Q-2008-4171	3442 - MARRUBIUM VULGARE L. - Helps to relax the gastrointestinal tract.	Relieves flatulence, fullness and windy feelings. Supports the function of intestinal tract.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3442

M-2008-1061	EFSA-Q-2008-4172	3443 - Matricaria recutita L. (Common name: Chamomile) - Respiratory health	Soothing for mouth and throat / Reliefs in case of tickle in the throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3443
M-2008-1061	EFSA-Q-2008-4174	3445 - MELALEUCA ALTERNIFOLIA CHEEL - Contributes to body defences against external agents.	Increases the physiological resistance of the organism in case of severe ambiance conditions.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3445
M-2008-1061	EFSA-Q-2008-4175	3446 - MELALEUCA ALTERNIFOLIA CHEEL - Contributes to physical well-being.	Helps maintaining mobility and flexibility of joints. Contribute to the resistance during the premenstrual cycle. Contributes to relieve the menopause symptoms.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3446
M-2008-1061	EFSA-Q-2008-4176	3447 - MELALEUCA LEUCADENDRON L. - Can modulate immune responce.	Helps the physiological pH balance of the stomach.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3447
M-2008-1061	EFSA-Q-2008-4178	3449 - MELALEUCA LEUCADENDRON L. VAR.VIRIDIFLORA - Contributes to physical well-being.	Helps maintaining mobility and flexibility of joints. Contribute to the resistance during the premenstrual cycle. Contributes to relieve the menopause symptoms.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3449
M-2008-1061	EFSA-Q-2008-4181	3452 - Melilotus officinalis - common name : Melilot, Sweet clover - Digestion	"Traditionally used to facilitate the digestion" / "Used to facilitate the digestion" / "Contributes to the digestive comfort" / "Helps to support the digestion" / "Contributes to support the digestion".	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3452
M-2008-1061	EFSA-Q-2008-4182	3453 - Melilotus officinalis - common name : Melilot, Sweet clover - Vascular and Vein Health	"Traditionally used for the good circulation of blood in microvessels" / "Traditionally used to decrease the sensations of heavy legs" / "Used for the good circulation of blood in microvessels" / "Helps to decrease the sensations of heavy legs"	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3453
M-2008-1061	EFSA-Q-2008-4184	3455 - MENTHA AQUATICA - Contributes to body defences against external agents.	Increases the physiological resistance of the organism in case of severe ambiance conditions.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3455
M-2008-1061	EFSA-Q-2008-4187	3458 - MORUS NIGRA L. - Contributes to physical well-being.	Helps relaxation effects. Less relaxation difficulties. Obtaining a relaxation status helps sleeping and the physiological nightly rest.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3458
M-2008-1061	EFSA-Q-2008-4190	3461 - MUIRA PUAMA - Helps to maintain good sexual relations in premenopausal and postmenopausal women.	Contributes to the female hormonal balance during clymaterium. Contributes to the female hormonal balance during clymaterium. Contributes to relieve the menopause symptoms.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3461
M-2008-1061	EFSA-Q-2008-4193	3464 - Ocimum basilicum - common name : Basil - Digestion	"Traditionally used to facilitate the digestion" / "Used to facilitate the digestion" / "Contributes to the digestive comfort" / "Helps to support the digestion" / "Contributes to support the digestion".	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3464
M-2008-1061	EFSA-Q-2008-4198	3470 - ORIGANUM MAJORANA - Contributes to body defences against external agents.	Increases the physiological resistance of the organism in case of severe ambiance conditions.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3470
M-2008-1061	EFSA-Q-2008-4200	3472 - ORIGANUM MAJORANA - Contributes to relaxation physical well-being.	Contributes to nervous impulse transmission and muscle contraction.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3472
M-2008-1061	EFSA-Q-2008-4201	3473 - ORIGANUM MAJORANA - Hepatoprotective.	Helps to maintain a healthy liver function, supporting the digestion and the body purification.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3473
M-2008-1061	EFSA-Q-2008-4202	3474 - ORIGANUM MAJORANA - Supports the gastrointestinal function.	Helps maintaining gut regularity.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3474
M-2008-1061	EFSA-Q-2008-4203	3475 - Origanum majorana - common name : Marjoram - Digestion	"Traditionally used to facilitate the digestion" / "Used to facilitate the digestion" / "Contributes to the digestive comfort" / "Helps to support the digestion" / "Contributes to support the digestion".	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3475
M-2008-1061	EFSA-Q-2008-4204	3476 - Panax pseudoginseng (common name:Panax notoginseng) - Cardiovascular functions	contributes naturally to healthy Cardiovascular function	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3476
M-2008-1061	EFSA-Q-2008-4205	3477 - Panax pseudoginseng (common name:Panax notoginseng) - Immune system health	Helps the natural defences/contributes to a normal immune response/	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3477
M-2008-1061	EFSA-Q-2008-4206	3478 - PARIETARIA OFFICINALIS L. - Supports immune defences.	Supports the immune system and the body's defence.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3478
M-2008-1061	EFSA-Q-2008-4207	3479 - PEUMUS BOLDUS MOLINA - Can stimulate contraction of skeletal muscle	Contributes to nervous impulse transmission and muscle contraction.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3479
M-2008-1061	EFSA-Q-2008-4208	3480 - PEUMUS BOLDUS MOLINA - Contributes to body defences against external agents	Increases the physiological resistance of the organism in case of severe ambiance conditions.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3480
M-2008-1061	EFSA-Q-2008-4209	3481 - PEUMUS BOLDUS MOLINA - Contributes to physical well-being	Helps to obtain a relaxation effect and regain a natural good temper. Contributes to recover physical and mental well-being. Helps maintaining mobility and flexibility of joints.Contribute to the resistance during the premenstrual cycle. Contributes to relieve the menopause symptoms.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3481
M-2008-1061	EFSA-Q-2008-4210	3482 - PEUMUS BOLDUS MOLINA - Contributes to the physiological recovery from psychophysical stress	Helps to obtain a relaxation effect and regain a natural good temper. Contributes to recover physical and mental well-being.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3482
M-2008-1061	EFSA-Q-2008-4213	3486 - PHYLLANTHUS AMARUS - Contributes to body defences against external agents	Increases the physiological resistance of the organism in case of severe ambiance conditions.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3486
M-2008-1061	EFSA-Q-2008-4214	3487 - PHYLLANTHUS AMARUS - Contributes to maintain the physiological gastric pH	Helps the physiological pH balance of the stomach.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3487
M-2008-1061	EFSA-Q-2008-4215	3488 - PHYLLANTHUS AMARUS - Contributes to the maintenance of a normal blood pressure	Traditionally known for helping the blood circulation and vascular pressure.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3488

M-2008-1061	EFSA-Q-2008-4216	3489 - PHYLLANTHUS AMARUS - Contributes to the normal function of the intestinal tract	Helps maintaining gut regularity.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3489
M-2008-1061	EFSA-Q-2008-4217	3490 - PHYLLANTHUS AMARUS - Contributes to vascular health	Helps the microcirculation trophism, increasing the permeability and capillary microcirculation.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3490
M-2008-1061	EFSA-Q-2008-4218	3491 - PHYLLANTHUS AMARUS - Helps to maintain physiological lipid levels in the blood	Through balanced diets helps the control of lipidic metabolism (cholesterol and triglycerides).	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3491
M-2008-1061	EFSA-Q-2008-4223	3496 - PICRORHIZA KURROA ROYLE - Hepatoprotective	Helps to maintain a healthy liver function, supporting the digestion and the body purification.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3496
M-2008-1061	EFSA-Q-2008-4224	3497 - PICRORHIZA KURROA ROYLE - Imparts a fresh breath	Relief for the throat. Helps the upper respiratory tract.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3497
M-2008-1061	EFSA-Q-2008-4225	3498 - PICRORHIZA KURROA ROYLE - Supports immune defences	Supports the immune system and the body's defence	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3498
M-2008-1061	EFSA-Q-2008-4226	3499 - Picrorrhiza kurroa RHIZOME & ROOT - Liver	Supports liver function	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3499
M-2008-1061	EFSA-Q-2008-4227	3500 - Pimpinella major (L.) Hudson (Common name: Great burnet) - Respiratory health	Soothing for mouth and throat / Reliefs in case of tickle in the throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3500
M-2008-1061	EFSA-Q-2008-4228	3501 - Pimpinella saxifraga L. (Common name: Burnet saxifrage) - Respiratory health	Soothing for mouth and throat / Reliefs in case of tickle in the throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3501
M-2008-1061	EFSA-Q-2008-4235	3508 - PIPER METHYSTICUM FORSTER - Contributes to relaxation and mental and physical well-being	Maintains and regains the natural good temper. Contributes to recover physical and mental well-being.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3508
M-2008-1061	EFSA-Q-2008-4236	3509 - PIPER METHYSTICUM FORSTER - Supports mental well-being in case of nervous tension and stress actions	Maintains and regains the natural good temper. Contributes to recover physical and mental well-being.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3509
M-2008-1061	EFSA-Q-2008-4237	3510 - PLANTAGO LANCEOLATA L. - Contributes to maintain a normal intestinal function	Stimulates the growth of beneficial intestinal micro flora.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3510
M-2008-1061	EFSA-Q-2008-4239	3512 - PLANTAGO LANCEOLATA L. - Helps to maintain a healthy intestinal microbial balance	Stimulates the growth of beneficial intestinal micro flora.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3512
M-2008-1061	EFSA-Q-2008-4240	3513 - PLANTAGO LANCEOLATA L. - Hepatoprotective	Helps to maintain a healthy liver function, supporting the digestion and the body purification.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3513
M-2008-1061	EFSA-Q-2008-4244	3517 - Plante : Rhubarbe des jardins Rheum rhaponticum / Rheum rhabarberum (Rhubarb) - Digestion	Reconnu pour faciliter la digestion/Reconnu pour contribuer à un confort digestif/Reconnu pour stimuler le transit intestinal/ Reconnu pour favoriser un bon transit intestinal	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3517
M-2008-1061	EFSA-Q-2008-4249	3522 - Polygoni multiflori (Common Name: Fleece flower) - cardiovascular health	Helps to maintain a healthy cholesterol level; promotes a healthy cholesterol level; contributes to normal cholesterol levels	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3522
M-2008-1061	EFSA-Q-2008-4252	3525 - PRIMULA OFFICINALIS HILL. - Helps to maintain the heart health	Traditionally known for helping the blood circulation and vascular pressure.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3525
M-2008-1061	EFSA-Q-2008-4256	3529 - PRUNELLA VULGARIS L. - Contributes to physical well-being	Helps maintaining mobility and flexibility of joints. Contribute to the resistance during the premenstrual cycle. Contributes to relieve the menopause symptoms.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3529
M-2008-1061	EFSA-Q-2008-4257	3530 - PRUNELLA VULGARIS L. - Supports oral hygiene	Contributes to oral health	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3530
M-2008-1061	EFSA-Q-2008-4258	3531 - Pulmonaria officinalis L. (Common name: Common Lungwort) - Respiratory health	Soothing for mouth and throat / Reliefs in case of tickle in the throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3531
M-2008-1061	EFSA-Q-2008-4259	3533 - Rehmannia glutinosa (Common Name: Chinese foxglove) - vascular health	Helps maintain a normal blood pressure; contributes to a healthy blood pressure; promotes a healthy blood pressure	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3533
M-2008-1061	EFSA-Q-2008-4261	3535 - RHAMNUS ALPINUS L. SSP FALLAX M ET P. - Contributes to the normal function of the intestinal tract	Supports the function of intestinal tract.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3535
M-2008-1061	EFSA-Q-2008-4264	3538 - RHAMNUS PURSHIANA DC - Hepatoprotective	Helps to maintain a healthy liver function, supporting the digestion and the body purification. Useful to maintain the physiological purifying functions.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3538
M-2008-1061	EFSA-Q-2008-4269	3543 - RHEUM OFFICINALE BAILL. - Contributes to body defences against external agents	Increases the physiological resistance of the organism in case of severe ambiance conditions.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3543
M-2008-1061	EFSA-Q-2008-4270	3544 - RHEUM OFFICINALE BAILL. - Contributes to physical well-being	Helps maintaining mobility and flexibility of joints. Contributes to relieve the menopause symptoms. Helps during the premenstrual cycle.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3544
M-2008-1061	EFSA-Q-2008-4271	3545 - RHEUM OFFICINALE BAILL. - Contributes to the normal function of the intestinal tract	Supports the function of intestinal tract.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3545
M-2008-1061	EFSA-Q-2008-4272	3546 - RHEUM OFFICINALE BAILL. - Hepatoprotective	Helps to maintain a healthy liver function, supporting the digestion and the body purification.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3546
M-2008-1061	EFSA-Q-2008-4273	3547 - Rheum palmatum (Common Name: Rhubarb) - intestinal health	Helps / contributes to / promotes / supports regular stool, intestinal transit, intestinal functioning.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3547
M-2008-1061	EFSA-Q-2008-4276	3550 - RHEUM PALMATUM L. VAR. TAGUNTICUM MAXIM - Contributes to physical well-being	Helps maintaining mobility and flexibility of joints. Contributes to relieve the menopause symptoms. Helps during the premenstrual cycle.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3550

M-2008-1061	EFSA-Q-2008-4277	3551 - RHEUM PALMATUM L. VAR. TAGUNTICUM MAXIM - Contributes to the normal function of the intestinal tract	Supports the function of intestinal tract.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3551
M-2008-1061	EFSA-Q-2008-4278	3552 - RHEUM PALMATUM L. VAR. TAGUNTICUM MAXIM - Helps to alleviate the symptoms of menopause.	Contributes to relieve the menopause symptoms.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3552
M-2008-1061	EFSA-Q-2008-4279	3553 - RHEUM RHAPONTICUM L. - Helps to alleviate the symptoms of menopause	Helps in case of augmented request of nutrients; contributes to the female hormonal balance during clymaterium. Contributes to relieve the menopause symptoms.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3553
M-2008-1061	EFSA-Q-2008-4282	3556 - RHEUM UNDULATUM L. - Contributes to the maintenance of a normal blood pressure	Helps the physiological blood fluidity. Traditionally known for helping the blood circulation and vascular pressure.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3556
M-2008-1061	EFSA-Q-2008-4284	3558 - RHODIOLA CRENULATA - Contributes to the maintenance of a normal blood circulation	Helps the microcirculation trophism, increasing the permeability and capillary microcirculation. Helps the physiological blood fluidity.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3558
M-2008-1061	EFSA-Q-2008-4285	3559 - Ricinus communis - Skin Health	Assists detoxification and healing the skin	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3559
M-2008-1061	EFSA-Q-2008-4286	3560 - Rosae gallica L. (Common name: Red rose) - Respiratory health	Soothing for mouth and throat / Reliefs in case of tickle in the throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3560
M-2008-1061	EFSA-Q-2008-4287	3561 - Rosae x centifolia L. (Common name: Cabagge rose) - Respiratory health	Soothing for mouth and throat / Reliefs in case of tickle in the throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3561
M-2008-1061	EFSA-Q-2008-4289	3563 - Rosmarinus officinalis - common name : Rosemary - Digestion	"Traditionally used to facilitate the digestion" / "Used to facilitate the digestion" / "Helps to support normal liver function" / "Contributes to the stimulation of the production of the digestive body fluids" / "Supports the liver and biliary function" / "Contributes to the digestive comfort" / "Helps to facilitate fat digestion" / "Contributes to better fat digestion" / "Helps to support the digestion" / "Contributes to support the digestion".	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3563
M-2008-1061	EFSA-Q-2008-4291	3565 - RUTA GRAVEOLENS L. - Contributes to body defences against external agents.	Increases the physiological resistance of the organism in case of severe ambiance conditions.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3565
M-2008-1061	EFSA-Q-2008-4292	3566 - RUTA GRAVEOLENS L. - Contributes to physical well-being	Contributes to relieve the menopause symptoms. Helps during the premenstrual cycle.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3566
M-2008-1061	EFSA-Q-2008-4293	3567 - RUTA GRAVEOLENS L. - Contributes to relaxation and mental well-being	Helps relaxation effects. Less relaxation difficulties. Obtaining a relaxation status helps sleeping and the physiological nightly rest.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3567
M-2008-1061	EFSA-Q-2008-4294	3568 - RUTA GRAVEOLENS L. - Helps to maintain a healthy intestinal microbial balance	Supports the function of intestinal tract.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3568
M-2008-1061	EFSA-Q-2008-4295	3569 - RUTA GRAVEOLENS L. - Helps to maintain a normal blood circulation	Helps the physiological blood fluidity.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3569
M-2008-1061	EFSA-Q-2008-4298	3572 - Salvia miltiorrhiza (Common Name: Red rooted sage) - vascular health	Helps to maintain a healthy (micro)vascular system and promotes a healthy blood pressure	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3572
M-2008-1061	EFSA-Q-2008-4299	3573 - salvia officinalis - stimulation de l'hypophyse et des glandes hormonales féminines	favorise l'amincissement et l'équilibre hormonal de la femme, renforce les cheveux lorsque la chute de cheveux est lié à un déséquilibre hormonal, stimule l'hypophyse et la thyroïde	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3573
M-2008-1061	EFSA-Q-2008-4300	3574 - Salvia officinalis L. (Common name: Sage) - Respiratory health	Soothing for mouth and throat / Reliefs in case of tickle in the throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3574
M-2008-1061	EFSA-Q-2008-4302	3576 - SALVIA SCLAREA L. - Contributes to physical well-being	Contributes to relieve the menopause symptoms. Helps during the premenstrual cycle. Helps maintaining mobility and flexibility of joints.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3576
M-2008-1061	EFSA-Q-2008-4306	3580 - SCHISANDRA CHINENSIS BAILL. - Adaptogen	Tonic that contributes to the adaptogenic activity.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3580
M-2008-1061	EFSA-Q-2008-4310	3584 - SILYBUM MARIANUM GAERTN. - Helps to maintain the heart health	Helps to maintain the heart health	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3584
M-2008-1061	EFSA-Q-2008-4311	3585 - SILYBUM MARIANUM GAERTN. - Hepatoprotective	Useful to maintain the physiological purifying functions.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3585
M-2008-1061	EFSA-Q-2008-4316	3591 - SOLIDAGO VIRGAUREA L. - Contributes to body defences against external agents	Increases the physiological resistance of the organism in case of severe ambiance conditions.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3591
M-2008-1061	EFSA-Q-2008-4317	3592 - SOLIDAGO VIRGAUREA L. - Contributes to physical well-being	Helps during the premenstrual cycle.Contributes to relieve the menopause symptoms. Helps maintaining mobility and flexibility of joints.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3592
M-2008-1061	EFSA-Q-2008-4319	3594 - Spirea Ulmaria - fonction articulaire	draine les articulations	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3594
M-2008-1061	EFSA-Q-2008-4321	3596 - St John's wort, Hypericum (Hypericum perforatum L.) - Psychological state / mood	St John's wort / Hypericum helps to maintain emotional balance / balanced mood / positive mood	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3596
M-2008-1061	EFSA-Q-2008-4323	3598 - TABEBUIA AVELLANEDAE - Contributes to body defences against external agents	Increases the physiological resistance of the organism in case of severe ambiance conditions.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3598
M-2008-1061	EFSA-Q-2008-4324	3599 - TABEBUIA AVELLANEDAE - Contributes to relaxation and mental and physical well-being	Helps relaxation effects. Less relaxation difficulties. Obtaining a relaxation status helps sleeping and the physiological nightly rest.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3599
M-2008-1061	EFSA-Q-2008-4325	3600 - TABEBUIA AVELLANEDAE - Contributes to the maintenance of a normal blood pressure	Traditionally known for helping the blood circulation and vascular pressure.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3600

M-2008-1061	EFSA-Q-2008-4326	3601 - TABEBUIA AVELLANEDAE - Helps to preserve a healthy vascular wall	Helps the microcirculation trophism, increasing the permeability and capillary microcirculation.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3601
M-2008-1061	EFSA-Q-2008-4329	3604 - TAMARIX GALLICA L. - Hepatoprotective	Helps to maintain a healthy liver function, supporting the digestion and the body purification.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3604
M-2008-1061	EFSA-Q-2008-4330	3605 - TAMARIX GALLICA L. - Tonic for the support of mental well-being	Tonic that contributes to the adaptogenic activity. Contributes to recover physical and mental well-being. Helps the physical and mental resistance.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3605
M-2008-1061	EFSA-Q-2008-4332	3607 - TANACETUM PARTHENIUM SCH. BIP. - Contributes to physical well-being	Contributes to relieve the menopause symptoms. Contributes to recover physical and mental well-being.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3607
M-2008-1061	EFSA-Q-2008-4333	3608 - TANACETUM PARTHENIUM SCH. BIP. - Contributes to the maintenance of a normal blood circulation	Helps the microcirculation trophism, increasing the permeability and capillary microcirculation.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3608
M-2008-1061	EFSA-Q-2008-4334	3609 - TARAXACUM OFFICINALE WEBER - Contributes to the normal stomach and liver function	Contributes to the functions of the intestinal tract. Helps the physiological pH balance of the stomach.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3609
M-2008-1061	EFSA-Q-2008-4336	3611 - Thymol crystals - reduces cough, dissolves mucus and reduces inflammation	soothing for the throat and relief of the airways.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3611
M-2008-1061	EFSA-Q-2008-4337	3612 - Thymus vulgaris - common name : Thym - Digestion	"Traditionally used to facilitate the digestion" / "Used to facilitate the digestion" / "Contributes to the digestive comfort" / "Helps to support the digestion" / "Contributes to support the digestion".	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3612
M-2008-1061	EFSA-Q-2008-4338	3613 - Thymus vulgaris (Thyme) - Antibacterial activity	Liivateel on antibakteriaalne toime.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3613
M-2008-1061	EFSA-Q-2008-4339	3614 - Thymus zygis L. - Respiratory health	Soothing for mouth and throat / Reliefs in case of tickle in the throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3614
M-2008-1061	EFSA-Q-2008-4340	3615 - Tilia cordata Mill. - Respiratory Health	Soothing for mouth and throat / Reliefs in case of tickle in the throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3615
M-2008-1061	EFSA-Q-2008-4341	3616 - Tilia platyphyllos - common name : Linden - Relaxing effect - Helps to find sleep	"Traditionally used to help to find a better sleep" / "Traditionally used to decrease tenseness" / "Traditionally used to decrease restlessness" / "Traditionally used to decrease irritability" / "Used to help to find a better sleep" / "Used to decrease tenseness" / "Used to decrease restlessness" / "Used to decrease irritability" / "Helps to find a better sleep" / "Contributes to find a better sleep" / "Helps to decrease tenseness" / "Contributes to decrease tenseness" / "Helps to decrease restlessness" / "Contributes to decrease restlessness" / "Helps to decrease irritability" / "Contributes to decrease irritability".	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3616
M-2008-1061	EFSA-Q-2008-4342	3617 - Tilia platyphyllos Scop. - Respiratory health	Soothing for mouth and throat / Reliefs in case of tickle in the throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3617
M-2008-1061	EFSA-Q-2008-4344	3619 - TILIA TOMENTOSA MOENCH - Support mental well-being in case of nervous tension and stress	Helps relaxation effects. Less relaxation difficulties. Obtaining a relaxation status helps sleeping and the physiological nightly rest. Helps to obtain a relaxation effect and regain a natural good temper. Contributes to recover physical and mental well-being.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3619
M-2008-1061	EFSA-Q-2008-4346	3621 - Tribulus terrestris FRUIT - Immunity	Application - Health claims Art. 13/2	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3621
M-2008-1061	EFSA-Q-2008-4347	3622 - TRIGONELLA FOENUM-GRAECUM L. - Contributes to maintain a healthy blood sugar level	Helps the physiological sugars balance.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3622
M-2008-1061	EFSA-Q-2008-4348	3623 - TRIGONELLA FOENUM-GRAECUM L. - Contributes to maintain the physiological gastric pH	Helps the physiological pH balance of the stomach.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3623
M-2008-1061	EFSA-Q-2008-4351	3626 - TRITICUM REPENS - Contributes to the normal function of the intestinal tract	Supports the function of intestinal tract.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3626
M-2008-1061	EFSA-Q-2008-4354	3629 - TURNERA DIFFUSA WILLD. - Contributes to optimal mental and cognitive activity	PHOSPHATIDYLSERINE: nutrients contributing to the cerebral methabolic process, helping the mental and cognitive activity.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3629
M-2008-1061	EFSA-Q-2008-4355	3630 - TURNERA DIFFUSA WILLD. - Contributes to weight management by modulating gastric emptying	Contributes to weight management, reducing the appetite.Helps to promote the feeling of satiety.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3630
M-2008-1061	EFSA-Q-2008-4356	3632 - TURNERA DIFFUSA WILLD. - Supports mental well-being in case of nervous tension and stress	Contributes to recover physical and mental well-being.Helps the physical and mental resistance.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3632
M-2008-1061	EFSA-Q-2008-4357	3633 - ULMUS CAMPESTRIS - Contributes to wound healing	Food supplement supports the physiological activity helping the tissue trophies, ... skin, hair, nails.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3633
M-2008-1061	EFSA-Q-2008-4361	3637 - Verbascum denisiflorium Bertol. - Respiratory Health	Soothing for mouth and throat / Reliefs in case of tickle in the throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3637
M-2008-1061	EFSA-Q-2008-4362	3638 - Verbascum phlomoides L. - Respiratory Health	Soothing for mouth and throat / Reliefs in case of tickle in the throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3638
M-2008-1061	EFSA-Q-2008-4364	3640 - Verbena officinalis L. - Respiratory Health	Soothing for mouth and throat / Reliefs in case of tickle in the throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3640

M-2008-1061	EFSA-Q-2008-4365	3641 - VERBENA OFFICINALIS L. - Contributes to body defences against external agents	Increases the physiological resistance of the organism in case of severe ambience conditions.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3641
M-2008-1061	EFSA-Q-2008-4366	3642 - VERBENA OFFICINALIS L. - Contributes to physical well-being	Helps during the premenstrual cycle.Contributes to relieve the menopause symptoms. Helps maintaining mobility and flexibility of joints.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3642
M-2008-1061	EFSA-Q-2008-4367	3643 - VERBENA OFFICINALIS L. - Contributes to the normal function of the gastrointestinal tract	Contributes to the functions of the intestinal tract.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3643
M-2008-1061	EFSA-Q-2008-4368	3644 - VERBENA OFFICINALIS L. - Supports skin integrity	Food supplement supports the physiological activity helping the tissue trophies,.... skin, hair, nails.Helps the physiological skin purifying activities.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3644
M-2008-1061	EFSA-Q-2008-4369	3645 - Veronica officinalis L. - Respiratory health	Soothing for mouth and throat / Reliefs in case of tickle in the throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3645
M-2008-1061	EFSA-Q-2008-4371	3647 - VIOLA ODORATA L. - Contributes to physical well-being	Helps during the premenstrual cycle.Contributes to relieve the menopause symptoms. Helps maintaining mobility and flexibility of joints.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3647
M-2008-1061	EFSA-Q-2008-4372	3648 - VIOLA ODORATA L. - Contributes to the physiological recovery from psychophysical stress	Contributes to recover physical and mental well-being.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3648
M-2008-1061	EFSA-Q-2008-4374	3650 - VISCUM ALBUM L. - Helps to maintain physiological cholesterol levels in the blood	Through balanced diets helps the control of lipidic metabolism (cholesterol and triglycerides).	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3650
M-2008-1061	EFSA-Q-2008-4375	3651 - VISCUM ALBUM L. - Supports cardiac function	Contributes to vascular health. Helps the microcirculation trophism, increasing the permeability and capillary microcirculation.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3651
M-2008-1061	EFSA-Q-2008-4377	3653 - VITEX AGNUS-CASTUS L. - Contributes to physical well-being	Helps during the premenstrual cycle.Contributes to relieve the menopause symptomsHelps maintaining mobility and flexibility of joints.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3653
M-2008-1061	EFSA-Q-2008-4378	3654 - VITEX AGNUS-CASTUS L. - Helps to alleviate menopausal and premenstrual symptoms	Helps to maintain a physiological well-being during the menstrual cycle. Contributes to the female hormonal balance during clymaterium. Contributes to relieve the menopause symptoms.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3654
M-2008-1061	EFSA-Q-2008-4379	3655 - VITEX AGNUS-CASTUS L. - Helps to maintain good cognitive functioning	Contributes to recover physical and mental well-being.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3655
M-2008-1061	EFSA-Q-2008-4380	3657 - Withania somnifera - Contributes to optimal mental and cognitive activity	helps to maintain physical and mental capacities in cases of weakness, exhaustion, tiredness, and loss of concentration Nerve tonic	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3657
M-2008-1061	EFSA-Q-2008-4387	3664 - Aloysia triphylla - common name : Verveine odorante - Relaxing effect - Helps to find sleep	"Traditionally used to help to find a better sleep" / "Traditionally used to decrease tenseness" / "Traditionally used to decrease restlessness" / "Traditionally used to decrease irritability" / "Used to help to find a better sleep" / "Used to decrease tenseness" / "Used to decrease restlessness" / "Used to decrease irritability" / "Helps to find a better sleep" / "Contributes to find a better sleep" / "Helps to decrease tenseness" / "Contributes to decrease tenseness" / "Helps to decrease restlessness" / "Contributes to decrease restlessness" / "Helps to deerease irritability" / "Contributes to decrease irritability".	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3664
M-2008-1061	EFSA-Q-2008-4388	3665 - Anethum graveolens - common name : dill - Relaxing effect - helps to find a better sleep	"Traditionally used to help to find a better sleep" / "Traditionally used to decrease tenseness" / "Traditionally used to decrease restlessness" / "Traditionally used to decrease irritability" / "Used to help to find a better sleep" / "Used to decrease tenseness" / "Used to decrease restlessness" / "Used to decrease irritability"	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3665
M-2008-1061	EFSA-Q-2008-4389	3666 - Centaurium erythrea - common name : Centaury herb - Relaxing effect - Helps to find sleep	"Traditionally used to help to find a better sleep" / "Traditionally used to decrease tenseness" / "Traditionally used to decrease restlessness" / "Traditionally used to decrease irritability" / "Used to help to find a better sleep" / "Used to decrease tenseness" / "Used to decrease restlessness" / "Used to decrease irritability" / "Helps to find a better sleep" / "Contributes to find a better sleep" / "Helps to decrease tenseness" / "Contributes to decrease tenseness" / "Helps to decrease restlessness" / "Contributes to decrease restlessness" / "Helps to deerease irritability" / "Contributes to decrease irritability".	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3666
M-2008-1061	EFSA-Q-2008-4391	3668 - Panax ginseng (Common Name : Asean, Korean ginseng) - Cognitive performance	Helps to maintain good cognitive performance Supports memory performance Contributes to normal blood circulation, which is associated with brain performance and reactivity Helps to maintain physical and mental capacities in cases of weakness, exhaustion, tiredness, and loss of concentration	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3668
M-2008-1061	EFSA-Q-2008-4392	3669 - Panax ginseng (Common Name : Ginseng) - Glucose metabolism	Help to maintain a normal blood glucose level as part of a healthy lifestyle/Contributes to normal glucose - insulin metabolism	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3669

M-2008-1061	EFSA-Q-2008-4393	3670 - Panax ginseng extract G115 Pharmaton, [Dry extract from roots of Panax ginseng C.A.Meyer, drug/native extract ratio (3-7) : 1, solvent of extraction Ethanol/Water, 4.0% ginsenosides] - Helps to maintain good cognitive performance. Supports memory performance	Helps to maintain good cognitive performance. Supports memory performance Contributes to a good cognitive performance Contributes to a normal blood circulation which is associated with brain performance and reactivity *Clinically/scientifically proven to contribute to an optimal mental and cognitive activity. examples of wording for which exclusivity is asked to be maintained	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3670
M-2008-1061	EFSA-Q-2008-4394	3671 - Panax ginseng extract G115 Pharmaton, [Dry extract from roots of Panax ginseng C.A.Meyer, drug/native extract ratio (3-7) : 1, solvent of extraction Ethanol/Water, 4.0% ginsenosides] - For physical performance/Invigoration of the body	*Clinically/scientifically proven extract to help maintaining optimal stamina, feeling of energy and vitality, physical and mental well-being. Clinically/scientifically proven extract to help to support vitality in the body and to contributes to the body's resistance to stress. *Clinically/scientifically proven extract to make you feel more energetic	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3671
M-2008-1061	EFSA-Q-2008-4395	3672 - Panax ginseng - Immune health	Ginseng contributes to the natural defences and proper fuctioning of the immune system	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3672
M-2008-1061	EFSA-Q-2008-4396	3673 - Panax Ginseng - Alertness	Helps to promote alertness.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3673
M-2008-1061	EFSA-Q-2008-4397	3674 - Panax Ginseng - Vitality	Helps to promote vitality	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3674
M-2008-1061	EFSA-Q-2008-4398	3675 - Panax Ginseng - Anti-fatigue	Helps to counteract fatigue	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3675
M-2008-1061	EFSA-Q-2008-4399	3676 - Panax Ginseng (when used in combined formulation with Ginkgo biloba) - Cognitive Function	Helps to promote cognitive function. Helps maintain stamina. Contributes to a normal blood circulation which is associated with brain performance Helps the periferal blood circulation	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3676
M-2008-1061	EFSA-Q-2008-4400	3677 - Panax ginseng (Common Name : Ginseng) - Sexual health	Help to maintain good sexual relations	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3677
M-2008-1061	EFSA-Q-2008-4403	3680 - Rosa canina (Common Name : Rose Hip) - Respiratory health	helps to soothe the common cold/contributes to physical wel being/contributes to the body's defences	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3680
M-2008-1061	EFSA-Q-2008-4404	3681 - Rosa canina (Common Name : Rose Hip) - Digestive health	Helps to support the digestion/contributes to the normal function of intestinal tract/contributes to physical wel being	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3681
M-2008-1061	EFSA-Q-2008-4405	3682 - Rosa canina (Common Name : Rose Hip) - Immune health	Contributes to the resistance against health precarious microorganism/contributes to physical wel-being	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3682
M-2008-1061	EFSA-Q-2008-4412	3689 - Galium odoratum- common name : Sweet Woodruff - Relaxing effect - Helps to find sleep	"Traditionally used to help to find a better sleep" / "Traditionally used to decrease tenseness" / "Traditionally used to decrease restlessness" / "Traditionally used to decrease irritability" / "Used to help to find a better sleep" / "Used to decrease tenseness" / "Used to decrease restlessness" / "Used to decrease irritability" / "Helps to find a better sleep" / "Contributes to find a better sleep" / "Helps to decrease tenseness" / "Contributes to decrease tenseness" / "Helps to decrease restlessness" / "Contributes to decrease restlessness" / "Helps to deerease irritability" / "Contributes to decrease irritability".	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3689
M-2008-1061	EFSA-Q-2008-4413	3690 - Galium odoratum- common name : Sweet Woodruff - Digestion	"Traditionally used to facilitate the digestion" / "Used to facilitate the digestion" / "Contributes to the digestive comfort" / "Helps to support the digestion" / "Contributes to support the digestion".	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3690
M-2008-1061	EFSA-Q-2008-4414	3691 - Origanum vulgare - common name : Oregano - Digestion	"Traditionally used to facilitate the digestion" / "Used to facilitate the digestion" / "Contributes to the digestive comfort" / "Helps to support the digestion" / "Contributes to support the digestion".	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3691
M-2008-1061	EFSA-Q-2008-4417	3694 - Salvia sclarea - common name : Saugé sclarée - Digestion	"Traditionally used to facilitate the digestion" / "Used to facilitate the digestion" / "Contributes to the digestive comfort" / "Helps to support the digestion" / "Contributes to support the digestion".	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3694
M-2008-1061	EFSA-Q-2008-4418	3695 - Satureja montana - common name : Sariette des montagnes - Digestion	"Traditionally used to facilitate the digestion" / "Used to facilitate the digestion" / "Contributes to the digestive comfort" / "Helps to support the digestion" / "Contributes to support the digestion".	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3695
M-2008-1061	EFSA-Q-2008-4419	3696 - Tilia platyphyllos - common name : Linden - digestion	"Traditionally used to facilitate the digestion" / "Used to facilitate the digestion" / "Helps to support normal liver function" / "Contributes to the stimulation of the production of the digestive body fluids" / "Supports the liver and biliary function" / "Contributes to the digestive comfort" / "Helps to facilitate fat digestion" / "Contributes to better fat digestion" / "Helps to support the digestion" / "Contributes to support the digestion".	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3696
M-2008-1061	EFSA-Q-2008-4420	3697 - Verbascum densiflorum - common name : mullein - Digestion	"Traditionally used to facilitate the digestion" / "Used to facilitate the digestion" / "Contributes to the digestive comfort" / "Helps to support the digestion" / "Contributes to support the digestion".	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3697
M-2008-1061	EFSA-Q-2008-4423	3700 - Centella asiatica (L.) Urb. (Common name: Gotu Kola, Brahmi, Asiatic pennywort, Antanan Pegaga) - Mental health, cognitive function	#NAME?	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3700

M-2008-1061	EFSA-Q-2008-4425	3702 - Cynara scolymus (Common Name : Artichoke) - Heart Health/ Blood lipids	Contributes to normal blood lipid levels	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3702
M-2008-1061	EFSA-Q-2008-4426	3703 - Cynara scolymus (Common Name : Artichoke) - Intestinal health, digestion, Digestive complaint (stomache, nausea, vomiting, feeling of fullness, flatulence)	Helps to support digestion, contributes to the normal function of intestinal tract, contributes to intestinal comfort, contributes to the normal function of intestinal tract	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3703
M-2008-1061	EFSA-Q-2008-4427	3704 - Eleutherococcus senticosus = Acanthopanax senticosus (Common Name : Taigaroot, Siberian ginseng) - Immune health	Support of the body's defence /contributes to the /supports the immune system	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3704
M-2008-1061	EFSA-Q-2008-4429	3706 - VACCINIUM MYRTILLUS L. - Antioxidant	Antioxidants can protect from free radicals and helps in case of foods intake deficiency or increased amount of nutrients.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3706
M-2008-1061	EFSA-Q-2008-4430	3707 - Fucus (Fucus vesiculosus L.) - Weight control/ Satiety	Helps to increase feelings of fullness and satiety - Reduces energy intake - Helps to promote weight loss - Helps in weight management - Helps to reduce body weight - Supports in weight loss programs	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3707
M-2008-1061	EFSA-Q-2008-4431	3708 - Fucus vesiculosus (Common Names: Kelp) - Weight Management	-Aids in weight management; -Helps to increase satiety; -Helps to a normal laxative function by increasing fiber.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3708
M-2008-1061	EFSA-Q-2008-4432	3709 - Galega officinalis (Common Name: French Honeysuckle) - lactation	Helps / contributes to / promotes / supports / stimulates lactation in breastfeeding women.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3709
M-2008-1061	EFSA-Q-2008-4433	3710 - Humulus lupulus (Hops) - Soothing effect, effect of promoting good sleep.	Hea kasutada uinumisraskuste korral. Kesknärvisüsteemi erutuse korral.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3710
M-2008-1061	EFSA-Q-2008-4434	3711 - Malva sylvestris - common name : Mallow - Digestion	"Traditionally used to facilitate the digestion" / "Used to facilitate the digestion" / "Contributes to the digestive comfort" / "Helps to support the digestion" / "Contributes to support the digestion".	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3711
M-2008-1061	EFSA-Q-2008-4436	3713 - Melissa extract [Dry extract from leaves of Melissa officinalis L., drug/native extract ratio (4 - 6) : 1, solvent of extraction Methanol/Water , min 1.8% rosmarinic acid] - For insomnia and mental health	Clinically/scientifically proven to support calmness and to help sleep onset, to help normalise/promote sleep (onset), Contributes to optimal relaxation, Contributes to a normal/helps to maintain a healthy sleep, Contributes to a good and calm rest	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3713
M-2008-1061	EFSA-Q-2008-4437	3715 - Plante : Tamarin Tamarindus indica (Tamarind) - Digestion	Reconnu pour faciliter la digestion/Reconnu pour contribuer à un confort digestif/reconnu pour favoriser le transit par un effet de lest	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3715
M-2008-1061	EFSA-Q-2008-4438	3716 - Thymus serpyllum L. - Respiratory health	Soothing for mouth and throat / Reliefs in case of tickle in the throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3716
M-2008-1061	EFSA-Q-2008-4439	3717 - Achillea millefolium - common name : Yarrow, Achillea, Milfoil, Millefolium - Digestion	"Traditionally used to facilitate the digestion" / "Used to facilitate the digestion" / "Contributes to the digestive comfort" / "Helps to support the digestion" / "Contributes to support the digestion".	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3717
M-2008-1061	EFSA-Q-2008-4440	3718 - Achyrantes aspera SEED - Weight balance and appetite	Helps to balance excessive appetite. Supports weight loss.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3718
M-2008-1061	EFSA-Q-2008-4441	3719 - Achyrantes aspera WHOLE PLANT - Weight	Application - Health claims Art. 13/2	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3719
M-2008-1061	EFSA-Q-2008-4442	3720 - Aesculus hippocastanum - common name : Horrehound, Horse chestnut - Vascular and Vein Health	"Traditionally used for the good circulation of blood in microvessels" / "Traditionally used to decrease the sensations of heavy legs" / "Used for the good circulation of blood in microvessels" / "Helps to decrease the sensations of heavy legs"	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3720
M-2008-1061	EFSA-Q-2008-4443	3721 - Aloe vera, ferox, bardadensis, hybrids or vera or spicata (Common Name : Bitter aloe) - Gastrointestinal health	Support gastrointestinal health /helps to support the digestion /maintenance of the intestinal functions /helps to promote bowel regularity /helps the function of the intestines /supports better bowel performance /contributes to bowel movements /supports regular bowel movement/supports the functioning of the intestine/for a regular bowel motion	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3721
M-2008-1061	EFSA-Q-2008-4444	3722 - Althae officinalis - common name : Marsh mallow, Althea - Constipation / Gastrointestinal health	"Support gastrointestinal health" / "Helps to support the digestion" / "Maintenance of the intestinal functions" / "Contributes to physical well-being" / "Supports better bowel performance" / "Supports regular bowel movements" / "For a regular bowel motion" / "Supports bowel transit" / "Maintains a regular bowel function" / "Helps to maintain bowel function" / "Helps to maintain optimum digestive comfort"	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3722
M-2008-1061	EFSA-Q-2008-4445	3723 - Althaea officinalis L. (Common name: Marshmallow) - Respiratory health	Soothing for mouth and throat / Reliefs in case of tickle in the throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3723
M-2008-1061	EFSA-Q-2008-4449	3727 - Andrographis Paniculata - Stimulate immune function	Andrographis helps maintain a healthy immune system	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3727
M-2008-1061	EFSA-Q-2008-4450	3728 - Andrographis Paniculata (King of Bitterness) - Immune health	Support of the body's defence/Helps to supports the immune system	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3728
M-2008-1061	EFSA-Q-2008-4453	3732 - Angelica archangelica - common name : Angelica, European angelica - Digestion	"Traditionally used to facilitate the digestion" / "Used to facilitate the digestion" / "Contributes to the digestive comfort" / "Helps to support the digestion" / "Contributes to support the digestion".	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3732
M-2008-1061	EFSA-Q-2008-4454	3733 - ANGELICA ARCHANGELICA L. - Contributes to maintain physiological gastric pH and digestive health	Stimulates the digestion. Contributes to the functions of the intestinal tract. Helps the physiological pH balance of the stomach.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3733
M-2008-1061	EFSA-Q-2008-4455	3734 - ARTEMISIA DRACUNCULUS - Helps to relax the gastrointestinal tract	Supports the function of intestinal tract. Contributes to nervous impulse transmission and muscle contraction.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3734

M-2008-1061	EFSA-Q-2008-4456	3735 - Astragalus membranaceus (Common Name : Milk-vetch) - Immune health	Supports the natural defences	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3735
M-2008-1061	EFSA-Q-2008-4457	3736 - ASTRAGALUS MEMBRANACEUS BUNG. - Contributes to body defences against external agents	Increases the physiological resistance of the organism in case of severe ambiance conditions.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3736
M-2008-1061	EFSA-Q-2008-4459	3738 - Calendula officinalis L. (Common names: Common Marygold, Marigold) - Respiratory health	Soothing for mouth and throat / Reliefs in case of tickle in the throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3738
M-2008-1061	EFSA-Q-2008-4460	3739 - CASSIA ACUTIFOLIA DEL. - Contributes to the normal function of the intestinal tract.	Supports the function of intestinal tract. Helps maintaining gut regularity.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3739
M-2008-1061	EFSA-Q-2008-4461	3740 - CASSIA ANGUSTIFOLIA VAHL. - Contributes to the normal function of the intestinal tract	Supports the function of intestinal tract. Helps maintaining gut regularity.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3740
M-2008-1061	EFSA-Q-2008-4462	3741 - Cassia senna (cassia angustifolia) (Common Name : Senna) - Intestinal health	Natural stool / helps to maintain optimum digestive comfort /Helps to maintain bowel function /maintains a regular bowel function /supports bowel transit	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3741
M-2008-1061	EFSA-Q-2008-4463	3742 - Centella asiatica (Common Name : Gotu Kola, Asiatic pennywort, Antanan Pegaga) - Vein health	Helps maintain venous circulation/supports peripheral circulation/tired legs/light legs	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3742
M-2008-1061	EFSA-Q-2008-4464	3743 - Cetraria islandica - common name : Iceland moss - Digestion	"Traditionally used to facilitate the digestion" / "Used to facilitate the digestion" / "Contributes to the digestive comfort" / "Helps to support the digestion" / "Contributes to support the digestion".	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3743
M-2008-1061	EFSA-Q-2008-4465	3744 - Cetraria islandica (L.) Acharius s.l. (Common name: Iceland Moss) - Respiratory health	Soothing for mouth and throat / Reliefs in case of tickle in the throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3744
M-2008-1061	EFSA-Q-2008-4466	3745 - Cimicifuga racemosa (Actea racemosa) (Common Name : Black Cohosh) - Menopause	Helps to maintain a calm and comfortable menopause /helps women coping with the telltale signs associated with menopause, such as hot flushes, sweating, restlessness and irritability	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3745
M-2008-1061	EFSA-Q-2008-4467	3747 - Crataegus monoggyyna (Common Name : Hawthorn) - Heart health / Vascular system	Supports circulation, relaxing, calming	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3747
M-2008-1061	EFSA-Q-2008-4469	3749 - Drosera rotundifolia (Sundew) - Respiratory/ immune health	Maintenance of the health of the respiratory tract; maintenance of bronchial health; helps maintain optimal secretions in the respiratory tract; aids normal function of airways; helps natural breathing Maintains optimal activity of respiratory tract immunity; maintains optimal immune balance in the respiratory tract	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3749
M-2008-1061	EFSA-Q-2008-4470	3750 - Echinacea angustifolia (Common Name : Echinacea, narrow-leaved purple coneflower root) - Healt of the urinary tract	adjuvant terapy of recurrent infection of the urinary tract	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3750
M-2008-1061	EFSA-Q-2008-4471	3751 - ECHINACEA ANGUSTIFOLIA DC . - Contributes to the upper respiratory tract health.	Contributes to the oral well-being; valid and efficient help during the cool season / relief for the throat – helps the upper respiratory tract.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3751
M-2008-1061	EFSA-Q-2008-4472	3752 - Elettaria cardamomum SEED - Immunity	Helps to maintain immunity	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3752
M-2008-1061	EFSA-Q-2008-4473	3753 - Eleutherococcus senticosus = Acanthopanax senticosus (Common Name : Taigaroot, Siberian ginseng) - Cognitive and mental performance	Contributes to normal blood circulation, which is associated with brain performance and reactivity /contributes to optimal mental and cognitive activity	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3753
M-2008-1061	EFSA-Q-2008-4474	3754 - Eleutherococcus senticosus = Acanthopanax senticosus (Common Name : Siberian ginseng) - Physical and mental health/Recovery	Tonic for the support of mental and physical capacities in cases of weakness, exhaustion and tiredness, and during convalescence /supports, helps in case of, in the event of recovery, rehabilitation/contributes to more mental and physical energy	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3754
M-2008-1061	EFSA-Q-2008-4478	3758 - Eucalypti aetheroleum - Respiratory Health	Soothing for mouth and throat / Reliefs in case of tickle in the throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3758
M-2008-1061	EFSA-Q-2008-4479	3760 - Eucalyptus globulus La-Bill. (Common name: Eucalyptus) - Respiratory health	Soothing for mouth and throat / Reliefs in case of tickle in the throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3760
M-2008-1061	EFSA-Q-2008-4480	3761 - FICUS CARICA L. - Helps to maintain a healthy intestinal microbial balance, contributes to maintain a normal intestinal function.	Stimulates the growth of beneficial intestinal micro flora.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3761
M-2008-1061	EFSA-Q-2008-4482	3763 - Fumaria officinalis (Common Name : Fumitory) – Liver health	Contributes to the maintenance of a healthy liver	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3763
M-2008-1061	EFSA-Q-2008-4483	3764 - Ganoderma Lucidum (Rheishi) - Ganoderma Lucidum (Rheishi) and Immune system	Contributes to natural immunological defences	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3764
M-2008-1061	EFSA-Q-2008-4484	3765 - Gentiana lutea - common name : Gentian - Digestion	"Traditionally used to facilitate the digestion" / "Used to facilitate the digestion" / "Contributes to the digestive comfort" / "Helps to support the digestion" / "Contributes to support the digestion".	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3765

M-2008-1061	EFSA-Q-2008-4485	3766 - Gentiana lutea - common name : Gentian - Invigoration of the body	"Traditionally used to feel more energetic" / "Used to feel more energetic" / "Helps to find more energy" / "Contributes to find more energy" / "Traditionally used for mental and physical fatigue" / "Used for mental and physical fatigue" / "Helps to enhance mental and physical capacities" / "Contributes to enhance mental and physical capacities" / "Helps to strengthen the body" / "Contributes to strengthen the body" / "Contributes to physical well-being" / "Helps to physical well-being" / "Supports energetic alertness" / "Tonic effect" / "Makes you feel more energetic" / "Has stimulating and tonic properties that contribute to the resistance against mental and physical fatigue"	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3766
M-2008-1061	EFSA-Q-2008-4487	3768 - Ginkgo Biloba (Common Name : Ginkgo) - Cognitive function	Helps the maintenace of good cognitive function /helps to maintain memory with age decline and to preserve cognitive function/enhancement of cognitive performance	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3768
M-2008-1061	EFSA-Q-2008-4488	3769 - Glycyrrhiza glabra - common name : Licorice - Digestion	"Traditionally used to facilitate the digestion" / "Used to facilitate the digestion" / "Contributes to the digestive comfort" / "Helps to support the digestion" / "Contributes to support the digestion".	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3769
M-2008-1061	EFSA-Q-2008-4490	3771 - HELICHRYSUM ITALICUM DON. - Helps to maintain a healthy liver function.	Helps to maintain a healthy liver function, supporting the digestion and the body purification.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3771
M-2008-1061	EFSA-Q-2008-4491	3772 - Juniperus communis (Common Name : Juniper berry) - Digestive health	Helps maintain healthy digestion	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3772
M-2008-1061	EFSA-Q-2008-4494	3775 - Marrubium vulgare L. (Common name: Horehound (white)) - Respiratory health	Soothing for mouth and throat / Reliefs in case of tickle in the throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3775
M-2008-1061	EFSA-Q-2008-4503	3784 - Papaver rhoeas L. (Common name: Fieldpoppy) - Respiratory health	Soothing for mouth and throat / Reliefs in case of tickle in the throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3784
M-2008-1061	EFSA-Q-2008-4504	3785 - Peumus boldus (Common Name : Boldo) - Digestive health	contributes to digestive comfort /supports liver and biliary function	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3785
M-2008-1061	EFSA-Q-2008-4506	3787 - PEUMUS BOLDUS MOLINA - Helps to maintain a healthy liver function	Helps to maintain a healthy liver function, supporting the digestion and the body purification.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3787
M-2008-1061	EFSA-Q-2008-4507	3788 - PHYLLANTHUS AMARUS - Contributes to physical well-being	Helps maintaining mobility and flexibility of joints. Contribute to the resistance during the premenstrual cycle. Contributes to relieve the menopause symptoms.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3788
M-2008-1061	EFSA-Q-2008-4508	3789 - PHYLLANTHUS AMARUS - Contributes to relaxation and mental and physical well-being	Contributes to recover physical and mental well-being.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3789
M-2008-1061	EFSA-Q-2008-4510	3791 - Plantago lanceolata L. (Common name: Ribwort plantain) - Respiratory health	Soothing for mouth and throat / Reliefs in case of tickle in the throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3791
M-2008-1061	EFSA-Q-2008-4511	3792 - Polygonum aviculare (Common Name : Knotweed) - Respiratory health	-soothes the respiratory tract '- Soothing for throat - supportive and soothing in case of tickle in the throat - to use in case of temporary croakiness	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3792
M-2008-1061	EFSA-Q-2008-4512	3793 - Primula elatior L. Hill. (Common name: Oxlip) - Respiratory health	Soothing for mouth and throat / Reliefs in case of irritation of throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3793
M-2008-1061	EFSA-Q-2008-4513	3794 - PRIMULA VERIS L. EM.HEIDS - Contributes to relaxation and mental well-being	Helps to obtain a relaxation effect and regain a natural good temper. Contributes to recover physical and mental well-being.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3794
M-2008-1061	EFSA-Q-2008-4520	3803 - RHAMNUS PURSHIANA DC - Contributes to the normal function of the intestinal tract	Supports the function of intestinal tract. Helps maintaining gut regularity.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3803
M-2008-1061	EFSA-Q-2008-4523	3806 - RHEUM UNDULATUM L. - Contributes to body defences against external agents	Increases the physiological resistance of the organism in case of severe ambiance conditions.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3806
M-2008-1061	EFSA-Q-2008-4524	3807 - RHEUM UNDULATUM L. - Contributes to the modulation of immune defences	Increases the physiological resistance of the organism in case of severe ambiance conditions.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3807
M-2008-1061	EFSA-Q-2008-4525	3808 - ROSMARINUS OFFICINALIS L. - Hepatoprotective	Useful to maintain the physiological purifying functions. Supports the function of intestinal tract.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3808
M-2008-1061	EFSA-Q-2008-4527	3810 - Ruscus aculeatus (Common Name : Butcher's Broom) - Vein health	Support of venous circulation /tired and heavy legs /contributes to the circulation in the legs	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3810
M-2008-1061	EFSA-Q-2008-4528	3811 - RUTA GRAVEOLENS L. - Contributes to maintain a normal intestinal function	Supports the function of intestinal tract.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3811
M-2008-1061	EFSA-Q-2008-4529	3812 - RUTA GRAVEOLENS L. - Helps to relax the gastrointestinal tract	Relieves flatulence, fullness and windy feelings.Contributes to nervous impulse transmission and muscle contraction.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3812
M-2008-1061	EFSA-Q-2008-4531	3814 - Salvia officinalis (Common Name : Sage) - Digestive health	Helps to support the digestion /contributes to the normal function of intestinal tract /contributes to normal stomach function	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3814
M-2008-1061	EFSA-Q-2008-4536	3819 - SCHISANDRA CHINENSIS BAILL. - Contributes to the upper respiratory tract health	Balm: due to its balsamic activity could help during the cool season.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3819
M-2008-1061	EFSA-Q-2008-4537	3820 - SCHISANDRA CHINENSIS BAILL. - Hepatoprotective	Useful to maintain the physiological purifying functions.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3820

M-2008-1061	EFSA-Q-2008-4538	3821 - Silybum marianum (Common Name : Milk thistle) - Liver health	Supports liver health /contributes to liver protection /contributes to the detoxifying potential of the liver /helps to maintain the liver function and additionally promote the digestion and the body's purification	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3821
M-2008-1061	EFSA-Q-2008-4543	3826 - TARAXACUM OFFICINALE WEBER - Contributes to appetite	Stimulates the digestion.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3826
M-2008-1061	EFSA-Q-2008-4546	3829 - Thymus vulgaris L. - Respiratory health	Soothing for mouth and throat / Reliefs in case of tickle in the throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3829
M-2008-1061	EFSA-Q-2008-4547	3830 - Tilia ssp. Lime tree nom français : tilleul - digestive and liver health	Traditionnally used to contribute/support/help to digestive well-being - Traditionnally used to contribute/support/help to healthy digestion - Traditionnally used to contribute/support/help to healthy liver activity - Traditionnally used to contribute/support/help to liver well-being - Contribute/support/help to digestive well-being - Contribute/support/help to healthy digestion - Contribute/support/help to healthy liver activity - Contribute/support/help to liver well-being	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3830
M-2008-1061	EFSA-Q-2008-4548	3832 - TRIGONELLA FOENUM-GRAECUM L. - Helps to maintain physiological lipid levels in the blood	Through balanced diets helps the control of lipidic metabolism (cholesterol and triglycerides).	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3832
M-2008-1061	EFSA-Q-2008-4549	3833 - Turnera diffusa (Common Name : Damiana) - Sexual health	Contributes to a good sexual appetite	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3833
M-2008-1061	EFSA-Q-2008-4553	3837 - VALERIANA OFFICINALIS L. - Helps to maintain good cognitive functioning	Contributes to recover physical and mental well-being.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3837
M-2008-1061	EFSA-Q-2008-4558	3842 - Vitex agnus-castus (Common Name : Chasteberry, Chaste fruit, Monk's pepper) - Menstruation	Helps to maintain good comfort before and during menstrual cycle	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3842
M-2008-1061	EFSA-Q-2008-4559	3843 - Agaricus blazei (Common Name : Agaricus blazei murill (ABM)) - Immune health	Helps the natural defences /contributes to a normal immune respons /support the immune system /supports the human complement system /is rich in beta-glucans that contributes to the immune activity	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3843
M-2008-1061	EFSA-Q-2008-4560	3844 - Agathosma betulina & crenulata (Common Name : Buchu) - Health of lower urinary tract	Helps to maintain the health of the urinary system	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3844
M-2008-1061	EFSA-Q-2008-4562	3846 - Argania spinosa (Common Name : Argan) - Cardiovascular health	Contributes to a healthy cholesterol level	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3846
M-2008-1061	EFSA-Q-2008-4563	3847 - Calendula officinalis (Common Name : Marigold) - Intestinal and liver health	Helps support normal liver function	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3847
M-2008-1061	EFSA-Q-2008-4564	3848 - Cinchona pubescens (Common Name : Cinchona / Peruvian bark) - Appetite/Digestive health	Contributes to appetite /helps to promote appetite in cases of loss of appetite / helps to support digestion/helps maintain digestive comfort.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3848
M-2008-1061	EFSA-Q-2008-4566	3850 - Epilobium parviflorum/angustifolium (Chamaenerion angustifolium) (Common Name : Willow herb) - Health of lower urinary tract	Willow herb contributes to the functioning of the urinary tract	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3850
M-2008-1061	EFSA-Q-2008-4568	3852 - Filipendula ulmaria (Spiraea ulmaria) (Common Name : meadowsweet) - Respiratory health	-soothens the respiratory tract ¹ - Soothing for throat - supportive and soothing in case of tickle in the throat - to use in case of temporary croakiness	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3852
M-2008-1061	EFSA-Q-2008-4569	3853 - Galeopsis segetum (Common Name : Hemp-nettle) - Respiratory health	#NAME?	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3853
M-2008-1061	EFSA-Q-2008-4571	3855 - Hamamelis virginiana (Common Name : Wtch hazel) - Vein health	Contributes to circulation in the legs /tired legs /light legs Contributes to normal blood circulation	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3855
M-2008-1061	EFSA-Q-2008-4573	3857 - Humulus lupulus (Common Name : Hops) - Digestive health	helps to support the digestion; contributes to the function of intestinal tract	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3857
M-2008-1061	EFSA-Q-2008-4574	3858 - Humulus lupulus (Common Name : Hops) - Menopause	Helps to maintain a calm and comfortable menopause /helps women coping with the telltale signs associated with menopause, such as hot flushes, sweating, restlessness and irritability	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3858
M-2008-1061	EFSA-Q-2008-4575	3859 - Hydrastis canadensis (Common Name : Golden seal) - Immune health	#NAME?	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3859
M-2008-1061	EFSA-Q-2008-4576	3860 - Hypericum perforatum (Common Name : St. John's Wort) - Mental health	Contributes to emotional balance /contributes to optimal relaxation /helps to support the relaxation /helps to maintain a healthy sleep /helps maintain a positive mood	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3860

M-2008-1061	EFSA-Q-2008-4578	3862 - Illicium verum (Common Name : Star anise) - Immune health	#NAME?	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3862
M-2008-1061	EFSA-Q-2008-4579	3863 - Illicium verum (Common Name : Star anise) - Respiratory health	-soothens the respiratory tract ¹ - Soothing for throat - supportive and soothing in case of tickle in the throat - to use in case of temporary croakiness	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3863
M-2008-1061	EFSA-Q-2008-4580	3864 - Lepidium meyenii (Common Name : Maca) - Physical and mental health	Source of energy /supports physical and mental performance /helps maintain optimal stamina, feelings and vitality	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3864
M-2008-1061	EFSA-Q-2008-4581	3865 - Lycopodium serratum Thunb. (Common Name: Chinese Club Moss, Hup A, Huperzia serrata, Lycopodium serrata, Qian Ceng Ta, Shuangyiping) - Mental health	#NAME?	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3865
M-2008-1061	EFSA-Q-2008-4582	3866 - Marrubium vulgare (Common Name : Horehound (white)) - Digestive health	Helps to support the digestion /contributes to the normal function of intestinal tract/helps support the digestive juice flow	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3866
M-2008-1061	EFSA-Q-2008-4583	3867 - Marsdenia condurango (Common Name : Kondurgango shrub) - Gastric health/Digestive health	Good for a healthy stomach and digestive system	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3867

M-2008-1061	EFSA-Q-2008-4584	3868 - Melilotus officinale (Common Name : Melilot, sweet clover) - Vein health	Contributes to circulatory health /tired legs /light legs	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3868
M-2008-1061	EFSA-Q-2008-4586	3870 - Panax ginseng (Common Name : Asian, Korean ginseng) - Cognitive performance	Helps to maintain good cognitive performance /supports memory performance /contributes to good cognitive performance /contributes to normal blood circulation, which is associated with brain performance and reactivity /contributes to optimal mental and cognitive activity /helps to maintain physical and mental capacities in cases of weakness, exhaustion, tiredness, and loss of concentration	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3870
M-2008-1061	EFSA-Q-2008-4587	3871 - Panax ginseng (Common Name : Asian, Korean ginseng) - Glucose metabolism	Help to maintain a normal blood glucose level as part of a healthy lifestyle /Contributes to normal glucose level	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3871
M-2008-1061	EFSA-Q-2008-4588	3872 - Pelargonium reniforme/sidoids (Common Name : Geranium) - Respiratory health	-soothes the respiratory tract '- Soothing for throat - supportive and soothing in case of tickle in the throat - to use in case of temporary croakiness	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3872
M-2008-1061	EFSA-Q-2008-4589	3873 - Potentilla erecta (Tormentillae radix) (Common Name : Bloodroot) - Intestinal health	Contributes to intestinal comfort	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3873
M-2008-1061	EFSA-Q-2008-4590	3874 - Prunus africana (Pygeum africanum) (Common Name : Pygeum africanum) - Health of bladder and lower urinary tract	Support of normal urinary function in men	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3874
M-2008-1061	EFSA-Q-2008-4591	3875 - Rhamnus frangula (Common Name : Buckthorn) - Intestinal health	Contributes to soft stools /supports bowel movement /contributes to the working of the intestines and regular bowel movement.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3875
M-2008-1061	EFSA-Q-2008-4592	3876 - Rheum officinalis (Common Name : Rhubarb) - Intestinal health	Contributes to intestinal transit and intestinal function /helps to have a good intestinal functioning /intestinal well-being	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3876
M-2008-1061	EFSA-Q-2008-4593	3877 - Rhodiola rosea (Common Name : Rhodiola) - Cognitive and mental performance	Contributes to normal blood circulation, which is associated with brain performance and reactivity /contributes to optimal mental and cognitive activity	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3877
M-2008-1061	EFSA-Q-2008-4595	3879 - Rosa canina (Common Name : Dog rose / Rose hip) - Digestive health	Helps to support the digestion /contributes to the normal function of intestinal tract	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3879
M-2008-1061	EFSA-Q-2008-4596	3880 - Rosa canina (Common Name : Dog rose / Rose hip) - Immune health	#NAME?	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3880
M-2008-1061	EFSA-Q-2008-4597	3881 - Rosa canina (Common Name : Dog rose / Rose hip) - Respiratory health	/contributes to the body's defences	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3881
M-2008-1061	EFSA-Q-2008-4598	3882 - Rosmarinus officinalis (Common Name : Rosemary) - Immune health	#NAME?	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3882
M-2008-1061	EFSA-Q-2008-4601	3885 - Salvia officinalis (Common Name : Sage) - Immune health	#NAME?	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3885
M-2008-1061	EFSA-Q-2008-4602	3886 - Sanicula europaea (Common Name : Sanicle) - Respiratory health	-soothes the respiratory tract '- Soothing for throat - supportive and soothing in case of tickle in the throat - to use in case of temporary croakiness	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3886
M-2008-1061	EFSA-Q-2008-4603	3887 - Tanacetum parthenium (Common Name : Feverfew) - Relaxation	/ helps to keep relaxing /supports relaxing the head	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3887
M-2008-1061	EFSA-Q-2008-4606	3890 - Ulmus fulva (Common Name : Sipperry elm) - Intestinal health	Soothes the digestive tract /helps make milk more digestible /helps support the digestive system /a source of mucilage which support the mucous membranes	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3890
M-2008-1061	EFSA-Q-2008-4607	3891 - Uncaria tomentosa (Common Name : cat's claw) - immune health	Contributes to the immune system	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3891
M-2008-1061	EFSA-Q-2008-4610	3894 - Urtica dioica (Common Name : Nettle) - Immune health	Support of the body's defence /supports the immune system	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3894
M-2008-1061	EFSA-Q-2008-4611	3895 - Usnea barbata (Common Name : Old Men's Beard) - Health of the upper respiratory tract	Contributes to comfort of troath /Moistens the membranes of the mouth and throat	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3895
M-2008-1061	EFSA-Q-2008-4613	3897 - Verbena officinalis (Common Name : Vervain) - Lactation	Supports lactation	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3897
M-2008-1061	EFSA-Q-2008-4614	3898 - Vinca minor (Common Name : Small periwinkle) - Mental health	Contributes to normal brain function	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3898
M-2008-1061	EFSA-Q-2008-4618	3902 - Arctostaphylos uva ursi (Common Name : Bearberry) - Bladder health/ Health of urinary tract. Uncomplicated infections of the lower urinary tract, such as cystitis, when antibiotic treatment is not considered essential	Support of normal bladder function	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3902
M-2008-1061	EFSA-Q-2008-4619	3903 - Boswellia serrata (Common Name : Frankincense) - Intestinal health	Protects digestive tract/ soothing on the intestine / May help maintain the lining of the digestive system	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3903
M-2008-1061	EFSA-Q-2008-4621	3905 - Boswellia serrata (Common Name : Frankincense) - Respiratory	Supports the health of the lungs	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3905
M-2008-1061	EFSA-Q-2008-4622	3906 - Cetraria islandica (L.) Acharius s.l.(Common name: Iceland Moss) - Appetite	Loss of appetite	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3906
M-2008-1061	EFSA-Q-2008-4623	3907 - Cinnamomum zeylanicum Nees (Common Name : Cinnamon) - Intestinal health / diarrhoea		28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3907
M-2008-1061	EFSA-Q-2008-4624	3908 - Curcuma longa L (Curcuma domestica Valetton). (Common Name : Turmeric, kunyit, curcumin) - Liver	Helps maintain the health of the liver	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3908
M-2008-1061	EFSA-Q-2008-4627	3911 - Equisetum arvense (Common Name : Horsetail) - Remineralizing	May help to remineralize the body / the silica in horsetail helps maintain hair, nails and skin in optimum condition	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3911
M-2008-1061	EFSA-Q-2008-4629	3913 - Eschscholtzia californica (Common Name : Californian poppy) - Mental health / Relaxation / for disturbed sleep/ insomnia /nervous agitation/ anxiety	Helps you cope calmly with the stress of a busy lifestyle /contributes to optimal relaxation /helps to support the relaxation /improves the quality of natural sleep	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3913
M-2008-1061	EFSA-Q-2008-4635	3919 - Grindelia robusta Nutt. (Common name: Gumweed, tarweed) - Respiratory health	Due to its balsamic activity could help during the cool season, Good for respiratory tract and/or throat, Demulcent, Expectorant.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3919

M-2008-1061	EFSA-Q-2008-4636	3920 - Hamamelis virginiana (Common Name : Witch hazel) - Vein health / painful and heavy legs, varicose veins, haemorrhoids	Contributes to circulation in the legs /tired legs /light legs Contributes to normal blood circulation	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3920
M-2008-1061	EFSA-Q-2008-4637	3921 - Helichrysum italicum Don. / Helichrysum angustifolium (Common Name : immortelle, curry plant) - digestive health / dyspeptic complaints	Used to facilitate the digestion / Contributes to the digestive comfort/Helps to support the digestion/Contributes to support the digestion/Contributes to better digestion/ contributes to the normal function of intestinal tract	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3921
M-2008-1061	EFSA-Q-2008-4638	3922 - Helichrysum italicum Don. / Helichrysum angustifolium (Common Name : immortelle, curry plant) - respiratory health	Due to its balsamic activity could help during the cool season, Good for respiratory tract and/or throat, Demulcent, Expectorant.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3922
M-2008-1061	EFSA-Q-2008-4639	3923 - Ilex paraguariensis (Common Name : Yerba mate) - mental and physical fatigue	helps to strengthen the body /helps you feel more energetic /has stimulating and tonic properties that contribute to the resistance against mental and physical fatigue	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3923
M-2008-1061	EFSA-Q-2008-4640	3924 - Ilex paraguariensis (Common Name : Yerba mate) - Weight management / Metabolism of lipids	Contributes to body weight management /contributes to lipid degradation	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3924
M-2008-1061	EFSA-Q-2008-4641	3925 - Lavandula angustifolia (Common Name : Lavender) - Relaxation	Contributes to optimal relaxation /helps to support the relaxation / helps to maintain a healthy sleep/ helps in funtional abdominal complaints	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3925
M-2008-1061	EFSA-Q-2008-4642	3926 - Linum usitatissimum (Common Name : flaxseed, linseed) - Gut health	increases the volume of faeces/ promotes the intestinal peristalsis / /contributes to regularity of bowel function	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3926
M-2008-1061	EFSA-Q-2008-4644	3928 - Matricaria recutita (Common Name : Chamomile Camomile) - Digestive health	Helps to supports the treatment of gastro-intestinal complaints such as minor spasms epigastric distension, flatulence and belching	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3928
M-2008-1061	EFSA-Q-2008-4646	3930 - Panax ginseng (Common name: Ginseng) - Ginseng and immunity	Ginseng supports the immune system	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3930
M-2008-1061	EFSA-Q-2008-4647	3931 - Peumus boldus (Common Name : Boldo) - Liver health / minor hepatobiliary dysfunction	supports liver and biliary function	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3931
M-2008-1061	EFSA-Q-2008-4648	3932 - Plantago ovata/ispaghula (Common Name : Psyllium Husk) - conditions in which an increased daily yintake of fibre	Contributes to intestinal transit and intestinal function Helps to maintain a healthy bowel and facilitate intestinal transit. Digestion	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3932
M-2008-1061	EFSA-Q-2008-4649	3933 - Plantago ovata/ispaghula (Common Name : Psyllium Husk) - Intestinal / Occasional contipation / conditions in which easy defection with soft stools is desirable (during pregnancy, haemorrhoids, etc.)		28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3933
M-2008-1061	EFSA-Q-2008-4650	3934 - Serenoa repens, Sabal serrulata (Common Name: Saw Palmetto) - Health of urinary function in Benign Prostatic Hyperplsia	Adjuvant in the symptomatic treatment of micturition disorders in BPH stage I e II/ For the maintenance of normal urinary function for men from the age of 45 /support of peak urinary flow	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3934
M-2008-1061	EFSA-Q-2008-4652	3936 - Urtica dioica (Common Name : Nettle) - prostate healt	adjuvant in sympomatic treatment of micturition disorders in Benign Prostatic Hyperplasia at stage I e II.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3936
M-2008-1061	EFSA-Q-2008-4656	3940 - Fennel (Foeniculum vulgare) - Supports activity of lacteal glands.	Supports production of breast milk.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3940
M-2008-1061	EFSA-Q-2008-4657	3941 - Fennel (Foeniculum vulgare) - Supports secretion of mucus.	Eases expectoration.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3941
M-2008-1061	EFSA-Q-2008-4660	3944 - Humulus lupulus (Common Name : Hops) - Cholesterol	Contributes to a normal cholesterol	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3944
M-2008-1061	EFSA-Q-2008-4661	3945 - Tilia ssp. / Tilia cordata / Tilia platyphyllos (Common Name : Linden) - Immune health	#NAME?	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3945
M-2008-1061	EFSA-Q-2008-4662	3946 - Tilia ssp. / Tilia cordata / Tilia platyphyllos (Common Name : Linden) - Relaxation	helps to maintain an optimal relaxation ; helps to support the relaxation ; helps to maintain a healthy sleep	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3946
M-2008-1061	EFSA-Q-2008-4663	3947 - Aloe ferox, bardadensis, hybrids or vera or spicata (Common Name : Bitter aloe) - Intestinal health / Bowel function	Support gastrointestinal health /helps to support the digestion /maintenance of the intestinal functions /helps to promote bowel regularity /helps the function of the intestines /supports better bowel performance /contributes to bowel movements /supports regular bowel movement/supports the functioning of the intestine/for a regular bowel motion / Maintains a regular bowel function / helps to maintain bowel function /helps to regulate transit time /helps to maintain a good transit	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3947
M-2008-1061	EFSA-Q-2008-4664	3948 - Coriandrum sativum L. (Common name: coriander) - Appetite & digestion	Helps to digest toxins. Helps maintain normal gas balance in digestive tract, usefull in case of dyspeptic complaints and loss of appetite.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3948
M-2008-1061	EFSA-Q-2008-4666	3950 - Echinacea purpurea (Common name: Purple Coneflower Herb) - Healt of the upper respiratory tract	adjuvant terapy of recurrent infection of the upper respiratory tract/prophylaxis of recurrent infection of the upper respiratory tract/supportive therapy for cold	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3950
M-2008-1061	EFSA-Q-2008-4667	3951 - Pimpinella anisum (Common Name : Anise) - Appetite and Digestive health / Dyspeptic complaints with mild spasms of the gastrointestinal tract, bloating and flatulence	Helps to support the digestion/ helps to support the digestion /contributes to the normal function of intestinal tract/helps support the digestive juice flow	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3951
M-2008-1061	EFSA-Q-2008-4668	3952 - Trigonella foenum-graecum (Common Name : Fenugreek) - Appetite	Contributes to appetite /helps to support digestion	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3952
M-2008-1061	EFSA-Q-2008-4670	3954 - Aesculus hippocastanum (Common Name : Horse chestnut) - Vein health/ Blood circulation	Helps maintain healthy blood circulation/promotes circulatory health//helps maintain healthy venous circulation in the legs	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3954

M-2008-1061	EFSA-Q-2008-4671	3955 - Andrographis paniculata - Immunity	"Helps support the body's natural immunity. Contributes to the resistance of the organism/supports the natural defence mechanism, especially at the level of the upper respiratory tract"	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3955
M-2008-1061	EFSA-Q-2008-4672	3956 - Agaricus blazei (Common Name : Agaricus blazei muril (ABM)) - Immune health	Helps the natural defences/contributes to a normal immune response/helps the body to resist biologic insults/support the immune system/supports the human complement system/is rich in beta-glucans that contributes to the immune activity	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3956
M-2008-1061	EFSA-Q-2008-4673	3957 - Aloe vera, ferox, bardadensis, hybrids or vera or spicata (Common Name : Bitter aloe) - Gastrointestinal health	Support gastrointestinal health/helps to support the digestion/maintenance of the intestinal functions/contributes to physical wel-being helps to promote regularity/helps the function of the intestines/supports beter bowel performance/contributes to bowel movements/supports regular bowel movement/supports the functioning of the intestine/for a regular bowel motion	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3957
M-2008-1061	EFSA-Q-2008-4674	3958 - Aloe latex - Bowel function	Aloe may help support regular bowel function	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3958
M-2008-1061	EFSA-Q-2008-4675	3959 - Asparagus racemosus - Helps maintain healthy digestion	Helps maintain health digestion and avoid gastric upset Anti ulcer	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3959
M-2008-1061	EFSA-Q-2008-4676	3960 - Asparagus racemosus ROOT - Reproduction	Supports both male and female reproductive functions	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3960
M-2008-1061	EFSA-Q-2008-4677	3961 - Asparagus racemosus ROOT - Female reproductive system	Supports the health of the female reproductive system . Helps to maintain balance in female physiology during and after menopause.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3961
M-2008-1061	EFSA-Q-2008-4679	3963 - Asparagus racemosus ROOT - Stress/mental/sleep	Supports the onset of sleep. Supports mental function. Improves the body's resistance to stress. Helps the body to deal with stress	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3963
M-2008-1061	EFSA-Q-2008-4680	3964 - Asparagus racemosus ROOT - Cardiovascular	Supports the health of the circulatory system. Supports heart function.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3964
M-2008-1061	EFSA-Q-2008-4682	3967 - Angelica archangelica L.(Common name: Angelica) - Respiratory health	Soothing for mouth and throat / Reliefs in case of irritation of throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3967
M-2008-1061	EFSA-Q-2008-4683	3968 - Astragalus membranaceus (Common Name : Milk vetch) - Immune health	Supports the natural defences	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3968
M-2008-1061	EFSA-Q-2008-4684	3969 - Achyranthes aspera WHOLE PLANT - Respiration	Helps keep the chest clear.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3969
M-2008-1061	EFSA-Q-2008-4688	3973 - Asphaltum/Shilajit - purified - Urinary function	Helps maintain the health of the urinary system. Helps maintain the health of the prostate gland.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3973
M-2008-1061	EFSA-Q-2008-4689	3974 - Asphaltum/Shilajit - purified - Digestion and metabolism of carbohydrates and lipids	Supports the metabolism of fats. Supports the metabolism of sugars.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3974
M-2008-1061	EFSA-Q-2008-4690	3975 - Asphaltum/Shilajit - purified - Weight	Helps to normalise body weight.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3975
M-2008-1061	EFSA-Q-2008-4691	3976 - Asphaltum/Shilajit - purified - Reproduction	Supports male & female sexual function	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3976
M-2008-1061	EFSA-Q-2008-4692	3977 - Asphaltum/Shilajit - purified - Menses	Helps maintain balance and comfort of the menstrual cycle.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3977
M-2008-1061	EFSA-Q-2008-4695	3980 - Asphaltum/Shilajit - purified - Mental	Supports mental and cognitive function	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3980
M-2008-1061	EFSA-Q-2008-4697	3982 - Azadirachta indica. BARK - Liver	Supports liver function	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3982
M-2008-1061	EFSA-Q-2008-4698	3983 - Azadirachta indica. BARK - Skin	Supports skin health. Soothing to the skin.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3983
M-2008-1061	EFSA-Q-2008-4699	3984 - Azadirachta indica. BARK - Antioxidant/anti-inflammatory/antipyretic	Antioxidant. Supports the immune system	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3984
M-2008-1061	EFSA-Q-2008-4700	3985 - Azadirachta indica. LEAF - Sugar metabolism and eye function.	Supports balanced metabolism of sugars and eye function.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3985
M-2008-1061	EFSA-Q-2008-4701	3986 - Bacopa monnieri - Memory enhancer	May help to improve concentration and memory Helps the maintenace of good cognitive function/helps to maintain memory with age decline and to preserve cognitive function/ helps the peripheral blood micro circulation/contributes to normal blood circulation, which is associated with brain performance	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3986
M-2008-1061	EFSA-Q-2008-4702	3988 - Berberis aristata FRUIT - Genitourinary	Supports the health of the reproductive and urinary organs.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3988
M-2008-1061	EFSA-Q-2008-4703	3989 - Berberis aristata ROOT - Liver	Supports liver health	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3989
M-2008-1061	EFSA-Q-2008-4704	3990 - Berberis aristata STEM - Skin	Supports skin health	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3990
M-2008-1061	EFSA-Q-2008-4705	3991 - Bauhinia variegata BARK - Digestive tract	Helps to keep the digestive tract free from parasites	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3991
M-2008-1061	EFSA-Q-2008-4706	3992 - Bauhinia variegata BARK - Skin	Helps to keep skin cool and healthy	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3992
M-2008-1061	EFSA-Q-2008-4707	3993 - Bauhinia variegata BARK - Lipid metabolism	Helps to reduce body fat.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3993
M-2008-1061	EFSA-Q-2008-4708	3994 - Bauhinia variegata BARK - Immunity	Supports immune function.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3994
M-2008-1061	EFSA-Q-2008-4709	3995 - Bauhinia variegata BARK - Pelvic cavity	Supports the health of the pelvic cavity	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3995
M-2008-1061	EFSA-Q-2008-4710	3996 - Boerhaavia diffusa ROOT - Digestion	Helps to maintain regular elimination.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3996
M-2008-1061	EFSA-Q-2008-4712	3998 - Boerhaavia diffusa ROOT - Nervous system	Helps maintain balance in the nervous system. Helps maintain resistance to pain.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3998
M-2008-1061	EFSA-Q-2008-4713	3999 - Boerhaavia diffusa ROOT - Respiratory	Helps keep the lungs clear	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	3999
M-2008-1061	EFSA-Q-2008-4714	4000 - Boswellia serrata RESIN - Joints	Helps keep joints cool and comfortable.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4000
M-2008-1061	EFSA-Q-2008-4715	4001 - Boswellia serrata RESIN - Mental	Supports mental function. Helps refine mental function.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4001

M-2008-1061	EFSA-Q-2008-4716	4002 - Boswellia serrata RESIN - Heart & blood	Helps keep blood cholesterol at healthy levels. Supports heart function.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4002
M-2008-1061	EFSA-Q-2008-4717	4003 - Boswellia serrata RESIN - Gastrointestinal	Supports the health of the gastro-intestinal tract	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4003
M-2008-1061	EFSA-Q-2008-4718	4004 - Boswellia serrata RESIN - Respiratory	Supports the health of the lungs	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4004
M-2008-1061	EFSA-Q-2008-4719	4005 - Boswellia serrata RESIN - Reproduction	Supports menstrual health. Supports male sexual health	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4005
M-2008-1061	EFSA-Q-2008-4720	4006 - Cimicifuga racemosa (Actea racemosa) (Common Name : Black Cohosh) - Menopause	Helps to maintain a calm and comfortable menopause/helps women coping with the teltale signs associated with menopause, such as hot flushes, sweating, restlessness and irritability	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4006
M-2008-1061	EFSA-Q-2008-4722	4008 - Curcuma longa RHIZOME - Skin	Helps to keep the skin healthy	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4008
M-2008-1061	EFSA-Q-2008-4723	4009 - Curcuma longa RHIZOME - Immunity, Antioxidant	Helps to maintain the efficacy of the immune system. Helps to maintain resistance to allergies. Has significant antioxidant properties.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4009
M-2008-1061	EFSA-Q-2008-4724	4010 - Curcuma longa RHIZOME - Cholesterol/cardiovascular	Supports production and quality of blood. Supports heart function. Supports blood circulation	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4010
M-2008-1061	EFSA-Q-2008-4725	4011 - Curcuma longa RHIZOME - Respiratory	Helps maintain the health of the lungs and upper respiratory tract.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4011
M-2008-1061	EFSA-Q-2008-4727	4013 - Curcuma longa RHIZOME - Liver	Helps maintain the health of the liver	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4013
M-2008-1061	EFSA-Q-2008-4728	4014 - Curcuma longa RHIZOME - Nervous system	Supports the function of the nervous system	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4014
M-2008-1061	EFSA-Q-2008-4729	4017 - Commiphora mukul (Common Name : Guggulu) - Cholesterol	Helps to maintain a normal serumlipid levels Maintains healthy levels of cholesterol in the human body	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4017
M-2008-1061	EFSA-Q-2008-4730	4018 - Cissus quadrangularis extract - Weight control/slimming Inhibition of dietary fat absorption Inhibition of dietary sugar absorption	[Lose up to 14lbs in 8 weeks.] Lose 3x the weight compared to placebo Inhibits absorption of up to 25% of dietary fat consumption. Inhibits absorption of up to 20% of dietary sugar consumption.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4018
M-2008-1061	EFSA-Q-2008-4731	4019 - Commiphora mukul PURIFIED EXUDATE - Cardiovascular, lipid metabolism and weight	Helps maintain healthy cholesterol levels. Useful for weight balance.Supports the health of the cardiovascular system. Supports heart function	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4019
M-2008-1061	EFSA-Q-2008-4733	4021 - Commiphora mukul PURIFIED EXUDATE - Antioxidant & immunity	Supports immune the health of the immune system. Has significant antioxidant properties	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4021
M-2008-1061	EFSA-Q-2008-4734	4022 - Commiphora mukul PURIFIED EXUDATE. - Skin	Helps maintain the health of the skin.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4022
M-2008-1061	EFSA-Q-2008-4737	4025 - Commiphora mukul PURIFIED EXUDATE - Central Nervous System	Helps to keep the head and body comfortable and supports nerve function	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4025
M-2008-1061	EFSA-Q-2008-4738	4026 - Commiphora mukul PURIFIED EXUDATE - Reproduction and menses	Helps maintain comfort of menstrual function. Supports the health of the prostate gland	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4026
M-2008-1061	EFSA-Q-2008-4739	4027 - Convolvulus pluricaulis WHOLE PLANT - Mental/emotional/sleep	Supports mental function. Helps maintain mental balance.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4027
M-2008-1061	EFSA-Q-2008-4740	4028 - Convolvulus pluricaulis WHOLE PLANT - Cardiovascular	Supports heart function. Helps maintain normal blood pressure	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4028
M-2008-1061	EFSA-Q-2008-4741	4029 - Calendula officinalis L.(Common names: Common Marygold, Marigold) - Respiratory health	Soothing for mouth and throat / Reliefs in case of irritation of throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4029
M-2008-1061	EFSA-Q-2008-4742	4030 - Cetraria islandica (L.) Acharius s.l.(Common name: Iceland Moss) - Respiratory health	Soothing for mouth and throat / Reliefs in case of irritation of throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4030
M-2008-1061	EFSA-Q-2008-4743	4031 - Drosera rotundifolia L.(Common name: Sundew) - Respiratory health	Soothing for mouth and throat / Reliefs in case of irritation of throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4031
M-2008-1061	EFSA-Q-2008-4744	4032 - Echinacea purpurea L. Moench (Common name: Echinacea) - Respiratory Health	Soothing for mouth and throat / Reliefs in case of irritation of throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4032
M-2008-1061	EFSA-Q-2008-4745	4033 - Elettaria cardamomum SEED - Cardiovascular	Supports cardiovascular function	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4033
M-2008-1061	EFSA-Q-2008-4747	4035 - Eucalyptus globulus La-Bill.(Common name: Eucalyptus) - Respiratory Health	Soothing for mouth and throat / Reliefs in case of irritation of throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4035
M-2008-1061	EFSA-Q-2008-4748	4036 - Eucalypti aetheroleum(Common name: Eucalyptus oil) - Respiratory Health	Soothing for mouth and throat / Reliefs in case of irritation of throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4036
M-2008-1061	EFSA-Q-2008-4757	4045 - Eclipta alba WHOLE PLANT - Skin/scalp	Helps maintain skin health. Helps maintain skin health by supporting the liver and the nervous and immune systems.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4045
M-2008-1061	EFSA-Q-2008-4758	4046 - Eclipta alba WHOLE PLANT - Mental and head	Helps maintain balance of mind. Helps keep the head pain free.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4046
M-2008-1061	EFSA-Q-2008-4759	4047 - Eclipta alba WHOLE PLANT - Liver and biliary	Supports biliary and liver function.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4047
M-2008-1061	EFSA-Q-2008-4760	4048 - Eclipta alba WHOLE PLANT - Immunity	Supports the immune system	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4048
M-2008-1061	EFSA-Q-2008-4761	4049 - Ephedra (Ephedra sinica) / Ma huang - Weight loss	Ephedrine alkaloids may help support weight loss	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4049
M-2008-1061	EFSA-Q-2008-4762	4050 - Glycyrrhiza glabra ROOT - Respiratory	Soothes the upper respiratory tract and helps to keep it comfortable. Helps keep the airways clear.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4050
M-2008-1061	EFSA-Q-2008-4763	4051 - Glycyrrhiza glabra ROOT - Mental	Helps maintain mental calm. Helps keep the nervous system strong. Supports mental function	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4051

M-2008-1061	EFSA-Q-2008-4764	4052 - Glycyrrhiza glabra ROOT - Digestion	Helps to maintain balance and comfort in the digestive systems of people with sensitive digestions	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4052
M-2008-1061	EFSA-Q-2008-4765	4053 - Glycyrrhiza glabra ROOT - Immunity. Antioxidant	Supports the immune system. Has significant antioxidant properties	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4053
M-2008-1061	EFSA-Q-2008-4767	4055 - Glycyrrhiza glabra ROOT - Genitourinary	Supports the function of the whole reproductive system. Helps maintain the health of the urinary system.Supports the health of the prostate gland	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4055
M-2008-1061	EFSA-Q-2008-4769	4057 - Gymnema Sylvestre - Weight management/Glucose metabolism/Lipid metabolism	helps in weight control programs by reducing appetite and calorie intake/supports normal glucose level in blood/helps maintain a healthy level of appetite	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4057
M-2008-1061	EFSA-Q-2008-4770	4058 - Horse chestnut (Aesculus hippocastamon) - Heart health, venous sufficiency	Horse chestnut extracts help maintain proper circulation Horse chestnut extracts help support healthy veins and capillaries	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4058
M-2008-1061	EFSA-Q-2008-4771	4059 - Herbal Infusion, including fixed combination of valerian root, lemon balm leaves and chamomile flowers. - Promoting and maintaining sleep	Claim being made is within product title 'Sleep Easy'. Back of pack text includes: "Contains natural herbal ingredients that can help promote and maintain healthy sleep in conjunction with a healthy lifestyle.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4059
M-2008-1061	EFSA-Q-2008-4772	4060 - Hemidesmus indicus ROOT - Blood and skin	Supports detoxification of the blood. Helps keep the blood clean. Has a cooling effect on the blood. Supports the health of the skin	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4060
M-2008-1061	EFSA-Q-2008-4773	4061 - Hemidesmus indicus ROOT - Respiratory	Supports the health of the throat and lungs	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4061
M-2008-1061	EFSA-Q-2008-4774	4062 - Hemidesmus indicus ROOT - Genitourinary	Supports the health of the urinary system Supports menstrual function. Helps keep menopause free from hot flushes.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4062
M-2008-1061	EFSA-Q-2008-4775	4063 - Humulus lupulus (Common Name : Hops) - Menopause	Helps to maintain a calm and comfortable menopause/helps women coping with the teltale signs associated with menopause, such as hot flushes, sweating, restlessness and irritability	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4063
M-2008-1061	EFSA-Q-2008-4777	4065 - Hypericum perforatum (Common Name : St. John's Wort) - Mental health	Contributes to emotional balance and general welbeing/contributes to optimal relaxation/helps to support the relaxation and mental and physical wel being/helps to maintain a healthy sleep/helps maintain a positive mood	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4065
M-2008-1061	EFSA-Q-2008-4778	4066 - Hyssopus officinalis L. (Common name: Hyssop) - Respiratory health	Soothing for mouth and throat / Reliefs in case of irritation of throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4066
M-2008-1061	EFSA-Q-2008-4779	4067 - Ipomoea turpethum. ROOT - Digestion & elimination	Supports the immune system. Has significant antioxidant properties.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4067
M-2008-1061	EFSA-Q-2008-4780	4068 - Ipomoea turpethum. ROOT - Skin.	Helps maintain the health of the skin.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4068
M-2008-1061	EFSA-Q-2008-4781	4069 - Kava (Piper methysticum G. Forst) - Psychological state / mood	Kava extracts help to promote a calm state of mind	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4069
M-2008-1061	EFSA-Q-2008-4782	4070 - Levomentholum (Common name: Menthol) - -Respiratory Health	Soothing for mouth and throat / Reliefs in case of irritation of throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4070
M-2008-1061	EFSA-Q-2008-4783	4071 - Marrubium vulgare L. (Common name: Horehound (white)) - Respiratory health	Soothing for mouth and throat / Reliefs in case of irritation of throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4071
M-2008-1061	EFSA-Q-2008-4784	4072 - Mesua ferrea FLOWER - Menses & blood	Helps maintain normal ability to prevent excess bleeding. Helps stop bleeding. Helps balance menstrual blood loss	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4072
M-2008-1061	EFSA-Q-2008-4785	4073 - Mimosa pudica WHOLE PLANT - Skin and blood	Supports skin healing. Supports the health of the blood. Supports normal ability to avoid excess blood loss.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4073
M-2008-1061	EFSA-Q-2008-4786	4074 - Mimosa pudica WHOLE PLANT - Genitourinary	Supports the health of the reproductive and urinary systems. Nourishes the uterus.Helps maintain balanced blood flow during women's monthly cycle.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4074
M-2008-1061	EFSA-Q-2008-4787	4075 - Mucuna pruriens. SEED - Reproduction	Supports both male and female sexual function. Enhances libido.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4075
M-2008-1061	EFSA-Q-2008-4788	4076 - Mucuna pruriens. SEED - Menses & menopause	Helps normalise menstrual blood flow. Supports the health of female reproductive organs.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4076
M-2008-1061	EFSA-Q-2008-4789	4077 - Mucuna pruriens. SEED - Antioxidant & Immunity	Has antioxidant properties. Supports the immune system.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4077
M-2008-1061	EFSA-Q-2008-4790	4078 - Menthae arvensis aetheroleum (Common names: Mint oil, Cornmint oil) - Respiratory health	Soothing for mouth and throat / Reliefs in case of irritation of throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4078
M-2008-1061	EFSA-Q-2008-4791	4079 - Matricaria recutita L. (Common name: Chamomile) - Respiratory health	Soothing for mouth and throat / Reliefs in case of irritation of throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4079
M-2008-1061	EFSA-Q-2008-4793	4081 - Nardostachys jatamansi RHIZOME - Nervous system	Nervine tonic. Helps maintain the alertness of the nervous system. Helps maintain resistance to pain.Supports the intellect. Has a soothing effect on the mind. Helps to maintain balance in the nervous system.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4081
M-2008-1061	EFSA-Q-2008-4794	4082 - Nardostachys jatamansi RHIZOME - Digestion	Supports digestive function and elimination. Helps maintain the comfort of the digestive tract.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4082
M-2008-1061	EFSA-Q-2008-4795	4083 - Nardostachys jatamansi RHIZOME - Liver	Supports liver function.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4083
M-2008-1061	EFSA-Q-2008-4796	4084 - Nardostachys jatamansi RHIZOME - Genitourinary	Supports excretion of urine. Helps maintain the comfort of the urinary system.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4084

M-2008-1061	EFSA-Q-2008-4797	4085 - Nardostachys jatamansi RHIZOME - Respiratory	Helps keep the lungs clear. Helps keep the lungs healthy. Helps keep the throat healthy.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4085
M-2008-1061	EFSA-Q-2008-4798	4086 - Nardostachys jatamansi RHIZOME - Hair	Supports the growth and colour of the hair.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4086
M-2008-1061	EFSA-Q-2008-4799	4087 - Nardostachys jatamansi RHIZOME - Skin	Supports the health of the skin.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4087
M-2008-1061	EFSA-Q-2008-4800	4088 - Nardostachys jatamansi RHIZOME - Heart	Helps balance blood pressure. Helps maintain regular heartbeat.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4088
M-2008-1061	EFSA-Q-2008-4801	4089 - Nelumbo nucifera FLOWER - Mental	Has a soothing effect on the mind	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4089
M-2008-1061	EFSA-Q-2008-4802	4090 - Pelargonium reniforme/sidoids (Common Name : Geranium) - Respiratory health	Respiratory comfort/helps to soften respiratory troubles like coughs, sore throats in a natural way	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4090
M-2008-1061	EFSA-Q-2008-4803	4092 - Potentilla erecta (Tormentilae radix) (Common Name : Bloodroot) - Intestinal health	Contributes to intestinal comfort	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4092
M-2008-1061	EFSA-Q-2008-4804	4093 - Pimpinella saxifraga L.(Common name: Burnet saxifrage) - Respiratory health	Soothing for mouth and throat / Reliefs in case of irritation of throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4093
M-2008-1061	EFSA-Q-2008-4805	4094 - Pimpinella major (L.) Hudson(Common name: Great burnet) - Respiratory Health	Soothing for mouth and throat / Reliefs in case of irritation of throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4094
M-2008-1061	EFSA-Q-2008-4807	4096 - Plantago lanceolata L. (Common name: Ribwort plantain) - Respiratory Health	Soothing for mouth and throat / Reliefs in case of irritation of throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4096
M-2008-1061	EFSA-Q-2008-4808	4097 - Ruscus aculeatus (Common Name : Butcher's Broom) - Vein health	Support of venous circulation/tired and heavy legs/contributes to the circulation in the legs	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4097
M-2008-1061	EFSA-Q-2008-4809	4098 - Rosa centifolia. PETALS - Mental	Helps to maintain mental balance. Helps to settle mental excitation. Supports the onset of sleep.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4098
M-2008-1061	EFSA-Q-2008-4810	4099 - Rosa centifolia. PETALS - Cardiovascular and emotions	Supports the physical and emotional heart. Helps to maintain the quality of the blood.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4099
M-2008-1061	EFSA-Q-2008-4811	4100 - Rosa centifolia. PETALS - Menses, menopause and genitourinary	Supports sexual function and fertility. Supports gynaecological health. Helps maintain a comfortable menstrual cycle. Helps to maintain temperature balance during perimenopause and after menopause.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4100
M-2008-1061	EFSA-Q-2008-4812	4101 - Rosa centifolia. PETALS - Digestion & elimination	Supports elimination. Helps to maintain the tone of the digestive tract. Helps maintain acid balance	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4101
M-2008-1061	EFSA-Q-2008-4813	4102 - Rosa centifolia. PETALS - Skin	Helps maintain skin health, comfort and complexion.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4102
M-2008-1061	EFSA-Q-2008-4814	4103 - Rosa centifolia. PETALS - Eyes	Supports eye health	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4103
M-2008-1061	EFSA-Q-2008-4815	4104 - Rubia cordifolia. ROOT - Skin	Helps to remove toxins from the blood and maintain good complexion. Helps to keep the skin cool and comfortable	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4104
M-2008-1061	EFSA-Q-2008-4816	4105 - Rubia cordifolia. ROOT - Liver	Supports liver function	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4105
M-2008-1061	EFSA-Q-2008-4817	4106 - Rubia cordifolia. ROOT - Digestion	Provides good support for appetite and digestion.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4106
M-2008-1061	EFSA-Q-2008-4818	4107 - Rubia cordifolia. ROOT - Gynaecological	Helps keep the menstrual cycle comfortable. Supports health during pregnancy.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4107
M-2008-1061	EFSA-Q-2008-4819	4108 - Rubia cordifolia. ROOT - Urinary & sugar metabolism	Helps to keep the urinary passages free from obstruction. Supports sugar metabolism	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4108
M-2008-1061	EFSA-Q-2008-4820	4109 - Rubia cordifolia. ROOT - Antioxidant & immunity	Supports the immune system. Has significant antioxidant properties.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4109
M-2008-1061	EFSA-Q-2008-4821	4110 - Rubia cordifolia. ROOT - Nervous system	Has a cooling effect that helps balance mental function and emotions and supports resistance to stress.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4110
M-2008-1061	EFSA-Q-2008-4822	4111 - Rosae x centifolia L. (Common name: Cabagge rose) - Respiratory health	Soothing for mouth and throat / Reliefs in case of irritation of throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4111
M-2008-1061	EFSA-Q-2008-4824	4113 - Santalum album HEARTWOOD - Cooling	Has a general cooling effect. Has a cooling effect on the skin, digestive tract, genitourinary system and mind	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4113
M-2008-1061	EFSA-Q-2008-4825	4114 - Santalum album HEARTWOOD - Immunity	Has antiseptic properties	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4114
M-2008-1061	EFSA-Q-2008-4826	4115 - Santalum album HEARTWOOD - Blood	Helps maintain the purity of the blood. Helps maintain blood clotting function.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4115
M-2008-1061	EFSA-Q-2008-4827	4116 - Santalum album HEARTWOOD - Nervous system, mind & intellect	Supports the intellect. Helps maintain mental balance.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4116
M-2008-1061	EFSA-Q-2008-4828	4117 - Santalum album HEARTWOOD - Heart	Supports heart function. Helps maintain emotional balance. Helps soothe heated emotions	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4117
M-2008-1061	EFSA-Q-2008-4829	4118 - Santalum album HEARTWOOD - Kidney and genitourinary	Supports excretion of urine. Supports the health of the urinary system. Supports the health of the reproductive organs. Helps maintain resistance to infection in the genitourinary system.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4118
M-2008-1061	EFSA-Q-2008-4830	4119 - Santalum album HEARTWOOD - Respiratory	Helps to keep the lungs clear. Helps keep the airways clear.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4119
M-2008-1061	EFSA-Q-2008-4831	4120 - Santalum album HEARTWOOD - Digestion.	Has a soothing effect on the digestive tract. Helps maintain acid balance.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4120
M-2008-1061	EFSA-Q-2008-4832	4121 - Santalum album HEARTWOOD - Skin	Helps maintain the health of the skin.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4121

M-2008-1061	EFSA-Q-2008-4833	4122 - Sida cordifolia ROOT & WHOLE PLANT - Mental excitation/sleep/stress	Helps to soothe the mental excitation and support the onset of sleep. Very soothing in stressful situations. Helps maintain balance in stressful situations. Helps you adapt in stressful situations.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4122
M-2008-1061	EFSA-Q-2008-4834	4123 - Sida cordifolia ROOT & WHOLE PLANT - Energy & libido	Helps maintain energy in stressful situations. Helps maintain libido Helps to maintain optimum energy levels.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4123
M-2008-1061	EFSA-Q-2008-4836	4125 - Sida cordifolia ROOT & WHOLE PLANT - Cardiovascular	Supports heart function	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4125
M-2008-1061	EFSA-Q-2008-4837	4126 - Sida cordifolia ROOT & WHOLE PLANT - Antioxidant & immunity	Has significant antioxidant properties. Supports immunity.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4126
M-2008-1061	EFSA-Q-2008-4839	4128 - Solanum nigrum WHOLE PLANT - Immunity	Supports the immune system. Has an anti-inflammatory effect	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4128
M-2008-1061	EFSA-Q-2008-4840	4129 - Symplocos racemosa BARK - Cooling	Has cooling properties	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4129
M-2008-1061	EFSA-Q-2008-4841	4130 - Symplocos racemosa BARK - Eyes	Supports the health of the eyes.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4130
M-2008-1061	EFSA-Q-2008-4842	4131 - Symplocos racemosa BARK - Respiratory	Supports the health of the respiratory system. Helps keep the lungs clear.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4131
M-2008-1061	EFSA-Q-2008-4843	4132 - Symplocos racemosa BARK - Immunity	Supports the immune system. Balances the inflammatory response.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4132
M-2008-1061	EFSA-Q-2008-4844	4133 - Symplocos racemosa BARK - Blood	Helps to purify the blood. Helps maintain the blood clotting function.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4133
M-2008-1061	EFSA-Q-2008-4845	4134 - Symplocos racemosa BARK - Digestion.	Helps to maintain stomach tone and function. Helps to maintain normal function of the digestive tract. Helps the formation of normal stools.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4134
M-2008-1061	EFSA-Q-2008-4846	4135 - Symplocos racemosa BARK - Mouth	Supports the health of the gums through its astringent properties	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4135
M-2008-1061	EFSA-Q-2008-4847	4136 - Symplocos racemosa BARK - Ear	Supports the health of the ears and hearing	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4136
M-2008-1061	EFSA-Q-2008-4849	4138 - Symplocos racemosa BARK - Skin	Helps to keep the skin healthy and free from infection. Enhances the complexion.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4138
M-2008-1061	EFSA-Q-2008-4850	4139 - Symplocos racemosa BARK - Liver	Supports the health of the liver	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4139
M-2008-1061	EFSA-Q-2008-4851	4140 - Symplocos racemosa BARK - Reproductive	Supports a comfortable menstrual cycle and the health of the female reproductive organs	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4140
M-2008-1061	EFSA-Q-2008-4852	4141 - Sylibum marianum (Common Name : Milk thistle) - Liver health	Supports liver health/contributes to liver protection/contributes to the detoxifying potential of the liver/helps to protect the liver which in turn maintain the liver function and additionally promote the digestion and the body's purification	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4141
M-2008-1061	EFSA-Q-2008-4853	4142 - Schisandra berry/fruit extract (Schisandra chinensis) - Adaptogenic properties	Schizandra has adaptogenic properties / may increase a person's ability to adapt to stress	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4142
M-2008-1061	EFSA-Q-2008-4854	4143 - Salvia officinalis L.(Common name: Sage) - Respiratory health	Soothing for mouth and throat / Reliefs in case of irritation of throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4143
M-2008-1061	EFSA-Q-2008-4855	4144 - Salvia lavandulaefolia essential oil - For cognitive performance	Helps maintaining optimal mental well-being, e g, maintaining concentration, attention and memory. Helps to maintain memory with age decline and to preserve cognitive function	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4144
M-2008-1061	EFSA-Q-2008-4856	4145 - Tanacetum parthenium (Common Name : Feverfew) - Relaxation	Contributes to a clear head/ helps to keep the head clear/relaxing/supports relaxing the head	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4145
M-2008-1061	EFSA-Q-2008-4857	4146 - Trifolium pratense (Common Name : Red Clover) - Menopause	Helps to maintain a calm and comfortable menopause/helps women coping with the teltale signs associated with menopause, such as hot flushes, sweating, restlessness and irritability	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4146
M-2008-1061	EFSA-Q-2008-4858	4147 - Terminalia arjuna BARK - Cardiovascular/Heart	Supports the health of the heart. Helps to maintain heart function. Helps maintaining heart health/helps to support an aware cardiovascular lifestyle	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4147
M-2008-1061	EFSA-Q-2008-4859	4148 - Terminalia belerica FRUIT - Digestion	Helps maintain the strength of the lining of the digestive tract. Supports digestion and elimination. Helps to keep the digestive tract free of parasites Helps maintain intestinal motility	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4148
M-2008-1061	EFSA-Q-2008-4860	4149 - Terminalia belerica FRUIT - Vision, head & hair	Helps to maintain vision. Helps maintain the health of the head and hair	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4149
M-2008-1061	EFSA-Q-2008-4862	4151 - Terminalia belerica FRUIT - Immunity and liver	Supports the immune system. Helps protect the liver.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4151
M-2008-1061	EFSA-Q-2008-4863	4152 - Terminalia belerica FRUIT - Cholesterol	Contributes to normal cholesterol	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4152
M-2008-1061	EFSA-Q-2008-4864	4153 - Terminalia belerica FRUIT - Cardiovascular health	Contributes to the health of the cardiovascular system	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4153
M-2008-1061	EFSA-Q-2008-4865	4154 - Terminalia belerica FRUIT - Glucose metabolism, energy and libido	Helps to maintain normal blood glucose level	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4154
M-2008-1061	EFSA-Q-2008-4866	4155 - Terminalia belerica FRUIT - Respiratory	Helps maintain the strength of the respiratory system.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4155
M-2008-1061	EFSA-Q-2008-4867	4156 - Terminalia chebula, FRUIT PERICARP - Gastrointestinal health & nutrition/digestion	Very supportive to many aspects of digestive function. Enlivens the digestive fire. -Helps to balance and maintain the regularity of elimination. Helps to keep the digestive tract free of parasites Helps to balance digestive gas levels. Helps maintain digestive functioning, digestive comfort and natural stool/ Helps to maintain bowel function / maintains a regular bowel function / supports bowel transit. Helps to benefit digestion	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4156

M-2008-1061	EFSA-Q-2008-4868	4157 - Terminalia chebula, FRUIT PERICARP - Nervous system, senses, mind & head & stress	Supports CNS function. Supports mental function in general. Supports the function of the five senses, especially the sight. -Helps maintain the health of the mouth and throat. Helps to maintain head comfort. Helps maintain the health of the scalp. Improves the body's resistance to stress. Helps the body to deal with stress	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4157
M-2008-1061	EFSA-Q-2008-4869	4158 - Terminalia chebula, FRUIT PERICARP - Liver Health	Helps to maintain the health of the liver	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4158
M-2008-1061	EFSA-Q-2008-4870	4159 - Terminalia chebula, FRUIT PERICARP - Skin health	Helps to stabilise the health and natural resistance power of the skin	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4159
M-2008-1061	EFSA-Q-2008-4871	4160 - Terminalia chebula, FRUIT PERICARP - Respiratory	Supports the health of the respiratory tract. By its astringent properties it helps to maintain moisture balance in nose, throat and lungs	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4160
M-2008-1061	EFSA-Q-2008-4872	4161 - Terminalia chebula, FRUIT PERICARP - Reproductive	Helps to keep libido strong. Helps to maintain the health of the reproductive organs	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4161
M-2008-1061	EFSA-Q-2008-4873	4162 - Terminalia chebula, FRUIT PERICARP - Cardiovascular & cholesterol	Contributes to the health of the cardiovascular system. Helps to keep the heart strong and healthy. Helps to keep the blood healthy. Contributes to normal cholesterol	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4162
M-2008-1061	EFSA-Q-2008-4875	4164 - Terminalia chebula, FRUIT PERICARP - Immune health, cellular aging & energy	Strengthens the immune system. Strengthens the body's natural defenses. Helps maintain the immune system, the body's natural defenses. Helps to maintain strength and energy levels. Helps protect cells against the aging process.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4164
M-2008-1061	EFSA-Q-2008-4876	4165 - Terminalia chebula, FRUIT PERICARP - Urinary & glucose metabolism	Helps to maintain normal blood glucose level. Supports the health of the urinary system.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4165
M-2008-1061	EFSA-Q-2008-4877	4166 - Thymus serpyllum L(Common name: Wild thyme) - Respiratory health	Soothing for mouth and throat / Reliefs in case of irritation of throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4166
M-2008-1061	EFSA-Q-2008-4878	4167 - Thymus vulgaris L. (Common name: Thyme) - Respiratory health	Soothing for mouth and throat / Reliefs in case of irritation of throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4167
M-2008-1061	EFSA-Q-2008-4879	4168 - Thymus zygis L.(Common name: Thyme) - Respiratory health	Soothing for mouth and throat / Reliefs in case of irritation of throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4168
M-2008-1061	EFSA-Q-2008-4880	4169 - Tilia cordata Mill. (Common names: Bast-small-leaved lime, Linden) - Respiratory Health	Soothing for mouth and throat / Reliefs in case of irritation of throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4169
M-2008-1061	EFSA-Q-2008-4881	4170 - Tilia platyphyllos Scop. (Common names: Large-leaved lime, Linden) - Respiratory health	Soothing for mouth and throat / Reliefs in case of irritation of throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4170
M-2008-1061	EFSA-Q-2008-4882	4171 - Tinospora cordifolia STEM - Mental & adaptogenic effect	Improves the body's resistance to stress. Helps the body to deal with stress. Helps to settle nervous excitation. Helps the mind and body deal with stress.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4171
M-2008-1061	EFSA-Q-2008-4883	4172 - Tinospora cordifolia STEM - Skin	Helps to soothe the skin. Helps maintain the health of the skin.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4172
M-2008-1061	EFSA-Q-2008-4884	4173 - Tinospora cordifolia STEM - Liver & Lipid metabolism	Helps maintain the health of the liver. Helps maintain the health of the liver against toxins. Helps to maintain the liver's cleansing action. Helps to maintain the liver's ability to regenerate itself. Helps to maintain healthy cholesterol levels.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4173
M-2008-1061	EFSA-Q-2008-4885	4174 - Tinospora cordifolia STEM - Genitourinary and glucose metabolism	Helps regulate blood sugar levels. Supports the cleansing action of the urinary system. Helps to keep the urinary system comfortable.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4174
M-2008-1061	EFSA-Q-2008-4887	4176 - Tinospora cordifolia STEM - Immune health and antioxidant	Strengthens the immune system. Strengthens the body's natural defenses. Helps maintain the natural defences of the body cleanses/strengthens	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4176
M-2008-1061	EFSA-Q-2008-4888	4177 - Tinospora cordifolia STEM - Respiratory	Helps protect the health of the lungs. Helps protect the health of the lungs against toxins	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4177
M-2008-1061	EFSA-Q-2008-4890	4179 - Tribulus terrestris FRUIT - Respiratory.	Helps maintain the health of the respiratory system.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4179
M-2008-1061	EFSA-Q-2008-4891	4180 - Tribulus terrestris FRUIT - Nervous system	Has a soothing effect on the nervous system. Supports resistance to pain.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4180
M-2008-1061	EFSA-Q-2008-4892	4181 - Tribulus terrestris FRUIT - Cardiovascular	Helps maintain the iron content of the blood. Helps maintain blood clotting ability.Helps purify the blood. Supports the health of the heart.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4181
M-2008-1061	EFSA-Q-2008-4894	4183 - Tribulus terrestris WHOLE PLANT - Mouth	Helps keep the gums healthy.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4183
M-2008-1061	EFSA-Q-2008-4895	4184 - Tribulus terrestris WHOLE PLANT - Skin	Supports the health of the skin.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4184
M-2008-1061	EFSA-Q-2008-4896	4185 - Trigonella foenum-graecum SEED. - Postpartum care, elimination and menses	Supports milk production and recovery after childbirth. Helps to balance elimination and monthly cycle after childbirth	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4185
M-2008-1061	EFSA-Q-2008-4897	4186 - Trigonella foenum-graecum SEED. - Glucose metabolism	Helps support and balance the metabolism of fats. Supports maintenance of normal glucose in blood/help to maintain a normal blood glucose level as part of a healthy lifestyle/Contributes to normal glucose and insulin metabolism	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4186
M-2008-1061	EFSA-Q-2008-4898	4187 - Trigonella foenum-graecum SEED. - Lipid metabolism	Helps support and balance the metabolism of fats	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4187
M-2008-1061	EFSA-Q-2008-4899	4188 - Verbena officinalis L. (Common name: Common vervain) - Respiratory Health	Soothing for mouth and throat / Reliefs in case of irritation of throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4188
M-2008-1061	EFSA-Q-2008-4900	4189 - Verbascum denisiflorum Bertol. Common names: Common Mullein, Mullein) - Respiratory Health	Soothing for mouth and throat / Reliefs in case of irritation of throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4189

M-2008-1061	EFSA-Q-2008-4901	4190 - Verbascum phlomoides L.(Common names: Orange Mullein, Mullein) - Respiratory Health	Soothing for mouth and throat / Reliefs in case of irritation of throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4190
M-2008-1061	EFSA-Q-2008-4905	4194 - Withania somnifera ROOT - Mental, stress & sleep	Improves the body's resistance to stress. Helps the body to deal with stress. -Helps maintain mental balance. Supports mental function in the elderly. Supports the onset of sleep. Supports learning, memory and recall. Helps you recover from stressful events. Helps maintain emotional stability	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4194
M-2008-1061	EFSA-Q-2008-4906	4195 - Withania somnifera ROOT - Energy	Helps maintain energy levels. Helps you gain weight and muscle mass. Helps build muscle. Energy tonic/Invigoration of the body Helps to maintain optimal stamina, feelings of energy and vitality, physical and mental well-being/helps to support the body's vitality/contributes to the body's resistance to stress/helps to make you feel more energetic	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4195
M-2008-1061	EFSA-Q-2008-4907	4196 - Withania somnifera ROOT - Respiratory	Helps maintain the health of the respiratory system	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4196
M-2008-1061	EFSA-Q-2008-4908	4197 - Withania somnifera ROOT - Rejuvenation	Has a general rejuvenating effect	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4197
M-2008-1061	EFSA-Q-2008-4909	4198 - Withania somnifera ROOT - Reproduction	Supports the health of the female reproductive organs. Helps maintain strength in pregnancy. Supports male sexual function. Helps maintain sperm mobility and sperm count.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4198
M-2008-1061	EFSA-Q-2008-4910	4199 - Withania somnifera ROOT - Skin	Helps maintain the health of the skin	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4199
M-2008-1061	EFSA-Q-2008-4911	4200 - Zingiber officinale RHIZOME - Immunity & antioxidant.	Helps maintain immunity. Has significant antioxidant properties.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4200
M-2008-1061	EFSA-Q-2008-4931	4221 - TURNERA DIFFUSA WILLD. - Helps to maintain good sexual relations	Contributes to recover physical and mental well-being.Helps the physical and mental resistance.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4221
M-2008-1061	EFSA-Q-2008-4932	4222 - Valeriana officinalis (Common Name : Valerian) - Mental health	Helps to maintain a natural sleep/helps maintain normal quality of sleep/helps you cope calmly with the stress of a busy lifestyle Support of mental wellbeing in cases of tension and stress/contributes to optimal relaxation/helps to support the relaxation and mental and physical well being To help sleep onset, Clinically/scientificallly proven to help normalise/promote sleep (onset), Valerian helps to maintain a natural sleep, To support calmness and in case of irritability Helps you cope calmly with the stress of a busy lifestyle, Support of mental well-being in cases of tension and stress, Contributes to optimal relaxation, Helps to support the relaxation and mental and physical well-being	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4222
M-2008-1061	EFSA-Q-2008-4966	4256 - Commiphora mukul (Common Name : Guggulu) - Cholesterol	Helps to maintain a normal serumlipid levels	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4256
M-2008-1061	EFSA-Q-2008-4967	4257 - Echinacea angustifolia/pallida (Common Name : Echinacea, pale coneflower) - Immune health	Support of the body's defence /contributes to the /supports the immune system	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4257
M-2008-1061	EFSA-Q-2008-4968	4258 - Primula veris (Common Name : Cowslip) - Health of the upper respiratory tract	Promotes upper respiratory tract health.	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4258
M-2008-1061	EFSA-Q-2008-4969	4259 - Primula veris L. syn. Primula officinalis L. (Common name: Cowslip) - Respiratory health	Soothing for mouth and throat / Reliefs in case of tickle in the throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4259
M-2008-1061	EFSA-Q-2008-4970	4260 - Trigonella foenum-graecum (Common Name : Fenugreek) - Glucose metabolism	Supports maintenance of normal glucose in blood /help to maintain a normal blood glucose level as part of a healthy lifestyle /Contributes to normal glucose level	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4260
M-2008-1061	EFSA-Q-2008-4971	4261 - Angelica archangelica (Common Name : Angelica) - Appetite	Contributes to appetite /helps to support the digestion helps to promote appetite in cases of loss of appetite	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4261
M-2008-1061	EFSA-Q-2008-4972	4262 - Eucalypti aetheroleum (Common name: Eucalyptus oil) - Respiratory Health	adjuvant treatment of chronic obstructive respiratory complaints/adjuvant treatment bronchitis and broncal athma/ symphomatic relief of catarrh, colds and coughs/ Soothing for mouth and throat / Reliefs in case of irritation of throat and pharynx / Soothing and pleasant effect on throat, pharynx and vocal cords	28/7/2008	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4262
M-2008-1061	EFSA-Q-2010-00224	4271 - Nigella sativa seed extract - Blood glucose regulation	Nigella sativa seed extract helps to regulate the blood glucose	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4271
M-2008-1061	EFSA-Q-2010-00225	4272 - Fraxinus excelsior seed extract - Blood pressure regulation	Fraxinus excelsior seed extract helps to regulate blood pressure	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4272
M-2008-1061	EFSA-Q-2010-00226	4273 - Spergularia purpurea extract - Blood pressure regulation	Spergularia purpurea extract helps to regulate the blood pressure	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4273
M-2008-1061	EFSA-Q-2010-00228	4275 - Shepherd''s Purse (blossoming top) Capsella bursa-pastoris - Maintainance of normal venous circulation and peripheral circulation	Contributes to the maintainance of normal venous circulation /Support peripheral circulation	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4275
M-2008-1061	EFSA-Q-2010-00230	4277 - Bitter orange (Citrus aurantium var. amara) - Sleep/relaxation	Contributes to natural sleep - Helps you to feel relaxed with the stress of a busy lifestyle - Helps to support the relaxation and physical well-being - Helps to maintain an optimal relaxation	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4277
M-2008-1061	EFSA-Q-2010-00256	4303 - Cynara scolymus (Common Name : Artichoke) - Liver health	support of detoxification/ helps support the digestive juice flow/ mantains a healthy liver/ contributes to intestinal comfort	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4303
M-2008-1061	EFSA-Q-2010-00257	4304 - Ginkgo Biloba (Common Name : Ginkgo) - blood system microcirculation	for symptomatic treatment of mild to moderate cerebrovascular insufficiency	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4304
M-2008-1061	EFSA-Q-2010-00259	4306 - Symplocos racemosa BARK - Hair	Helps maintain the growth of the hair	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4306

M-2008-1061	EFSA-Q-2010-00263	4310 - Aloe (Aloe vera) leaf gel - Antidiabetic agent	Helps improve glycemic control/helps maintain normal blood sugar level/contribute to the synthesis of insulin/has an insulin-releasing stimulatory effect	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4310
M-2008-1061	EFSA-Q-2010-00268	4315 - Taraxacum officinale (Dandelion) root - Digestive system: Dandelion root possesses prebiotic activities that prove beneficial in the treatment of gastrointestinal disorders	Has prebiotic activities/contributes to the gastrointestinal well-being by its prebiotic effects	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4315
M-2008-1061	EFSA-Q-2010-00269	4316 - Equisetum arvense (horsetail) green and sterile areal stems - Hepatic system: has a protective effect on hepatocyt	improves liver function thanks to its protective effect/is rich of protective compounds that protect liver cells against toxic substances	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4316
M-2008-1061	EFSA-Q-2010-00270	4317 - Queen-of-the-meadow (Filipendula ulmaria) flowering top - Has antiseptic properties	Helps to maintain the body's integrity thanks its antimicrobial effects	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4317
M-2008-1061	EFSA-Q-2010-00271	4318 - Eupatorium cannabinum (leaves) - Hepatic system: has a protective effect on hepatocyt	E. cannabinum improves liver function thanks to its protective effect/is rich of protective compounds that protect liver cells against toxic substances	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4318
M-2008-1061	EFSA-Q-2010-00272	4319 - Strawberry leave (Fragaria vesca) - Digestive health: has an antidiarrheal activity (astringent)	Helps to reduce episodes of diarrhea/is useful in a wide range of diarrheas/has a anti-diarrheal effect due to its astringent properties.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4319
M-2008-1061	EFSA-Q-2010-00273	4320 - Strawberry root (Fragaria vesca) - Digestive health: has an antidiarrheal activity	Helps to reduce episodes of diarrhea/is useful in a wide range of diarrheas/has an anti-diarrheal effect.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4320
M-2008-1061	EFSA-Q-2010-00275	4322 - Blackberry (leave-young shoot) - Digestive health: has an antidiarrheal activity (astringent)	Helps to reduce episodes of diarrhea/is useful in a wide range of diarrheas/has a anti-diarrheal effect due to its astringent properties.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4322
M-2008-1061	EFSA-Q-2010-00276	4323 - Pollen (from multiflowers) - is effective in the management of gastrointestinal disorders	Contributes to the gastrointestinal well-being	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4323
M-2008-1061	EFSA-Q-2010-00281	4328 - Rose Hip Rosa Canina L - To help increase joint mobility	Rose hip helps maintain healthy and flexible joints Rose hip contribute to enduring strength of joints	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4328
M-2008-1061	EFSA-Q-2010-00284	4331 - Aloe vera (Common Name : Bitter aloe) - Glucose	Help to maintain a normal blood glucose level as part of a healthy lifestyle/Contributes to normal glucose - insulin metabolism	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4331
M-2008-1061	EFSA-Q-2010-00289	4336 - Abies pectinata-Buds-Fir needle - bone health-mineralization	Bone health and structure of teeth (includes bone structure,bone mineralization,bone density) .	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4336
M-2008-1061	EFSA-Q-2010-00290	4337 - Abies pectinata-Buds-Fir needle - Appetite	Appetite stimulant	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4337
M-2008-1061	EFSA-Q-2010-00291	4338 - Abies pectinata-Buds-Fir needle - body's defence system against microorganism	Contributes to the organism defences against precarious microorganism	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4338
M-2008-1061	EFSA-Q-2010-00292	4339 - Acer campestre-Buds-Hedge maple - Gall Bladder Health	Contributes to normal choleresis.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4339
M-2008-1061	EFSA-Q-2010-00293	4340 - Acer campestre-Buds-Hedge maple - fat metabolism	Normalizes the metabolism of proteines, carbohydrates and lipids.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4340
M-2008-1061	EFSA-Q-2010-00294	4341 - Achillea millefolium-flowers-Asteraceae-Coadsoricelului-Yarrow - Vascular Health due to salicylic acid	helps to maintain normal vascular function	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4341
M-2008-1061	EFSA-Q-2010-00295	4342 - Achillea millefolium-flowers-Yarrow - Fat metabolism	It may reduce the blood cholesterol It may help to loose weight	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4342
M-2008-1061	EFSA-Q-2010-00296	4343 - Adhatoda vasica-leafs-Acanthaceae-Vasa-Malabar Nut - Stress Relief due to vasicine compounds and glycosides	contributes to resistance agains stress	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4343
M-2008-1061	EFSA-Q-2010-00297	4344 - Adiantum capillus-veneris-Herb-Maidenhair - Hair and nails health	Helps to maintain the health of hair and nails / Helps to prevent the loss of hair	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4344
M-2008-1061	EFSA-Q-2010-00298	4345 - Agrimonia eupatoria (agrimony),-herb - it sustain the hepato-biliary funcions by fitosterine	it controls secretion and clears away the gall into the intestine; it improves postprandial digestive comfort. /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4345
M-2008-1061	EFSA-Q-2010-00299	4346 - Agrimonia eupatoria-herb-Rosaceae-Turita mare-Agrimony - Circulatory Health due to tannins, coumarines and flavonoides	contributes to normal blood circulation	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4346
M-2008-1061	EFSA-Q-2010-00301	4348 - Ajuga reptans-aerial parts-Lamiaceae-Suliman-Bugle Weed - Liver Health by the content in iridoid glycosides, including harpagide	contributes to the detoxifying potential of the liver	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4348
M-2008-1061	EFSA-Q-2010-00302	4349 - Alnus glutinosa-Buds-Alder - Brain health	Sustains the good function of circulatory system at the brain level / Improves the peripheral arterial circulation	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4349
M-2008-1061	EFSA-Q-2010-00303	4350 - Alnus glutinosa-Buds-Black Aldertree - Vascular Health	Contributes to normal blood circulation , which is associated with brain performance and contributes to optimal mental and cognitive activity.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4350
M-2008-1061	EFSA-Q-2010-00305	4352 - Anethum graveolens-Fruits-Dill - regulates estrogen's level	regulatory of the menstrual cycle	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4352
M-2008-1061	EFSA-Q-2010-00307	4354 - Anthriscus cerefolium herba (chervil) - - it helps digestion stimulating the stomach and intestine secretion by bitter principles	it enables good gastric digestion /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4354
M-2008-1061	EFSA-Q-2010-00308	4355 - Apium graveolens (celery)-folium- - it sustain the digestive apparatus; the components of the essential oils have an antispasm effects	it enables good digestion / and efficient diuresis. /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4355
M-2008-1061	EFSA-Q-2010-00309	4356 - Arctium lappa-Roots-Burdock - Glucose metabolism	Help to maintain a normal blood glucose level	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4356
M-2008-1061	EFSA-Q-2010-00311	4358 - Artemisia vulgaris-herb-Asteraceae-Pelinarita-Mugwort - Kidneys and Prostate Health due to essential oil	helps to maintain kidneys and prostate health	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4358

M-2008-1061	EFSa-Q-2010-00312	4359 - Aspidosperma quebracho-blanco-Bark-Quebracho - Upper Respiratory Health	Helps to improve the cough	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4359
M-2008-1061	EFSa-Q-2010-00313	4360 - Avena sativa-Seeds-Oat straw - Hormonal Balance	Thyroid function and production of hormone , energy metabolism.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4360
M-2008-1061	EFSa-Q-2010-00314	4361 - Bacopa monnieri-herb-Scrophulariaceae-Brahmi-Hyssop Water - Gall Bladder Health by hersaponin content	helps to the normal function of gallblader	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4361
M-2008-1061	EFSa-Q-2010-00315	4362 - Bambusa arundinacea-herb-Gramineae-Vamsa-Bamboo - Respiratory Health	contributes to normal function of lungs / for an easy respiration	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4362
M-2008-1061	EFSa-Q-2010-00316	4363 - Berberis aristata-roots bark-Indian Barberry, Daruharidra - Glucose Metabolism	Helps to improve blood glucose control	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4363
M-2008-1061	EFSa-Q-2010-00317	4364 - Bergenia ciliata-rhizome-Saxifragaceae-Panchaved-Bergenia - Liver and Gall Bladder Health due to glucoside content	supports liver and gallblader normal function, contributes to the detoxifying potential of the liver	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4364
M-2008-1061	EFSa-Q-2010-00319	4366 - Betula pendula, folium, European White Birch, leaves - Blood cholesterol	Supports the normal level of blood cholesterol.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4366
M-2008-1061	EFSa-Q-2010-00321	4368 - Boerhavia diffusa-aerial parts-Nyctaginaceae-Punarnava-Spiderling - Glucose Metabolism due to beta-sitosterol and ursolic acid	help to maintain a normal glucose level	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4368
M-2008-1061	EFSa-Q-2010-00322	4369 - Calendula officinalis-marigold-Calendulae flowers - Skin and mucosal healing agent - due to polysaccharides, triterpene flavonoids and saponins content	By provitamin A, essential aminoacids and antibacterial components, it presents antifungal, antibacterial and healing properties.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4369
M-2008-1061	EFSa-Q-2010-00323	4370 - Capsella bursa-pastoris, flori (sheperd's purse)- it sustain the genital apparatus, circulatory and sangvin system; the biogenetic amines have an haemostatic effect	it protects against excessive bleeding / /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4370
M-2008-1061	EFSa-Q-2010-00324	4371 - Capsella bursa-pastoris-Flowering herb-Shepherd's purse - Skin health	Helps to reduce the bleeding in case of superficial skin wounds	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4371
M-2008-1061	EFSa-Q-2010-00325	4372 - Carpinus betulus-Buds-Horbean - Blood Health	Improves the blood coagulation	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4372
M-2008-1061	EFSa-Q-2010-00326	4373 - Carpinus betulus-Buds-Horbean - supports secretion of mucus in the upper respiratory tract	Contributes to an easy respiration/ to normal functioning of bronchial tubes /lungs.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4373
M-2008-1061	EFSa-Q-2010-00327	4374 - Carpinus betulus-Buds-Hornbeam - Liver Health	Helps to regenerate the liver''s tissue	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4374
M-2008-1061	EFSa-Q-2010-00328	4375 - Carthamus tinctorius-Oleum Semen-Safflower Oil - Metabolic benefits	Inhibits fat-tissue formation, stimulates muscle growth	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4375
M-2008-1061	EFSa-Q-2010-00329	4376 - Castanea sativa-leafs-Fagaceae-Castan comestibil-Sweet Chestnut - Joints Health due to mucilages	helps to maintain mobile and supple joints	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4376
M-2008-1061	EFSa-Q-2010-00330	4377 - Cedrus deodora-bark-Pinaceae-Devadaru-Himalayan Cedar - Lymphatic Health by cedrin	contributes to maintain good lymphatic flow	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4377
M-2008-1061	EFSa-Q-2010-00331	4378 - Cetraria islandica-tal-Iceland Moss - Genital female Health	Helps to reduce genital inflammations	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4378
M-2008-1061	EFSa-Q-2010-00332	4379 - Cetraria islandica-tal-Iceland Moss - Immune Health	Contributes to the proper functioning of the immune system	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4379
M-2008-1061	EFSa-Q-2010-00334	4381 - Chenopodium bonus-henricus-herb-Chenopodiaceae-Spanacul ciobanilor-Good King Henry - Satiety	provides a pleasant feeling of satiety	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4381
M-2008-1061	EFSa-Q-2010-00335	4382 - Chrysantemum balsamita-leafs-Asteraceae-Calomfir-Costmary - Glucose Metabolism	contributes to normal glucose-insulin metabolism	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4382
M-2008-1061	EFSa-Q-2010-00336	4383 - Chrystantemum cinerariafolium-flowers-Asteraceae-Piretru-Pyrethrum - Glucose Metabolism	contributes to normal glucose-insulin metabolism	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4383
M-2008-1061	EFSa-Q-2010-00337	4384 - Cichorium intybus, Cichory, herbs - Bones and Joins Health	Supports the health of bones and joins	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4384
M-2008-1061	EFSa-Q-2010-00338	4385 - Cimicifuga racemosa-root-Ranunculaceae-Cimicifuga-Black Cohosh - Lymphatic Health	contributes to maintain good lymphatic flow	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4385
M-2008-1061	EFSa-Q-2010-00339	4386 - Cinnamomum verum-Bark-Cinnamon - Digestive health	Stimulates the appetite	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4386
M-2008-1061	EFSa-Q-2010-00340	4387 - Citrus aurantium-Peel-Orange - Digestive health	Stimulates the appetite	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4387
M-2008-1061	EFSa-Q-2010-00341	4388 - Commiphora mukul-gum-Burseraceae-Guggul-Indian Bdellium Tree - Glucose Metabolism	help to maintain a normal glucose level as part of a healthy lifestyle	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4388
M-2008-1061	EFSa-Q-2010-00342	4389 - Convolvulus pluricaulis-herb-Convolvulaceae-Shankapushpi-Shankapushpi - Stress Relief	contributes to emotional balance and general wellbeing	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4389
M-2008-1061	EFSa-Q-2010-00344	4391 - Cornus sanguinea-Buds-Dogwood - improves the blood coagulation	Contributes to vascular health / Helps maintaining heart health / improves the blood coagulation	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4391
M-2008-1061	EFSa-Q-2010-00345	4392 - Corylus avellana-Buds-Hazel - antifibrotic which restores the elasticity of lung tissue.	Contributes to an easy respiration /Contributes to normal functioning of bronchial tubes/ lungs	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4392
M-2008-1061	EFSa-Q-2010-00346	4393 - Crataeva nurvala-bark-Capparidaceae-Varuna-Water Weed - Liver Health	contributes to the detoxifying potential of the liver	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4393
M-2008-1061	EFSa-Q-2010-00348	4395 - Cynara scolymus-aerial parts-Artichoke - Weight control	May help to decrease the level of lipids blood Promotes weight loss	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4395
M-2008-1061	EFSa-Q-2010-00349	4396 - Echinacea pallida-Flowering plant - Skin health	Helps to heal the skin	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4396
M-2008-1061	EFSa-Q-2010-00351	4398 - Eclipta alba-herb-Asteraceae-Bhringaraj-Trailing Eclipta - Sexual Health	helps to improve sexual performance	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4398
M-2008-1061	EFSa-Q-2010-00352	4399 - Equisetum arvense-Herba-Horsetail - Cardiovascular Health	Maintains the walls of blood vessels and coronary arteries strength, unpermeable./ Maintains the elasticity of arteries./ Support for relaxation of the blood vessels./ Furnishes oxygenated blood to the myocardium	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4399

M-2008-1061	EFSa-Q-2010-00353	4400 - Eryngium planum L., herba-sea holly, herb - Support the well function of respiratory sistem and help to obtain respiratory confort because of saponins, constituents present in this plant.	support the well function of respiratory sistem / help to obtain respiratory confort / support respiratory tract health	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4400
M-2008-1061	EFSa-Q-2010-00354	4401 - Eupatorium perfoliatum-Flowering herb-Boneset - Upper Respiratory Tract Health	Helps to improve the symptoms from flu and other infections of respiratory tract / Reduce the first symptoms from respiratory infections (lameness, eye pain)	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4401
M-2008-1061	EFSa-Q-2010-00355	4402 - Filipendula ulmaria, herba, Queen of the Meadow, herbs - Skin and Tissue Health	Supports the healthn of skin and the normal synthesis of the conjunctive tissue	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4402
M-2008-1061	EFSa-Q-2010-00356	4403 - Fumaria officinalis-herb-Fumariaceae-Fumarita-Fumitory - Skin Health	contributes to skin health	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4403
M-2008-1061	EFSa-Q-2010-00357	4404 - Galium aparine-aerial parts-Rubiaceae-Lipicioasa-Bedstraw Catchweed - Lymphatic Health	contributes to the body's purification by maintaining a healthy lymphatic flow	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4404
M-2008-1061	EFSa-Q-2010-00358	4405 - Galium verum (yellow bedstraw)-herba- - it sustain the hydroelectrolysable balance; the flavonoids have an diaphoretic effects	it supports normal functioning of the liver and biliary tract. /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4405
M-2008-1061	EFSa-Q-2010-00361	4408 - Ganoderma lucidum-herb-Ganodermataceae-Reishi-Ganoderma - Circulatory Health	contributes to mantaining a healthy circulatory function	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4408
M-2008-1061	EFSa-Q-2010-00362	4409 - Garcilaria lichenoides-herb-Gelidiaceae-Gelatina vegetala-Agar agar - Satiety	provides a pleasant feeling of satiety	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4409
M-2008-1061	EFSa-Q-2010-00363	4410 - Geranium robertianum, herba-Robert Geranium, herbs-250 mg/cps - Sexual health	Helps to maintain good sexual relations.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4410
M-2008-1061	EFSa-Q-2010-00364	4411 - Gynostemma pentaphyllum herba-the aerial part of the plant-Jiaogulan - Immmuno - modulating agent due to gypenosides	Useful in low immunity states. / Immunostimulator. / Useful for body resistance enhancement especially in tiredness and in bacterial infections of the digestive tract.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4411
M-2008-1061	EFSa-Q-2010-00365	4412 - Helianthus tuberosus-Leaves-Jerusalem Artichoke - contributes to weight management	Growth , development and maintenance of body function.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4412
M-2008-1061	EFSa-Q-2010-00366	4413 - Heracleum candicans-Fructe-Branca ursului - protects sperm cell	Aphrodisiac / Sexual health	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4413
M-2008-1061	EFSa-Q-2010-00367	4414 - Heracleum sphondylium Mill., herba-Hogweed, herb - Maintains sexual health and helps to eliminate menopausal discomfort because of furocoumarins, constituent present in this plant. because of furocoumarins present in the herb, their genital blood vessel dilatation, antispasmodic and ovary activity stimulating effects have been scientifically demostrated	support reproduction function / contribute to a good sexual life / helps to eliminate menopausal discomfort	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4414
M-2008-1061	EFSa-Q-2010-00370	4417 - Hordeum vulgare-Seeds-Barley - Liver and Gall Bladder Health	Contributes to normal choleresis	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4417
M-2008-1061	EFSa-Q-2010-00372	4419 - Humulus lupulus (hop)-strobuli- - it sustain the central nervous system by calming down effect of humulone and lupulone	soothing effect for the nervous system.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4419
M-2008-1061	EFSa-Q-2010-00373	4420 - Hypericum perforatum-flowers-St. John's Wort - Gall Bladder Health	Promotes the normal production of bile and increases the bile flow	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4420
M-2008-1061	EFSa-Q-2010-00374	4421 - Hypericum perforatum-Herba hyperici plant-St. John Wort - Atenuates sleep disturbances due to hypericin (a naphthodianthrone)	Helps in sleep disturbances.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4421
M-2008-1061	EFSa-Q-2010-00375	4422 - Hyssopus officinalis, herba, Hyssop, herbs - Bones and Joins Health	Supports the health of bones and joins	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4422
M-2008-1061	EFSa-Q-2010-00376	4423 - Ilex paraguariensis-mate-Leaves - Invigorating action due to polyphenols, catechins, theo-bromine, caffeine, and mateine content	General invigorating agent / In tiredness, stress, psychical and mental overstreinging. / During overworking or weakness periods.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4423
M-2008-1061	EFSa-Q-2010-00378	4425 - Juniperus communis-Shoots-Juniper- - Fat and carbohydrates metabolism	Fat and carbohydrates metabolism.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4425
M-2008-1061	EFSa-Q-2010-00379	4426 - Krameria triandra-roots-Rhatany - Throat and oral health	Helps to maintain the integrity of the oral and pharyngeal mucosa	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4426
M-2008-1061	EFSa-Q-2010-00380	4427 - Laurus nobilis L.-Lauraceae-Bayleaf, Laurel - Bayleaf is necessary to reduction of pathogen microorganisms	Volatil oil contributes to destruction of pathogen microorganisms.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4427
M-2008-1061	EFSa-Q-2010-00381	4428 - Leonurus cardiaca herba (motherwort)-herba- - it sustain the cardiovasclary system ; stahidrina and leonurina has a toniccardiac effect	it supports the good functioning of the cardiovascular apparatus. /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4428
M-2008-1061	EFSa-Q-2010-00382	4429 - Leonurus cardiaca-Herba-Moatherwort - Nervous System Health	Support for normal nervous system function./ Support for diminution of physical and sensorial hiperexcitability.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4429
M-2008-1061	EFSa-Q-2010-00383	4430 - Leonurus cardiaca-aerial parts-Motherwort - Respiratory Health	Expectorant / Helps to relax the respiratory tract	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4430
M-2008-1061	EFSa-Q-2010-00384	4431 - Linaria vulgaris-flowers-Scrophulariaceae-Linarita-Common Toadflax - Liver and Gall Bladder Health	contributes to liver health / contributes to detoxifying potential of the liver	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4431
M-2008-1061	EFSa-Q-2010-00386	4433 - Majorana hortensis, herba, Sweet marjoram, herbs - Nervous System Health	Supports the normal functioning of the nervous system	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4433
M-2008-1061	EFSa-Q-2010-00387	4434 - Majorana hortensis Moenc., herba-majoram, herb - contributes to optimal relaxation because of essential oil, constituent present in this plant	contributes to optimal relaxation / help to maintain a healthy sleep	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4434
M-2008-1061	EFSa-Q-2010-00388	4435 - Marrubium vulgare, herba, Horehound, herbs - Liver and Gall Bladder Health	Supports the normal liver and gall bladder function	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4435
M-2008-1061	EFSa-Q-2010-00389	4436 - Matricaria chamomilla-Flowering herb-Chamomille - Skin health	Helps to heal the skin after burns and in case of infected wounds	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4436
M-2008-1061	EFSa-Q-2010-00390	4437 - Matricaria recutita-flower-Chamomille - Fat metabolism	Promotes a normal metabolism of the lipids Promotes the reduction in body weight	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4437
M-2008-1061	EFSa-Q-2010-00392	4439 - Medicago sativa-herb-Leguminosae-Lucerna-Alfalfa - Feminine Sexual Health	help womens to maintain good sexual relations	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4439

M-2008-1061	EFSA-Q-2010-00394	4441 - Melilotus officinale, herba, Yellow sweetclover, herbs - Bones and Joints Health	Supports the health of bones and joints	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4441
M-2008-1061	EFSA-Q-2010-00396	4443 - Melissa officinalis, herba, Common balm, herbs - Crculatory Health	Support for healthy circulatory system	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4443
M-2008-1061	EFSA-Q-2010-00397	4444 - Melissa officinalis, herba, Common balm, herbs - Glandular System Health	Maintain the natural hormonal balance of the human body	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4444
M-2008-1061	EFSA-Q-2010-00398	4445 - Mentha pulegium-herb-Lamiaceae-Busuioicul cerbilor-Pennyroyal - Uterine Health	supports the uterine health	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4445
M-2008-1061	EFSA-Q-2010-00399	4446 - Mentha pulegium-herb-Lamiaceae-Busuioicul cerbilor-Pennyroyal - Digestive Health	contributes to appetite	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4446
M-2008-1061	EFSA-Q-2010-00400	4447 - Morinda citrifolia-Fructus-Noni - Immune system benefits	Stimulates immunity / Antitumoral effects	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4447
M-2008-1061	EFSA-Q-2010-00401	4448 - Moringa oleifera-root-Moringaceae-Sigru-Horse Radish Tree - Glucose Metabolism	help to maintain a normal glucose level	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4448
M-2008-1061	EFSA-Q-2010-00402	4449 - Mycelis muralis L., herba-wall lettuce, herb - Maintains a healthy stomach through flavonoids, clorogenic acid, constituents present in this plant.	helps to maintain a healthy stomach / contribute to protect gastric membraneous mucosa	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4449
M-2008-1061	EFSA-Q-2010-00403	4450 - Ocimum basilicum-herb-fruits, flowers, leaf/basil - protects lung cells	Helps to soothe common cold/pleasant for cough and croakiness/contributes to physical well-being	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4450
M-2008-1061	EFSA-Q-2010-00404	4451 - Ocimum basilicum-herb-fruits, flowers, leaf/basil - protects nerve cell and stimulates memory process	Contributes to normal blood circulation, which is asociated with brain performance and reactivity/ contributes to optimal mental and cognitive activity	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4451
M-2008-1061	EFSA-Q-2010-00409	4456 - Origanum vulgare-herb-Lamiaceae-Sovârf-Wild Marjoram - Gall Bladder Health	helps to the normal function of gallblader	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4456
M-2008-1061	EFSA-Q-2010-00412	4459 - Pimpinela anisum (anise)-semen- - it sustain the intestine by calming down colic pains by anethol priciples	it alliviates intestinal spasms. /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4459
M-2008-1061	EFSA-Q-2010-00413	4460 - Pinus montana-Buds-Dwarf Pine - helps to maintein trophicity of the articular cartilage	Maintenance of the healthy bones / can help to strengthen the bones.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4460
M-2008-1061	EFSA-Q-2010-00414	4461 - Plantago ovata-Semen-Psyllium - Circulatory system benefits	Lowers cholesterol and blood lipids level	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4461
M-2008-1061	EFSA-Q-2010-00415	4462 - Polygonum aviculare-Herba-Knotgrass - Urinary Tract Health	Befriends water elimination on urinary way. Helps to eliminate pathogenic bacteria from urinary tract. decrease the fixing of certain bacteria on the walls of the urinary tract. Increases organism strength at the urinary tract level.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4462
M-2008-1061	EFSA-Q-2010-00416	4463 - Polygonum cuspidatum-Japanese knotweed rootss and stems - Source of phytohormones due to stilbene compound resveratrol (may act as an estrogen agonist)	Dumps menopause symptoms	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4463
M-2008-1061	EFSA-Q-2010-00418	4465 - Populus nigra-Buds-Black Poplar - Upper Respiratory Tract Health	Soothing for throat / supportive and soothing in case of dry cough, tickle in the throat / mild and softening for the throat / helps to soothe common cold / pleasant for cough and croakiness / contributes to physical wellbeing.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4465
M-2008-1061	EFSA-Q-2010-00419	4466 - Populus nigra-Buds-Black Poplar - Vascular Health	Maintenance of blood vessel and coronary arteries walls strength. / Contributes to vascular health / helps maintaining heart health.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4466
M-2008-1061	EFSA-Q-2010-00420	4467 - Potentilla anserina (coada racului)-herba- - it sustain the immune system ; the ellagitannins has anti-inflammatory and anti-allergic effects	it has astrigent, anti-bacterial and anti-inflammatory qualities. /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4467
M-2008-1061	EFSA-Q-2010-00421	4468 - Primula officinalis (promrose)-radix- - it sustain the respiratory apparatus ; the saponins have a secretolytic and secretomotor action	it favours expectoration of bronchial secretions. /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4468
M-2008-1061	EFSA-Q-2010-00422	4469 - Prunus spinosa (blackthorn)-fructus- - it sustain the digestive apparatus; the quercitin and kaempferol glycosides have an laxative effects	it regulates (slows down) intestinal transit. /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4469
M-2008-1061	EFSA-Q-2010-00423	4470 - Prunus spinosa-Buds-Blachthorn - helps to make you feel more energetic	Helps to strengthen the body / contributes to physical well-being / supports energetic alertness / makes you more energetic.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4470
M-2008-1061	EFSA-Q-2010-00426	4473 - Rosa canina-fruits,-rose hip - Skin and mucosal wound healing due to essential fatty acids (EFA) and retinoic acid content	Contributes to wound healing	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4473
M-2008-1061	EFSA-Q-2010-00427	4474 - Roskoea procera-root-Liliaceae-Kakoli-Kakoli - Lactation Process	supports lactating in breastfeeding women	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4474
M-2008-1061	EFSA-Q-2010-00428	4475 - Rosmarinus officinalis (rosemary)-herba- - it sustain the liver reducing the livertoxicity of some toxic chemiclga agents	it supports hepatobiliary drainage. /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4475
M-2008-1061	EFSA-Q-2010-00429	4476 - Salix alba-Buds-White Willow - contributes to a healthy sleep	Contributes to optimal relaxation / helps relaxation and mental and physical well-being / contributes to a healthy sleep.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4476
M-2008-1061	EFSA-Q-2010-00430	4477 - Salix alba-Aments-White Willow - Hormonal Balance	Normalises the hormones production	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4477
M-2008-1061	EFSA-Q-2010-00431	4478 - Salvia officinalis, herba-Kitchen Sage,herbs-200 mg/cps - Bones and Joints Health	Supports the remineralisation of the bones structure modificated after menopause.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4478
M-2008-1061	EFSA-Q-2010-00432	4479 - Secale cereale-Radicles-Rye - helps to protect liver cell	Helps to maintain a healthy liver function.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4479
M-2008-1061	EFSA-Q-2010-00433	4480 - Senecio bicolor-Plant-Dusty miller - Eyes Health	Helps to improve the eyes diseases	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4480
M-2008-1061	EFSA-Q-2010-00434	4481 - Silybum marianum-milk thistle-fruit - Cell regeneration due to sylimarin (a complex of flavonolignans and polyphenols, silibinin being the most active component)	Hepatoprotector and hepatic regenerator, / Protector and regenerator when products that oxidise at hepatic level are administered	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4481

M-2008-1061	EFSa-Q-2010-00435	4482 - Sphaerantus indicus-herb-Asteraceae-Gorakmundi-East Indian Globe Thistle - Nervous System Health	contributes to maintain nervous balance	22/3/2010	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	4482
M-2008-1061	EFSa-Q-2010-00436	4483 - Sphaerantus indicus-herb-Asteraceae-Gorakmundi-East Indian Globe Thistle - Glucose Metabolism	contributes to normal glucose-insulin metabolism	22/3/2010	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	4483
M-2008-1061	EFSa-Q-2010-00437	4484 - Stachys officinalis (wood betony)-herba - it sustain the immune system ; the iridoide sustain anti-inflammatory	it increases protecting capacity against infections. /	22/3/2010	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	4484
M-2008-1061	EFSa-Q-2010-00438	4485 - Stellaria media-herb-Caryophyllaceae-Rocoina-Chickweed - Joints Health	helps maintain mobility and flexibility of joints	22/3/2010	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	4485
M-2008-1061	EFSa-Q-2010-00439	4486 - Syringa vulgaris-Buds-Lilac - help maintain a healthy cardiovascular system by improving the elasticity of blood vessels	Contributes to heart health	22/3/2010	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	4486
M-2008-1061	EFSa-Q-2010-00440	4487 - Tagetes patula-Flower-French Marigold - contributes to improving the visual acuity	Contributes to improving the visual acuity.	22/3/2010	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	4487
M-2008-1061	EFSa-Q-2010-00441	4488 - Tamarix gallica-Shoots-French Tamarix - Blood Health	Red blood cell and haemoglobin formation / Blood purification.Blood coagulation.	22/3/2010	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	4488
M-2008-1061	EFSa-Q-2010-00443	4490 - Thuja orientalis-seeds-Arbor vitae - contributes to a healthy sleep	Restore the balance of Central Nervous System.	22/3/2010	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	4490
M-2008-1061	EFSa-Q-2010-00444	4491 - Thymus serpyllum (shepherd's thyme)-herba - it sustain the digestive apparatus; it has an antiinflammatory effect releasing the gastric digestion	it improves the digestive function (stomach, intestine). /	22/3/2010	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	4491
M-2008-1061	EFSa-Q-2010-00446	4493 - Tolu Balsam - Upper Respiratory Health	Helps to improve the cough	22/3/2010	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	4493
M-2008-1061	EFSa-Q-2010-00447	4494 - Trigonella foenum-grecum (fenugreek)-semen- - it sustain the metabolism; the furostanol has an hypoglycaemic and hypocholesterolaemic effects	physical and mental tonic	22/3/2010	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	4494
M-2008-1061	EFSa-Q-2010-00448	4495 - Trileaves pratense-Herba-Red Clover - Menopause syndrome complains	For the prevention and treatment of menopause syndrome complains	22/3/2010	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	4495
M-2008-1061	EFSa-Q-2010-00450	4497 - Urtica dioica (stinging nettle)-herba - it sustain the osteoarticular system; the caffeoylmalic acids has an antiinflammatory effect	it contains minerals (iron) and reduces anaemia. /	22/3/2010	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	4497
M-2008-1061	EFSa-Q-2010-00451	4498 - Urtica dioica-Herb-Nettle - Skin Health	Helps to prevent and eliminate the dandruff / Helps to heal the wounds	22/3/2010	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	4498
M-2008-1061	EFSa-Q-2010-00452	4499 - Vaccinium myrtillus (bilberry)-folium, fructus - it sustain the digestive apparatus; it protects the gastric mucous and slowing down the intestine transit; the chromium and flavonoids have an blood sugar-reducing effect	it improves ocular circulation; it regulates (slows down) accelerated intestinal transit. /	22/3/2010	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	4499
M-2008-1061	EFSa-Q-2010-00453	4500 - Vaccinium myrtillus-Shoots, Fruits-Bilberry - contributes to the normal glucidic, lipidic and proteic metabolism	Contributes to the normal glucidic, lipidic and proteic metabolism.	22/3/2010	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	4500
M-2008-1061	EFSa-Q-2010-00455	4502 - Verbascum densiflorum-Herb-Mullein - Mucosal Cells Health	Helps to improve the ear inflammations	22/3/2010	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	4502
M-2008-1061	EFSa-Q-2010-00456	4503 - Verbena officinalis-herb-Verbenaceae-Verbena-Vervain - Gall Bladder Health	helps to the normal function of gallbladder	22/3/2010	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	4503
M-2008-1061	EFSa-Q-2010-00457	4504 - Vetivera zizanioides-root-Gramineae-Ushira-Vetiver - Nervous System Health	contributes to maintain nervous balance	22/3/2010	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	4504
M-2008-1061	EFSa-Q-2010-00458	4505 - Viburnum lantana-Buds-Mealy Guelder Rose - Respiratory health	Helps to normalize the respiratory function	22/3/2010	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	4505
M-2008-1061	EFSa-Q-2010-00461	4508 - Xanthium spinosum L. herba-spiny cocklebur, herb - Maintain prostate health because of the beta-sitosterol and fenols, constituents present in the herb	helps normal functioning of prostate / support normal urinary function for men from the age of 45 / helps to maintain prostate health	22/3/2010	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	4508
M-2008-1061	EFSa-Q-2010-00464	4511 - Aloe vera folium, Sambucus ebulus radix, Sambucus nigra fructus, Taraxacum officinale folium, Orthosiphon stamineus folium (aloe leaves, dandelion leaves, java tea leaves) - Support the natural mechanism for body's purification because of flavonoids, sterols and mucilages, constituents present in this plants combination.	helps to losing weight / support in weight control / helps maintain a normal body weight	22/3/2010	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	4511
M-2008-1061	EFSa-Q-2010-00465	4512 - Althaea officinalis radix, Ocimum basilicum herba, Betonica officinalis herba, Hyssopus officinalis herba, Veronica officinalis herba, Melissa officinalis folium, Glycyrrhiza glabra radix, Polypodium vulgare rhizoma, Smilax sarsaparilla radix, Citrus limonum pericarpium, Cinnamomum zeylanicum cortex, Amomum aromaticum fructus, Pimpinella anisum fructus, Foeniculum vulgare fructus (althaea root, sweet basil herb, betony herb, hyssop herb, speewell herb, lemon balm leaves, licorice root, adder's fern root, smilax root, lemon rind, cinnamon bark, nepal cardamom fruit, anise fruit, bitter fennel fruits) - Help to obtain the respiratory tract confort because of mucilages, saponins and volatile oils, constituents present in the plants combination.	help to obtain the respiratory tract confort / help to eliminate the respiratory tract discomfort / support the respiratory tract well function / support the respiratory tract health	22/3/2010	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	4512
M-2008-1061	EFSa-Q-2010-00467	4514 - Astragalus membranaceus radix, Echinacea species herba, Uncaria tomentosa radix, Allium sativum bulbus, Glycyrrhiza glabra radix (astragalus root, echinacea herb, cat's claw root, garlic bulbs, licorice root) - Maintain immune health because of polyholosides, astragalosides, alliin and glycyrrhetic-acid, constituents present in this plants combination.	support for body's natural defences / increases resistance of organism / supports for immune system	22/3/2010	31/3/2010	Pending Risk Managers' decision	European Commission	Health claims Art. 13/2	4514

M-2008-1061	EFSA-Q-2010-00469	4516 - Betula alba folium, Sambucus ebulus radix, Convolvulus arvensis herba, Thymus vulgaris herba, Sambucus nigra fructus, Citrus aurantium aetheroleum (sweet birch leaves, danewort root, field bindweed herb, thyme herb, black elder fruits, bitter orange essential oil) - Maintain weight control because of flavones, anethol, resines and polyphenol-carboxilic acids, constituents present in this plants combination.	contributes to toxin's elimination / contributes to the blood purification	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4516
M-2008-1061	EFSA-Q-2010-00470	4517 - Betula alba folium, Sambucus ebulus radix, Convolvulus arvensis herba, Thymus vulgaris herba, Sambucus nigra fructus, Citrus aurantium aetheroleum (sweet birch leaves, danewort root, field bindweed herb, thyme herb, black elder fruits, bitter orange essential oil) - helps to control weight by enhancing renal elimination / Helps reduction of the available energy from the diet	eliminate overweight / help to maintain a normal body weight	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4517
M-2008-1061	EFSA-Q-2010-00472	4519 - Calendula officinalis -flowers (Common NameMarigold); Foeniculum vulgare - fruits (Common Name : Fennel);Equisetum arvense -herba (Common Name : Horsetail); Mentha piperita – Leaves (CommonName: Peppermint); Silybum marianum -Seeds (Common name: MilkThistle); Agrimonia eupatoria – herba (Common Name: Agrimony); Achillea millefolium -herba (Common Name : Yarrow); - Liver protect and biliary secretion stimulant	Contributes to normal choleresis / purification of the body.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4519
M-2008-1061	EFSA-Q-2010-00473	4520 - Calendula officinalis flos, Hypericum perforatum herba, Robinia pseudacacia flos, Glycyrrhiza glabra radix, Melissa officinalis herba, Plantago species folium (marigold flowers, St. John's wort herba, locust tree flowers, licorice root, melissa herb, plantain leaves) - Supports the good function of the digestive system because of mucilages, flavonoids, tanins, and polyphenols, constituents present in this plant combination.	protect the gastric membraneous mucosa, reduce the digestive discomfort / contributes to gastric membraneous mucosa protection / support the well function of digestive system and help to eliminate digestive discomfort / good for a healthy stomach	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4520
M-2008-1061	EFSA-Q-2010-00474	4521 - Calendula officinalis flos, Mentha piperita herba, Matricaria recutita flos, Polygonum aviculare herba, Taraxacum officinale folium, Achillea millefolium herba, Foeniculum vulgare fructus, Melissa officinalis folium (Marigold flower, peppermint herb, chamomile flower, knotweed herb, dandelion leaves, yarrow herb, fennel fruit, lemon balm leaves) - Maintain stomach health because of mucilages, azulene, volatil oils, tannins, present in this plants combination.	contributes to gastric membraneous mucosa protection / protect the gastric membraneous mucosa and help to reduce the digestive discomfort / support the well function of digestive system and help to eliminate digestive discomfort	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4521
M-2008-1061	EFSA-Q-2010-00475	4522 - Calendula officinalis flos, Plantago species folium, Mycelis muralis herba, Hypericum perforatum herba, Hyssopus officinalis herba, Glycyrrhiza glabra radix, (marigold flower, plantain leaves, wall lettuce herb, St. John's wort herb, hyssop herba, licorice root) - Maintain stomach health because of the polyphenols, flavonoids, azulenes, glycyrrhizin, mucilages, present in this plants combination.	support the well function of digestive sistem and help to eliminate digestive discomfort / contributes to gastric membraneous mucosa protection /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4522
M-2008-1061	EFSA-Q-2010-00476	4523 - Calendula officinalis,-flower, Marigold, /Lavandula, angustifolia - flower, Lavender, /Hypericum perforatum, , herba, St. John's Wort, /Mentha piperita, , leaf, herb, Mint / - Digestive health liver health relaxation	Supports a good digestion / Helps to maintain normal appetite. / For the stimulation of the production of the digestive body fluids and of the gastro-intestinal movement. / Helps to maintain the normal liver function. / Helps to support the relaxation and physical well-being.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4523
M-2008-1061	EFSA-Q-2010-00477	4524 - Calendula officinalis,-flower, Marigold, /Lavandula, angustifolia - flower, Lavender, /Hypericum perforatum, , herba, St. John's Wort, /Mentha piperita, , leaf, herb, Mint / - Digestive health liver health relaxation	Supports a good digestion / Helps to maintain normal appetite. / For the stimulation of the production of the digestive body fluids and of the gastro-intestinal movement. / Helps to maintain the normal liver function. / Helps to support the relaxation and physical well-being.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4524
M-2008-1061	EFSA-Q-2010-00478	4525 - Calendula officinalis,-flower, Marigold, /Lavandula, angustifolia - flower, Lavender, /Hypericum perforatum, , herba, St. John's Wort, /Mentha piperita, , leaf, herb, Mint / - Digestive health liver health relaxation	Supports a good digestion / Helps to maintain normal appetite. / For the stimulation of the production of the digestive body fluids and of the gastro-intestinal movement. / Helps to maintain the normal liver function. / Helps to support the relaxation and physical well-being.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4525
M-2008-1061	EFSA-Q-2010-00479	4526 - Camellia sinensis folium, Betula alba folium, Sambucus nigra fructus, Garcinia cambogia fructus (tea bush leaves, sweet birch leaves, black elder fruits, garcinia fruits) - Helps weight control /Help reducing the available energy from the diet	eliminate overweight / help to maintain a normal body weight	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4526
M-2008-1061	EFSA-Q-2010-00482	4529 - Camellia sinensis folium, Ruscus aculeatus radix, Ginkgo biloba folium, Castanea sativa folium, Vitis vinifera folium, Citrus aurantium pericarpum, Citrus limonum pericarpum (tea bush leaves, butcher''s broom root, ginkgo leaves, sweet chestnut leaves, grapevine leaves, bitter orange rind, lemon rind) - Contributes to normal vein blood circulation because of poliphenols, flavonoids, hydroxycumarins and proanthocyanindols, constituents present in the plants combination.	helps vein blood circulation on legs / support vein blood circulation on legs / contributes to normal vein blood circulation	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4529

M-2008-1061	EFSA-Q-2010-00483	4530 - Camellia sinensis folium, Taraxacum officinale herba, Rosmarinus officinalis folium, Citrus limonum aetheroleum (tea bush leaves, dandelion herb, rosemary leaves, lemon essential oil) - Maintain cardiovascular health because of catechins, polyphenols and beta-sitosterol, constituents present in this plants combination.	stimulate lipid and cholesterol metabolism / helps to maintain a normal cholesterol level /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4530
M-2008-1061	EFSA-Q-2010-00484	4531 - Capsella bursa pastoris herba, Alchemilla vulgaris herba, Melissa officinalis folium, Vitex agnus castus fructus, Salix alba cortex (shepard's purse herb, lions'foot herb, lemon balm leaves, chaste tree fruits, white willow bark) - Maintain genital health because of salicylic acid, polyphenols, vitexine and tannins, constituents present in this plants combination.	eliminate menstruation discomfort / support woman's genital system health / help maintaining confort during menstruation	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4531
M-2008-1061	EFSA-Q-2010-00485	4532 - Capsella bursa pastoris herba, Alchemilla vulgaris herba, Urtica dioica herba, Quercus robur cortex, Castanea sativa folium (shepard's purse herb, lions'foot herb, nettle herb, oak bark, sweet chestnut leaves) - Support well function of genital feminine system because of flavonoides, tannins, triterpene saponins, hydroxycoumarins and vitamine K, constituents present in this plants combination.	Support well function of genital feminine system / maintain a normal menstrual flow /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4532
M-2008-1061	EFSA-Q-2010-00487	4534 - Cassia angustifolia folium, Camellia sinensis folium (senna leaves, tea bush leaves) - Maintain weight control because of anthraquinone, catechins, poliphenols and cafeine, constituents present in this plants combination.	helps to loosing weight / helps in weight control / helps maintain a normal body weight	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4534
M-2008-1061	EFSA-Q-2010-00488	4535 - Cassia angustifolia folium, Glycyrrhiza glabra radix (senna leaves, licorice root) - Maintain intestinal health because of anthraquinone and glycyrrhizin, constituents present in this plants combination.	helps slow intestinal transit / supports bowel transit	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4535
M-2008-1061	EFSA-Q-2010-00489	4536 - Cassia angustifolia folium, Glycyrrhiza glabra radix, Pimpinella anisum fructus (senna leaves, licorice root, anise fruits) - Maintain intestinal health because of anthraquinone, celuloze and volatil oil, constituents present in this plants combination.	helps slow intestinal transit / supports bowel transit /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4536
M-2008-1061	EFSA-Q-2010-00490	4537 - Cassia angustifolia folium, Hibiscus sabdariffa flos, Sambucus nigra fructus, Camellia sinensis folium, Glycyrrhiza glabra radix (senna leaves, red sorrel flowers, black elder fruits, tea bush leaves, licorice root) - Maintain weight control because of anthraquinone, catechins, teophyllines and flavones, constituents present in this plants combination.	helps to loosing weight / helps in weight control / helps maintain a normal body weight	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4537
M-2008-1061	EFSA-Q-2010-00491	4538 - Cassia angustifolia folium, Levisticum officinale folium, Rheum palmatum rhizoma, Pimpinella anisum fructus, Camellia sinensis folium, Coriandrum sativum fructus, Orthosiphon stamineus folium, Zingiber officinale rhizoma (senna leaves, lovage leaves, chinese rhubarb root, anise fruit, tea bush leaves, coriander fruit, java tea leaves, ginger root) - Helps maintain a normal body weight because of polyphenols, hidroxicitric acids, P57 factor, gingerols, flavonoides and anthracene ,constituents present in the plants combination.	helps maintain a normal body weight / helps to loosing weight / helps with weight control / helps with reduction of body weigh / help in weight control program	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4538
M-2008-1061	EFSA-Q-2010-00492	4539 - Cassia angustifolia folium, Melilotus officinalis herba, Sambucus nigra flos, Lavandula officinalis flos (senna leaves, melilot herb, black elder flowers, lavender flowers) - Maintain weight control because of anthraquinone, flavonoides and volatil oil, constituents present in this plants combination.	helps to promote weightloss / supports weight control / contributes to weight management / help to maintain normal body weight	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4539
M-2008-1061	EFSA-Q-2010-00493	4540 - Cassia angustifolia folium, Rhamnus frangula cortex, Glycyrrhiza glabra radix, Anethum graveolens fructus, Pimpinella anisum fructus (senna leaves, alder buckthorn bark, licorice root, dill fruits, anise fruits) - Maintain intestinal health because of anthraquinone, celuloze and volatil oil, constituents present in this plants combination.	support echilibration of a slow intestinal transit and facilitated elimination / supports bowel transit /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4540
M-2008-1061	EFSA-Q-2010-00494	4541 - Cimicifuga racemosa herba, Angelica sinensis radix, Trifolium pratense herba, Glycyrrhiza glabra radix, Leonurus cardiaca herba (black cohosh herb, chinese angelica root, red clover herb, licorice root, motherwort herb) - Helps woman to have a mental and physical confort on menopause because of flavones, iridoids, leonurine, phytosterols and essential oils, constitunts present in this plants combination.	helps woman to have a mental and physical confort on menopause / helps to eliminate menopausal discomfort	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4541
M-2008-1061	EFSA-Q-2010-00496	4543 - Convolvulus arvensis herba, Aloe vera folium, Linum usitatissimum semen, Glycyrrhiza glabra radix, Sambucus ebulus radix (field bindweed herb, aloe leaves, linseed, licorice root, danewort root) - Maintain large intestine health because of mucilages, celuloze, aloin, anthraquinones and resines, constituents present in this plants combination.	help to stimulate colon motility	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4543

M-2008-1061	EFSa-Q-2010-00498	4545 - Convolvulus arvensis herba, Plantago species folium, Juniperus communis fructus, Taraxacum officinale herba, Salvia officinalis herba, Crataegus monogyna folium et flore, Hypericum perforatum herba (field bindweed herb, plantain leaves, juniper fruit, dandelion herb, sage herb, hawthorn flowers and leaves, St. John's Wort herb) - Favorise toxin elimination because of resins, lactones, catechins, flavonoides and volatil oil, constituents present in this plants combination.	/helps to loosing weight / support in weight control / helps maintain a normal body weight	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4545
M-2008-1061	EFSa-Q-2010-00499	4546 - Coriandrum sativum fructus, Carum carvi fructus, Pimpinella anisum fructus, Melissa officinalis folium, Mentha piperita herba, Chelidonium majus herba, Elettaria cardamomum fructus, Zingiber officinale rhizoma (coriander fruit, caraway fruits, anise fruits, lemon balm leaves, peppermint herb, greater celandine herb, cardamom fruits, ginger root) - Contributes to eliminate digestive discomfort because of volatile oils, gingerols and alkaloids, constituents present in the plants combination.	contributes to eliminate digestive discomfort / support the digestive tract well function / support the digestive tract well function and help to eliminate the digestive discomfort /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4546
M-2008-1061	EFSa-Q-2010-00500	4547 - Coriandrum sativum fructus, Laurus nobilis folium, Gentiana lutea radix, Sinapis alba semen, Zingiber officinale rhizoma (coriander fruits, bay laurel leaves, bitterwort root, white mustard seeds, ginger root) - Maintain digestive health because of bitter essences, mucilages and essential oil, constituents present in this plants combination.	support a healthy digestion	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4547
M-2008-1061	EFSa-Q-2010-00501	4548 - Crataegus monogyna folium cum flore, Capsella bursa pastoris herba, Leonurus cardiaca herba, Lavandula officinalis flos, Olea europaea folium (hawthorn flowers and leaves, shepherd"s purse herb, motherwort herb, lavender flowers, olive leaves) - Maintain cardiovascular health because of flavonoides, proanthocyanidins, glycosides, biogenic amines and iridoide, constituents present in this plants combination.	supports a healthy blood pressure /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4548
M-2008-1061	EFSa-Q-2010-00502	4549 - Crataegus monogyna folium cum flore, Leonurus cardiaca herba (hawthorn flowers and leaves, motherwort herb) - Sustain contractile function of the heart and coronary vessels dilatation thus improving heart irrigation	maintain heart health	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4549
M-2008-1061	EFSa-Q-2010-00503	4550 - Crataegus monogyna folium cum flowers, Leonurus cardiaca herba, Lavandula officinalis flos, Tilia species flos, Melissa officinalis folium, Rosmarinus officinalis folium, Salvia officinalis herba, Valeriana officinalis radix, Mentha piperita herba (hawthorn flowers and leaves, motherwort herb, lavender flowers, linden flowers, lemon balm leaves, rosemary leaves, sage herb, valerian root, peppermint herb) - Maintain heart health because of flavonoides, glycosides, proanthocyanidins and volatile oil, constituents present in this plants combination.	/helps to heart well function at hyperactive and agitate persons /maintain heart health /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4550
M-2008-1061	EFSa-Q-2010-00504	4551 - Cucurbita pepo semen, Equisetum arvense herba, Mentha piperita herba, Urtica dioica herba, Sambucus nigra flos, Ononis spinosa radix (pumpkin seeds, horsetail herb, peppermint herb, nettle herb, black elder flowers, thorny restharrow root) - Maintain urinary tract health because of steroids, lectins, flavones and potassium, constituents present in this plants combination.	support normal function of prostate and urinary tract / support normal urinary function for men from the age of 45 / helps to maintain prostate health /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4551
M-2008-1061	EFSa-Q-2010-00505	4552 - Cynara scolimus, leaves/Globe Artichoke, leafs , Betula pendula, leafs (European white Birch, leafs) 50mg., Taraxacum officinale, leafs (Dandelion, leafs) 40mg., Allium sativum, bulbili (Garlic) 30 mg.-Rosmarinus off., herba, Rosemary , herbs - Cholesterol Metabolism	Supports the normal level of blood cholesterol.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4552
M-2008-1061	EFSa-Q-2010-00506	4553 - Cynara scolimus, leaves/Globe Artichoke, leafs , Betula pendula, leafs (European white Birch, leafs) 50mg., Taraxacum officinale, leafs (Dandelion, leafs) 40mg., Allium sativum, bulbili (Garlic) 30 mg.-Rosmarinus off., herba, -Rosemary , herbs - Liver and Gall Bladder Health	Supports a normal secretion and the drainage at the liver and the gall bladder level.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4553
M-2008-1061	EFSa-Q-2010-00507	4554 - Cynara scolymus folium, Chelidonium majus herba, Taraxacum officinale herba, Olea europaea folium, Plantago species folium (artichoke leaves, greater celandine herb, dandelion herb, olive leaves, plantain leaves) - Helps to maintain a normal cholesterol level because of chlorogenic acid, cynarine, iridoide, flavones and alkaloids, constituents present in this plants combination.	support lipid and cholesterol metabolism / helps to maintain a normal cholesterol level	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4554
M-2008-1061	EFSa-Q-2010-00508	4555 - Cynara scolymus folium, Veronica officinalis herba (artichoke leaves, speewell herb) - Helps to maintain a normal cholesterol level because of chlorogenic acid, cynarine and iridoide, constituents present in this plants combination.	helps to maintain a normal cholesterol level / helps cholesterol and lipid metabolism	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4555

M-2008-1061	EFSA-Q-2010-00509	4556 - Echinacea species herba, Hippophae rhamnoides fructus, Ocimum basilicum herba, Mentha piperita herba, Hibiscus sabdariffa flos (echinacea herb, sea buckthorn fruits, sweet basil herb, peppermint herb, red sorrel flowers) - Supports for immune system because of polysaccharides, caffeic acid, vitamin C and essential oils, constituents present in the plants combination.	support for body's natural defences / increases resistance of organism / supports for immune system	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4556
M-2008-1061	EFSA-Q-2010-00510	4557 - Echinacea species herba, Panax ginseng radix (echinacea herb, ginseng root) - Maintain immune health because of polysaccharides, caffeic acid and ginsenosides, constituents present in this plants combination.	support for body's natural / defences / supports for immune system	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4557
M-2008-1061	EFSA-Q-2010-00511	4558 - Echinacea species herba, Panax ginseng radix, Hippophae rhamnoides fructus, Origanum vulgare herba, Citrus limonum aetheroleum, Eucalyptus globulus aetheroleum (echinacea herb, ginseng root, sea buckthorn fruits, wild marjoram herb, lemon essential oil, eucalypt essential oil) - Supports for immune system because of polysaccharides, caffeic acid, ginsenosides, vitamin C and essential oils, constituents present in the plants combination.	support for body's natural defences / supports for immune system	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4558
M-2008-1061	EFSA-Q-2010-00512	4559 - Filipendula ulmaria herba, Origanum vulgare herba, Pulmonaria officinalis herba, Thymus vulgaris herba, Pimpinella anisum fructus, Olea europaea folium, Eucalyptus globulus folium (dropwort herb, wild marjoram herb, lungwort herb, thyme herb, anise fruit, olive tree leaves, eucalypt leaves) - protect the mucous membrane of traheobronsitic tract, and help sweeling	support respiratory tract health / help to elimination respiratory tract discomfort / help to obtain respiratory confort /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4559
M-2008-1061	EFSA-Q-2010-00513	4560 - Filipendula ulmaria herba, Origanum vulgare herba, Thymus vulgaris herba, Pulmonaria officinalis herba, Ribes nigrum fructus, Zingiber officinale rhizoma, Melaleuca alternifolia aetheroleum (dropwort herb, wild marjoram herb, thyme herb, lungwort herb, black currant fruit, ginger root, tea-tree essential oil) - protect the mucous membrane of traheobronsitic tract, and help sweeling	help to elimination respiratory tract discomfort / help to obtain respiratory confort / support respiratory tract health	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4560
M-2008-1061	EFSA-Q-2010-00514	4561 - Filipendula ulmaria, herba-Queen of the Meadow, herbs 50 mg., Melilotus officinalis, herba (Yellow Sweetclover ,herbs) 25 mg., Salix alba, cortex (White Willow, bark) 70 mg., Equisetum arvense, herba (Horsetail , herbs) 25 mg.-Xanthium spinosum (Spiny cocklebur) 60 mg.-Cerasus vulgaris, folium, 50 mg.-Vitis vinifera, (grape seed), 70 mg/cps - Skin and Tissue Health	Supports the reconstruction of the hypodermic conjunctive tissue.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4561
M-2008-1061	EFSA-Q-2010-00515	4562 - Fillipendula ulmaria herba, Betula alba folium, Glycyrrhiza glabra radix, Juniperus communis fruct, Harpagophytum procumbens radix, Salix alba cortex (dropwort, sweet birch leave, licorice root, juniper fruit, devil's clow rt, white willow bark) - Maintain joints health because of salicylate, flavonoids, glycyrrhizin, cinnamic acid and harpagoquinone, constituents present in this plants combination.	helps to eliminate joint discomfort, maintainining the joint mobility and flexibility / helps to the joint well function / helps to the joint well function	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4562
M-2008-1061	EFSA-Q-2010-00517	4564 - Foeniculum vulgare fructus, Arctium lappa radix, Rosmarinus officinalis folium, Sambucus nigra flos, Melilotus officinalis herb, Cichorium intybus radix, Taraxacum officinale herba, Urtica dioica herba, Ononis spinosa radix, Cassia angustifolia folium (bitter fennel fruits, burdock root, rosemary leaves, black elder flowers, melilot herb, chicory root, dandelion herb, nettle herb, thorny restharrow root, senna leaves) - Support the natural mechanism for body's purification because of volatil oil, flavonoides, potassium salts, beta-sitosterol and anthraquinone, constituents present in this plants combination.	support the natural mechanism for body's purification / favorise toxin elimination / favorise blood purification fonction	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4564
M-2008-1061	EFSA-Q-2010-00519	4566 - Gentiana lutea radix, Centaurium umbellatum herba, Marrubium vulgare herba, Ribes nigrum fructus (gentian bitterwort root, centaury herb, hoarhound herb, black curant fruit) - Support for a normal apetite because of bitter principles and acid ascorbic, constituents prezent in this plants combination.	Support for a normal apetite / Support for a good apetite /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4566
M-2008-1061	EFSA-Q-2010-00520	4567 - Ginkgo biloba folium, Crataegus monogyna folium cum flore, Melilotus officinalis herba, Rosmarinus officinalis folium, Citrus limonum aetheroleum (ginkgo leaves, hawthorn flowers and leaves, melilot herb, rosemary leaves, lemon essential oil) - Maintain brain health because of the ginkgolides, epicatechin, proanthocyanidines, coumarins and polyphenols, constituents present in this plants combination.	support blood circulation in brain / helps to maintain memory with age decline /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4567
M-2008-1061	EFSA-Q-2010-00521	4568 - Glycyrrhiza glabra-Roots, Liquorice, Origanum vulgare-herba, Oregano, Glycyrrhiza glabra-Roots, Liquorice, Origanum vulgare-herba, Oregano - contributes to the normal function of the intestinal tract	Support gastrointestinal health / helps to support the digestion / contributes to physical wellbeing / supports better bowel performance / for a regular bowel motion.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4568

M-2008-1061	EFSA-Q-2010-00522	4569 - Glycyrrhiza glabra-Roots, Liquorice, Origanum vulgare-herba, Oregano, Glycyrrhiza glabra-Roots, Liquorice, Origanum vulgare-herba, Oregano - relief of airways common cold	Soothing for throat and chest / helps to soothe common cold , contributes to physical wellbeing.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4569
M-2008-1061	EFSA-Q-2010-00523	4570 - Glycyrrhiza glabra radix, Calendula officinalis flos, Hypericum perforatum herba (licorice root, marigold flower, St. John's wort herb) - It is beneficial for the stomach state and help maintaining gastric mucosa integrity	support the well function of digestive sistem and help to eliminate digestive discomfort	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4570
M-2008-1061	EFSA-Q-2010-00524	4571 - Glycyrrhiza glabra radix, Mentha piperita aetheroleum, Foeniculum vulgare aetheroleum, Thymus vulgaris aetheroleum, Achillea millefolium aetheroleum, Eucalyptus globulus aetheroleum (licorice root, peppermint essential oil, fennel essential oil, thyme essential oil, yarrow essential oil, eucalipt essential oil) - Support respiratory tract health because of saponines, steroids and volatile oils, constituents present in the plants combination.	support respiratory tract health / help to elimination respiratory tract discomfort / help to obtain respiratory confort /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4571
M-2008-1061	EFSA-Q-2010-00525	4572 - Gymnema sylvestre folium, Hoodia gordinii (small indian ipecac leaves, hoodia stems) - Suppresse sweet taste because of gymnemic acids, gurmardin and P 57 factor, constituents present in the plants combination.	Support for apetite control / control of apetite for sweets	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4572
M-2008-1061	EFSA-Q-2010-00526	4573 - Hibiscus sabdariffa flos, Passiflora incarnata herba, Tilia species flos, Melissa officinalis folium, Rosmarinus officinalis folium, Verbena officinalis herba, Melilotus officinalis herba, Panax ginseng radix (red sorrel flowers, passionflower herb, linden flowers, lemon balm leaves, rosemary leaves, verbena herbs, melilot herb, ginseng root) - Support mental activity in stress condition because of polyphenols, flavonoides, volatile oils, and ginsenoside, constituents present in this plants combination.	support mental activity in overdemand and stress condition / helps to maintain a good mental condition / help to obtain emotional confort	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4573
M-2008-1061	EFSA-Q-2010-00527	4574 - Hippophae rhamnoides-Fruits, Sea Buckthorn, Linum usitatissimum-seeds, Linseed, Lecithin, Zinc Gluconate, sodium and magnesium ascorbate- - Prostate Health	Maintenance of good bladder function and urinary flow / good for normal prostate function / Ligands present in Linum usitatissimum and their mammalian metabolites may support a healthy prostate in ageing male.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4574
M-2008-1061	EFSA-Q-2010-00528	4575 - Hoodia gordinii, Garcinia cambogia fructus, Linum usitatissimum semen, Spirulina pratensis, Cichorium intybus radix (hoodia stems, garcinia fruits, linseed, spirulina, chicory root) - Help to control weight by reducing the sense of hunger / increase in the sense of satiety	eliminate overweight / maintain satiety sensation / help appetit control / help to maintain a normal body weight	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4575
M-2008-1061	EFSA-Q-2010-00529	4576 - Hypericum perforatum herba, Valeriana officinalis radix, Passiflora incarnata herba (St. John's wort herb, valerian root, passiflora herb) - Favorise a healthy sleep because of hypericin, flavonoides, and valepotriates, constituents present in this plants combination.	help to instale a healthy sleep / help you cope calmly with the stress	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4576
M-2008-1061	EFSA-Q-2010-00530	4577 - Hypericum perforatum herba, Calendula officinalis flos, Matricaria recutita flos, Lamium alba herba, Humulus lupulus strobuli (St. John's Wort herb, marigold flower, chamomile flower, white nettle herb, hops) - Maintain genital health because of the flavones, mucilages, polyphenols, azulenes and tanins, constituents present in this plants combination.	helps maintain normal vaginal microflora	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4577
M-2008-1061	EFSA-Q-2010-00531	4578 - Hypericum perforatum herba, Melissa officinalis folium, Passiflora incarnata herba, Majorana hortensis herba, Rosmarinus officinale folium, Ocimum basilicum herba, Hibiscus sabdariffa flos, Lippia citriodora folium (St. John's Wort herb, lemon balm leaves, passiflora herb, majoram herb, rosemary leaves, sweet basil herb, red sorrel flowers, lemon verbena leaves) - Helps to maintain a good mental condition because of hypericin, flavonoids, xanthones and volatile oil, constituents present in the plants combination.	help you cope calmly with the stress / helps to maintain a good mental condition / help to obtain emotional confort	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4578
M-2008-1061	EFSA-Q-2010-00532	4579 - Hypericum perforatum herba, Melissa officinalis folium, Passiflora incarnata herba, Rhodiola rosea radix, Lippia citriodora folium (St. John's wort herb, lemon balm leaves, passionflower herb, golden root, lemon verbena leaves) - Help to obtain emotional confort because of volatile oils, hypericin, flavonoides and salindrosides, constituents present in this plants combination.	help to obtain emotional confort / helps to maintain a good mental condition / help you cope calmly with the stress	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4579

M-2008-1061	EFSA-Q-2010-00533	4580 - Hypericum perforatum herba, Melissa officinalis folium, Valeriana officinalis radix, Humulus lupulus strobuli, Melilotus officinalis herba, Majorana hortensis herba, Tilia species flos, Passiflora incarnata herba, Lavandula officinalis flos (St. John's Wort herb, lemon balm leaves, valerian root, hops flower, melilot herb, majoram herb, linden flower, passiflora herb, lavender flos) - Favorise a healthy sleep because of hyperforin, flavonoides, volatil oils, iridoides and alkaloids, constituents present in this plants combination.	help to instale a healthy sleep / help you cope calmly with the stress / favorise a healthy sleep	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4580
M-2008-1061	EFSA-Q-2010-00534	4581 - Hypericum perforatum, herba, St. John's Wort,-Silybum marianum,-fruit, St. Mary's thistle, Milk thistle, /Taraxacum officinale, herb, Dandelion, /Mentha piperita, , leaf, herb, Mint / - Digestive heath Liver health	Supports a good digestion / Contributes to liver protection, to the detoxifying potential of the liver. / Helps to maintain normal appetite. / For the stimulation of the production of the digestive body fluids and of the gastro-intestinal movement / Helps to maintain the normal liver function, promote the digestion and the body's purification. / / /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4581
M-2008-1061	EFSA-Q-2010-00535	4582 - Hypericum perforatum, herba, St. John's Wort,-Silybum marianum,-fruit, St. Mary's thistle, Milk thistle, /Taraxacum officinale, herb, Dandelion, /Mentha piperita, , leaf, herb, Mint / - Digestive heath Liver health	Supports a good digestion / Contributes to liver protection, to the detoxifying potential of the liver. / Helps to maintain normal appetite. / For the stimulation of the production of the digestive body fluids and of the gastro-intestinal movement / Helps to maintain the normal liver function, promote the digestion and the body's purification. / / /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4582
M-2008-1061	EFSA-Q-2010-00536	4583 - Ilex paraguariensis folium, Paullinia cupana semen, Aloe vera folium, Chelidonium majus herba, Betula alba folium (mate leaves, guarana fruit, aloe leaves, greater celandine herb, sweet birch leaves) - Helps controlling weight by enhancing intestinal transit, renal elimination / organism draining	eliminate overweight / help to maintain a normal body weight	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4583
M-2008-1061	EFSA-Q-2010-00537	4584 - Inula helenium radix, Eucalyptus globulus folium, Thymus vulgaris herba, Hyssopus officinalis herba, Plantago species folium, Glycyrrhiza glabra radix, Zingiber officinale rhizoma, Chelidonium majus herba, Foeniculum vulgare fructus (alant root, eucalypt leaves, thyme herb, hyssop herb, plantain leaves, licorice root, ginger root, greater celandine herb, fennel fruits) - Support the respiratory tract well function because of volatile oils, mucilages, triterpene saponins, gingerols and iridoides, constituents prezent in the plants combination.	help to obtain the respiratory tract confort / help to eliminate the respiratory tract discomfort / support the respiratory tract well function / support the repiratory tract health	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4584
M-2008-1061	EFSA-Q-2010-00538	4585 - Lavandula officinalis flos, Ocimum basilicum herba, Melissa officinalis herba, Mentha piperita herba, Majorana hortensis herba, Matricaria chamomilla flos, Elettaria cardamomum fructus, Zingiber officinale rhizoma, Citrus aurantium aetheroleum (lavander flowers, sweet basil herb, melissa herb, peppermint herb, marjoram herb, camomile flowers, cardamom fruits, ginger root, bitter orange essential oil) - Maintain psychical relaxation because of the monoterpenes, essential oils, valeric acid and flavones, constituents present in this plants combination.	helps mental and psychical well/being, of a busy lifestyle / support the relaxation / contributes to optimal mental and psychical relaxation /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4585
M-2008-1061	EFSA-Q-2010-00539	4586 - Linum usitatissimum semen, Cichorium intybus radix, Triticum aestivum, Hoodia gordinii (linseed, chicory root, vegetal fibres from wheat, hoodia stems) - Help to control weight by reducing the sense of hunger / increase in the sense of satiety	eliminate overweight / maintain satiety sensation / help appetit control / help to maintain a normal body weight	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4586
M-2008-1061	EFSA-Q-2010-00540	4587 - Matricaria recutita flos, Mentha piperita herba, Lavandula officinalis flos, Valeriana officinalis radix, Hypericum perforatum herba, Tilia species flos, Elettaria cardamomum fructus, Majorana hortensis herba, Salvia sclarea herba (chamomile flower, peppermint herb, lavender flos, valerian root, St. John's wort herb, linden flowers, cardamom fruits, marjoram herb, clary sage herb) - Support the digestive tract well function because of volatile oils, valepotriates, hypericin, mucilages and tannins, constituents present in the plants combination.	contributes to eliminate digestive discomfort / support the digestive tract well function / support the digestive tract well function and help to eliminate the digestive discomfort /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4587
M-2008-1061	EFSA-Q-2010-00541	4588 - Matricaria recutita flos, Pimpinella anisum fructus, Foeniculum vulgare fructus, Achillea millefolium herba (chamomile flower, anise fruit, fennel fruit, yarrow herb) - helps gastric secretion and gastrointestinal motility, contributing to elimination of excessive gas	contributes to eliminate digestive discomfort / support the digestive tract well function / support the digestive tract well function and help to eliminate the digestive discomfort /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4588
M-2008-1061	EFSA-Q-2010-00542	4589 - Melilotus officinalis herba, Hyssopus officinalis herba, Foeniculum vulgare fructus, Glycyrrhiza glabra radix, Centaurium umbellatum herba (melilot herb, hyssop herb, fennel fruit, licorice root, centaury herb) - Maintain cardiovascular health because of coumarines, volatil oil, flavonoides and alkaloids, constituents present in this plants combination.	support heart and vassels well function /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4589

M-2008-1061	EFSA-Q-2010-00543	4590 - Melissa officinalis folium, Leonurus cardiaca herba, Lavandula officinalis flos, Salvia officinalis herba, Lycopus virginiana herba (lemon balm leaves, motherwort herb, lavender flowers, sage herb, bugleweed herb) - Support thyroid well function because of iridoids, phenolic constituents and essential oils, constituents present in this plants combination.	Support thyroid well function	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4590
M-2008-1061	EFSA-Q-2010-00544	4591 - Melissa officinalis folium, Mentha piperita herba, Achillea millefolium herba, Salvia officinalis herba, Matricaria recutita flos, Verbascum phlomoides flos, Valeriana officinalis radix, Sambucus nigra flos, Tilia species flos, Carum carvi fructus, Cuminum cyminum fructus, Foeniculum vulgare fructus, Pimpinella anisum fructus (lemon balm leaves, peppermint herb, yarrow herb, sage herb, chamomile flower, high-taper flower, valerian root, black elder flowers, linden flowers, caraway fruits, cumin fruit, bitter fennel fruits, anise fruits) - Contributes to eliminate digestive discomfort because of volatile oils, flavonoids, iridoides and mucilages, constituents present in the plants combination.	contributes to eliminate digestive discomfort / support the digestive tract well function / support the digestive tract well function and help to eliminate the digestive discomfort /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4591
M-2008-1061	EFSA-Q-2010-00545	4592 - Melissa officinalis folium, Rosa canina fructus, Hibiscus sabdariffa flos (lemon balm leaves, rosehip fruits, red sorrel flowers) - Maintain psychical relaxation because of the monoterpenic aldehydes, polyphenols and vitamins, constituents present in this plants combination.	helps/support the relaxation / helps mental and psychical well/being, of a busy lifestyle /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4592
M-2008-1061	EFSA-Q-2010-00546	4593 - Mentha piperita aetheroleum, Eucalyptus globulus aetheroleum, Abies alba aetheroleum (peppermint essential oil, eucalypt essential oil, silver fir essential oil) - Suport gall bladder well function because of volatil oils constituients present in this plants combination.	suport gall bladder well function / for corect functionality of digestiv system	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4593
M-2008-1061	EFSA-Q-2010-00547	4594 - Mentha piperita herba, Vaccinium myrtillus folium (peppermint herb, bilberry leaves) - contribute to improve intestinal motility, intestinal microflora and decrease intestinal secretion / help to eliminate the unpleasent sensations of an accelerate transit	help to eliminate accelerate transit discomfort	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4594
M-2008-1061	EFSA-Q-2010-00548	4595 - Menyanthes trifoliata herba, Centaurium umbellatum herba, Salix alba cortex, Glycyrrhiza glabra radix, Illicium verum fructus (beckbean herb, centaury herb, white willow bark, licorice root, star anise fruits) - Support respiratory tract health because of iridoides, bitter principles, salicin, volatile oils and glycyrrhizin, constituents present in the plants combination.	help to obtain respiratory confort / help to elimination respiratory tract discomfort / support respiratory tract health	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4595
M-2008-1061	EFSA-Q-2010-00549	4596 - Momordica charantia fructus, Vaccinium myrtillus fructus, Daucus carota radix (bitter melon fruits, bilberry fruits, carrot root) - Maintain a normal glucose metabolism because of charantine, anthocyanosides, beta- and alpha-caroten, constituents present in this plants combination.	support glucose metabolism / momordica charantia extract intervene in glucidic metabolism maintaining the glucose level in normal limite / bilberry antocyanidine favorise pancreas and retinian vascularisation / carotenoide from carote are transformed in vitamine A in liver, witch has antioxidant action and are part of photo-sensible retinian pigment / maintain pancreas normal function	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4596
M-2008-1061	EFSA-Q-2010-00550	4597 - Olea europaea folium, Cynara scolymus folium (olive tree leaves, artichoke leaves) - Maintain cardiovascular health because of iridoides, poliphenols, flavones and cynarin, constituents present in this plants combination	helps cholesterol and lipid metabolism / helps to maintain a normal cholesterol level	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4597
M-2008-1061	EFSA-Q-2010-00551	4598 - Ononis spinosa radix, Polygonum aviculare herba, Mentha piperita herba, Achillea millefolium herba, Matricaria recutita flos (thorny restharrow root, knotweed herb, peppermint herb, yarrow herb, chamomile flower) - Maintain gall bladder health because of volatil oils compounds, saponosides, silicic acid and azulenes, constituents present in this plants combination.	support to the billiary way well function /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4598
M-2008-1061	EFSA-Q-2010-00553	4600 - Paullinia cupana fructus, Rosa canina fructus, Hibiscus sabdariffa flos (guarana fruit, rosehip fruit, red sorrel flowers) - Tonifying body and mind. / helps for improved motivation and to optimize mental and physical functions for better performance.	source of energy / helps to make you feel more energetic	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4600
M-2008-1061	EFSA-Q-2010-00554	4601 - Peumus boldus folium, Arctium lappa radix, Mentha piperita herba, Foeniculum vulgare fructus, Cichorium intybus radix, Thymus vulgaris herba, Calendula officinalis flos, Matricaria chamomilla flos, Taraxacum officinale herba, Citrus limonum aetheroleum (boldo tree leaves, burdock root, peppermint herb, fennel fruits, chicory root, thyme herb, marigold flowers, camomile flowers, dandelion herb, lemon essential oil) - Suport liver health because of boldine, volatils oils and polyphenols, constituents present in this plants combination.	helps to protect the liver which in turn maintain the liver function / supports liver health / helps to maintain a normal liver function	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4601

M-2008-1061	EFSa-Q-2010-00555	4602 - Peumus boldus leaves, Chelidonium majus herba, Silybum marianum fructus, Mentha piperita herba, Hypericum perforatum herba, Cichorium intybus radix, Calendula officinalis flos, Melilotus officinalis herba (boldo tree leaves, greater celandine herb, milk thistle fruits, peppermint herb, St. John's wort herb, chicory root, marigold flowers, melilot herb) - Helps to liver cells protection / Maintains the healthy flow of bile and supports gallbladder health	supports liver well function / maintain liver health /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4602
M-2008-1061	EFSa-Q-2010-00556	4603 - Pimpinella anisum fructus, Foeniculum vulgare fructus, Carum carvi fructus (anise fruits, fennel fruits, caraway fruits) - Support for a natural lactation because of volatil oils constituents present in this plant combination.	supports lactating at breastfeeding women / supports for a natural lactation	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4603
M-2008-1061	EFSa-Q-2010-00557	4604 - Pimpinella anisum fructus, Foeniculum vulgare fructus, Mentha piperita herba, Rosmarinus officinale folium, Ocimum basilicum herba, Glycyrrhiza glabra radix, Cassia angustifolia folium, Cichorium intybus radix (anise fruits, fennel fruits, peppermint herb, rosemary leaves, sweet basil herb, licorice root, senna leaves, chicory root) - Helps digestive secretions and gastrointestinal motility, contribute to excessive gas elimination	support the well function of digestive system/help to elimination gastrointestinal discomfort / help to obtain digestive confort / support digestive tract health /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4604
M-2008-1061	EFSa-Q-2010-00558	4605 - Pinus silvestris turiones, Populus nigra gemmae, Eryngium planum herba, Plantago species folium, Origanum vulgare herba, Foeniculum vulgare fructus, Thymus vulgaris herba, Tilia species flos, Glycyrrhiza glabra radix (scotch pine buds, black poplar buds, sea holly herb, plantain leaves, wild marjoram herb, fennel fruit, thyme herb, linden flowers, licorice root) - Help to maintain optimal functioning of the upper respiratory tract/helps to relax bronchial muscles and streamline bronchial secretions	help to obtain the respiratory tract confort / help to eliminate the respiratory tract discomfort / support the respiratory tract well function / support the respiratory tract health	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4605
M-2008-1061	EFSa-Q-2010-00559	4606 - Plantago species folium, Tilia species flos (plantain leaves, linden flowers) - Helps to streamline bronchial secretions and protect respiratory tract mucosa	help to obtain respiratory confort / support respiratory tract health	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4606
M-2008-1061	EFSa-Q-2010-00560	4607 - Plantago species folium, Tilia species flos, Pinus silvestris turiones, Thymus serpyllum herba, Eryngium planum herba (plantain leaves, linden flowers, scotch pine buds, wild thyme herb, sea holly herb) - Support the respiratory tract health because of volatil oils, mucilages, saponines and iridoides, constituents present in this plants combination.	protect the mucous membrane of traheobronsitic tract and support the well function of respiratory sistem / help to obtain respiratory confort / support respiratory tract health	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4607
M-2008-1061	EFSa-Q-2010-00561	4608 - Polygonum aviculare herba, Artemisia dracuncululus herba, Hypericum perforatum herba, Melissa officinalis folium (knotweed herb, tarragon herb, St. John's wort herb, lemon balm leaves) - Maintain cardiovascular health because of flavones, avicularin, volatil oils, coumarins and polyphenols, constituents present in this plants combination.	supports for a normal blood pressure /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4608
M-2008-1061	EFSa-Q-2010-00562	4609 - Polygonum aviculare herba, Pulmonaria officinalis herba, Plantago species folium, Lamium album herba, Foeniculum vulgare fructus (knotweed herb, lungwort herb, plantain leaves, white deadnettle herb, fennel fruits) - Helps to streamline bronchial secretions and protect respiratory tract mucosa	help to obtain the respiratory tract confort / help to eliminate the respiratory tract discomfort / support the respiratory tract well function / support the respiratory tract health	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4609
M-2008-1061	EFSa-Q-2010-00563	4610 - Potentilla anserina herba, Urtica dioica herba, Foeniculum vulgare fructus (anserine herb, nettle herb, fennel fruits) - contribute to improve intestinal motility, intestinal microflora and decrease intestinal secretion / help to eliminate the unpleasent sensations of an accelerate transit	help to maintain a normal intestinal transit at persons with sensitive bowels / help to eliminate accelerate transit discomfort	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4610
M-2008-1061	EFSa-Q-2010-00565	4612 - Quercus robur cortex, Vaccinium myrtilus folium, Mentha piperita herba, Juglans regia folium, Rubus idaeus folium, Agrimonia eupatoria herba, Matricaria recutita flos, Thymus vulgaris herba, Alchemilla vulgaris herba (oak bark, bilberry leaves, peppermint herb, walnut leaves, raspberry leaves, agrimony herb, chamomile flower, thyme herb, lion's foot herb) - contribute to improve intestinal motility, intestinal microflora and decrease intestinal secretion / help to eliminate the unpleasent sensations of an accelerate transit	help to maintain a normal intestinal transit at persons with sensitive bowels / help to eliminate accelerate transit discomfort	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4612
M-2008-1061	EFSa-Q-2010-00567	4614 - Rosa canina fructus, Hibiscus sabdariffa flos, Ginkgo biloba folium, Melilotus officinalis herba (wild dog rose fruits, red sorrel flowers, ginkgo leaves, melilot herb) - Contributes to normal blood circulation on legs because of coumarines, anthocyanins, flavonoides and ginkgolides, constituents present in this plants combination.	helps blood circulation on legs and reduce tired and weighty legs discomfort / support blood circulation on legs / contributes to normal blood circulation on legs	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4614

M-2008-1061	EFSA-Q-2010-00568	4615 - Rosa canina fructus, Hibiscus sabdariffa flos, Pinus silvestris turiones, Cinnamomum zeylanicum cortex, Foeniculum vulgare fructus, Pimpinella anisum fructus, Origanum vulgare herba, Sambucus nigra flos, Salvia officinalis herba, Thymus serpyllum herba (wild dog rose fruits, red sorrel flowers, pine bud, cinnamon bark, fennel fruits, anise fruits, wild marjoram herb, black elder flowers, sage herb, wild thyme herb) - Help to maintain optimal functioning of the upper respiratory tract /Helps to streamline bronchial secretions and protect respiratory tract mucosa	support respiratory tract health / help to elimination respiratory tract discomfort / help to obtain respiratory confort /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4615
M-2008-1061	EFSA-Q-2010-00569	4616 - Rosa canina fructus, Hippophae rhamnoides fructus (wild dog rose fruits, sea buckthorn fruits) - Enhance body's resistance againts external microorganisms / helps strengthen the body's natural defence system	helps to enhance body's resistance, being a natural surce of vitamin C / support of natural body's resistance	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4616
M-2008-1061	EFSA-Q-2010-00570	4617 - Rosa canina fructus, Hippophae rhamnoides fructus, Urtica dioica herba, Hordeum vulgare herba, Gentiana lutea radix, Trigonella foenum graecum fructus (wild dog rose fruits, sea buckthorn fruits, nettle herb, barley herbs, gentian bitterwort root, bird's foot seed) - Enhance tonicity and general state of the organism / improve apetite / Help the organism for properly, optimal functioning	helps to eliminate weakness and fortify the body / maintain general well being	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4617
M-2008-1061	EFSA-Q-2010-00571	4618 - Salix alba cortex, Filipendula ulmaria herba, Origanum vulgare herba, Astragalus membranaceus radix, Allium sativum bulbus (white willow bark, dropwort herb, wild marjoram herb, astragalus root, garlic bulbs - protect the mucous membrane of traheobronsitic tract, and help sweeling	support respiratory tract health / help to elimination respiratory tract discomfort / help to obtain respiratory confort /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4618
M-2008-1061	EFSA-Q-2010-00572	4619 - Salix alba cortex, Hyssopus officinalis herba, Ocimum basilicum herba, Matricaria recutita flos, Cinnamomum zeylanicum cortex, Zingiber officinale rhizoma, Rosmarinus officinalis folium (white willow bark, hyssop herb, sweet basil herb, chamomile flower, cinnamon bark, ginger root, rosemary leaves) - Help to maintain optimal functioning of the upper respiratory tract / Helps to streamline bronchial secretions and protect respiratory tract mucosa, favorise swelling	help to obtain respiratory confort / help to elimination respiratory tract discomfort / support respiratory tract health	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4619
M-2008-1061	EFSA-Q-2010-00573	4620 - Salix alba cortex, Juniperus communis fructus (white willow bark, juniper fruit) - Helps mainaining articular surfaces quality, helps salts elimination	helps to eliminate joint discomfort, maintainining the joint mobility and flexibility / helps to the joint well function	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4620
M-2008-1061	EFSA-Q-2010-00574	4621 - Salix alba cortex, Juniperus communis fructus, Rosmarinus officinalis folium, Populus nigra gemma, Fraxinus excelsior folium, Betula alba folium, Urtica dioica herba, Sambucus nigra flos, Lavandula officinalis flos (white willow bark, juniper fruit, rosemary leaves, black poplar buds, ash leaves, sweet birch leaves, nettle herb, black elder flowers, lavender flowers) - Maintain the joints health because of salicylates, flavones, saponines and volatils oils, constituients present in this plants combination.	helps to eliminate joint discomfort, maintainining the joint mobility and flexibility / helps to the joint well function	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4621
M-2008-1061	EFSA-Q-2010-00575	4622 - Salvia officinalis herba, Foeniculum vulgare fructus, Medicago sativa herba, Alchemilla vulgaris herba, Glycyrrhiza glabra radix, Rosmarinus officinalis folium, Crataegus monogyna folium et flore, Lavandula officinalis flos (sage herb, fennel fruits, alfalfa herb, lions' foot herb, licorice root, rosemary leaves, howthorn flowers and leaves, lavender flowers) - Helps to eliminate menopausal discomfort because of phytoestrogenes, volatile oils, flavonoides and anthocyanidins, constituients prezent in the plants combination.	helps woman to have a mental and physical confort on menopause / helps to eliminate menopausal discomfort /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4622
M-2008-1061	EFSA-Q-2010-00576	4623 - Sambucus ebulus radix, Avena sativa herba (danewort root, cultivating oats herb) - Maintain the joints well function because of saponosides and phytosterols, constituients present in this plants combination.	helps to eliminate joint discomfort, maintainining the joint mobility and flexibility / helps to the joint well function	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4623
M-2008-1061	EFSA-Q-2010-00577	4624 - Serenoa repens fructus, Pygeum africanum cortex, Urtica dioica herba, Xanthium spinosum herba, Lycopersici esculentum fructus (saw palmetto fruits, pygeum bark, nettle herb, spiny cocklebur herb, tomato fruits) - Helps to prostate normal function because of phytosterols, lectins, flavonoids, triterpens and tannins, constituients present in the plants combination.	helps to prostate normal function / for mantaining the normal urinary function at mens over 45 years	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4624
M-2008-1061	EFSA-Q-2010-00578	4625 - Silybum marianum fructus, Cynara scolymus folium (milk thistle fruits, artichoke leaves) - Helps to liver cells protection, favorise bile production	support liver well function / maintain healthy liver	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4625
M-2008-1061	EFSA-Q-2010-00579	4626 - Silybum marianum fructus, Salvia officinalis herba, Foeniculum vulgare fructus, Hyssopus officinalis herba, Veronica officinalis herba (milk thistle fruit, sage herb, fennel fruit, hyssop herb, speedwell herb) - Maintain liver health because of sylimarin, bitter substances and essential oils, constituients present in this plants combination.	support liver well function / maintain a healthy liver / contribute to liver normal function	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4626

M-2008-1061	EFSA-Q-2010-00580	4627 - Silybum marianum fructus, Schisandra chinensis fructus, Cynara scolymus folium, Chelidonium majus herba, Taraxacum officinale herba, Melilotus officinalis herba (milk thistle fruit, magnolia vine fruit, artichoke leaves, greater celandine herb, dandelion herb, melilot herb) - Maintain liver health because of silymarin, cynarin, schisandrin, alkaloids and bitter essences, constituents present in this plants combination.	support liver well function / maintain healthy liver	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4627
M-2008-1061	EFSA-Q-2010-00583	4630 - Thymus vulgaris - herba (Common namethyme); Pimpinella anisum-Fruits (Common name: Anise seed); Foeniculum vulgare – fruits (Common Name : Fennel); Carum carvi -Seed (Common Name : Caraway); - By combining herbs used in traditional European herbalism prepared as tea infusions to activate and promote lactation in nursing mothers.	Helps milk flow and regulates hormonal production.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4630
M-2008-1061	EFSA-Q-2010-00584	4631 - Thymus vulgaris herba, Eugenia caryophyllus flos, Inula helenium radix, Brassica alba semen, Peumus boldus folium, Olea europaea folium (thyme herb, cloves flower bud, alant root, white mustard seed, boldo tree leaves, olive tree leaves) - Support for the intestinal tract purification because of essential oils, glucosinolates and iridoides, constituents present in the plants combination.	Contributes to the normal function of the gastrointestinal tract / support for the intestinal tract purification	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4631
M-2008-1061	EFSA-Q-2010-00585	4632 - Thymus vulgaris herba, Eugenia caryophyllus flos, Inula helenium radix, Olea europaea folium, Artemisia annua herba (thyme herb, cloves flower bud, alant root, olive tree leaves, annual mugwort herb) - Contributes to the normal function of the gastrointestinal tract because of essential oils constituents present in this plants combination.	Contributes to the normal function of the gastrointestinal tract / support for the intestinal tract purification	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4632
M-2008-1061	EFSA-Q-2010-00586	4633 - Tilia species flos, Crataegus monogyna folium cum flore, Matricaria chamomilla flos, Lavandula officinalis flos, Melilotus officinalis herba, Majorana hortensis herba (Linden flowers, hawthorn flowers and leaves, camomile flowers, lavender flowers, melilot herb, marjoram herb) - Help to a natural and healthy sleep because of essential oils and coumarins, constituents present in this plants combinations.	help to a natural and healthy sleep / improves the quality of natural sleep / support the relaxation	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4633
M-2008-1061	EFSA-Q-2010-00587	4634 - Tilia species flos, Valeriana officinalis radix, Lavandula officinalis flos, Humulus lupulus strobuli (linden flowers, valerian root, lavender flos, hops flower) - Support a natural and healthy sleep because of volatile oils and iridoids, constituents present in this plants combination.	support a natural and healthy sleep / improves the quality of natural sleep	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4634
M-2008-1061	EFSA-Q-2010-00588	4635 - Urtica dioica herba, Achillea millefolium herb, Melilotus officinalis herb, Ginkgo biloba folium, Cassia angustifolia folium, Matricaria chamomilla flos, Calendula officinalis flos (nettle herb, yarrow herb, melilot herb, ginkgo leaves, senna leaves, camomile flowers, marigold flowers) - Support a normal venous tonus because of tannins, azulene, mucilages and flavones, constituents present in this plants combinations.	support a normal vascular tonus and integrity of rectal vein / supports normal vascular function / contributes to blood vein health /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4635
M-2008-1061	EFSA-Q-2010-00589	4636 - Vaccinium myrtillus folium, Juglans regia folium, Morus alba folium, Salvia officinalis herba, Urtica dioica herba, Arctium lappa radix, Phaseolus vulgaris fructus sine semine (bilberry leaves, walnut leaves, mulberry leaves, sage herb, nettle herb, burdock root, bean pod) - Maintain a normal glucose metabolism because of anthocyanosides, polyphenols and ascorbic acid, constituents present in this plants combination.	support for a normal glucose metabolism / helps maintain normal blood glucose /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4636
M-2008-1061	EFSA-Q-2010-00590	4637 - Valeriana officinalis radix, Hypericum perforatum herba, Lavandula officinalis flos, Mentha piperita herba, Olea europaea folium, Acorus calamus rhizoma, Convolvulus arvensis herba, Cinnamomum zeylanicum cortex (valerian root, St. John's wort herb, lavender flos, peppermint herb, olive tree leaves, calamus rhizomes, field bindweed herb, cinnamon bark) - Support the digestive tract well function because of iridoids, volatile oils, hypericin and resins, constituents present in this plants combination.	contributes to eliminate digestive discomfort / support the digestive tract well function / support the digestive tract well function and help to eliminate the digestive discomfort	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4637
M-2008-1061	EFSA-Q-2010-00591	4638 - Vinca minor herba, Acorus calamus rhizome, Ginkgo biloba folium, Ilex paraguariensis folium, Rosmarinus officinalis folium (periwinkle herb, calamus rhizomes, ginkgo leaves, mate leaves, rosemary leaves) - Maintain mental health because of alkaloids, polyphenols, choline, ginkgolides and volatile oils, constituents present in this plants combination.	helps to maintain memory with age decline / support remember	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4638

M-2008-1061	EFSA-Q-2010-00593	4640 - Viola tricolor herba, Cynara scolymus folium, Matricaria recutita flos, Achillea millefolium herba, Arctium lappa radix, Veronica officinalis herba, Ribes nigrum folium (wild pansy herb, artichoke leaves, chamomile flower, yarrow herb, burdock root, speedwell herb, black currant leaves) - Support respiratory tract health because of mucilages, flavonoides, saponins and polyphenols, constituents present in the plants combination.	support respiratory tract health / help to elimination respiratory tract discomfort / help to obtain respiratory confort /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4640
M-2008-1061	EFSA-Q-2010-00594	4641 - Viola tricolor herba, Cynara scolymus folium, Matricaria recutita flos, Achillea millefolium herba, Arctium lappa radix, Veronica officinalis herba, Ribes nigrum folium (wild pansy herb, artichoke leaves, chamomile flower, yarrow herb, burdock root, speedwell herb, black currant leaves) - Support for a healthy skin because of mucilages, flavonoides and polyphenols, constituents present in the plants combination.	Support for a healthy skin / helps to preserve skin healty	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4641
M-2008-1061	EFSA-Q-2010-00595	4642 - Viscum album folium cum stipites, Leonurus cardiaca herba, Vinca minor herba, Allium sativum bulbos, Olea europaea folium (european mistletoe leaves and stems, motherwort herb, periwinkle herb, garlic bulbs, olive leaves) - Maintain cardiovascular health because of lectins, flavonoids, alkaloids, aliine and iridoide, constituents present in this plants combination.	supports a healthy blood pressure /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4642
M-2008-1061	EFSA-Q-2010-00596	4643 - Xanthium spinosum herba, Epilobium parviflorum herba, Lamium album herba, Calendula officinalis flos, Pinus silvestris turiones, Solidago virgaurea herba, Equisetum arvense herba (spiny cocklebur herb, willowherb herb, white deadnettle herb, marigold flower, scotch pine buds, golden rod european herb, horsetail herb) - Maintain prostate health because of beta-sitosterol, phenols, flavonoids, essential oils and potassium, constituents present in this plants combination.	helps to prostate normal function / for mantaining the normal urinary function at mens over 45 years	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4643
M-2008-1061	EFSA-Q-2010-00597	4644 - Aetheroleum carvi-Caraway Volatil Oil - Digestive health due to antimicrobial activity	Helps to support the digestion	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4644
M-2008-1061	EFSA-Q-2010-00598	4645 - Aetheroleum carvi-Caraway Volatil Oil - Respiratory health due to antibacterial activity against bacteria causing respiratory tract disorders	Volatil oil contributes to destruction of pathogen microorganisms.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4645
M-2008-1061	EFSA-Q-2010-00599	4646 - Aetheroleum eucalypti-Eucalyptus Volatil Oil - Respiratory health due to antibacterial activity against bacteria causing respiratory tract disorders	Supports the optimal functioning of respiratory system	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4646
M-2008-1061	EFSA-Q-2010-00600	4647 - Aetheroleum eucalypti-Eucalyptus Volatil Oil - Immune health due to antimicrobial activity	Volatil oil contributes to destruction of pathogen microorganisms.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4647
M-2008-1061	EFSA-Q-2010-00601	4648 - Aetheroleum foeniculi-Fennel Volatil Oil - Respiratory health due to antibacterial activity against bacteria causing respiratory tract disorders	Volatil oil contributes to destruction of pathogen microorganisms.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4648
M-2008-1061	EFSA-Q-2010-00602	4649 - Aetheroleum foeniculi-Fennel Volatil Oil - Digestive health due to antimicrobial activity	Helps to support the digestion	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4649
M-2008-1061	EFSA-Q-2010-00603	4650 - Aetheroleum lavandulae-Lavender Volatil Oil - Respiratory health due to antibacterial activity against bacteria causing respiratory tract disorders	Volatil oil contributes to destruction of pathogen microorganisms.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4650
M-2008-1061	EFSA-Q-2010-00604	4651 - Aetheroleum menthae-Mint Volatil Oil - Digestive and intestinal health due to antimicrobial activity	Helps to support the digestion	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4651
M-2008-1061	EFSA-Q-2010-00605	4652 - Aetheroleum menthae-Mint Volatil Oil - Immune health due to antimicrobial activity	Volatil oil contributes to destruction of pathogen microorganisms.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4652
M-2008-1061	EFSA-Q-2010-00606	4653 - Aetheroleum menthae-Mint Volatil Oil - Respiratory health due to antibacterial activity against bacteria causing respiratory tract disorders	Supports the optimal functioning of respiratory system	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4653
M-2008-1061	EFSA-Q-2010-00607	4654 - Aetheroleum pini-Pine Volatil Oil - Respiratory health due to antibacterial activity against bacteria causing respiratory tract disorders	Supports the optimal functioning of respiratory system	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4654
M-2008-1061	EFSA-Q-2010-00608	4655 - Aetheroleum pini-Pine Volatil Oil - Immune health due to antimicrobial activity	Volatil oil contributes to destruction of pathogen microorganisms.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4655
M-2008-1061	EFSA-Q-2010-00609	4656 - Aetheroleum thymi-Thyme Volatil Oil - Immune health due to antimicrobial activity	Volatil oil contributes to destruction of pathogen microorganisms.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4656
M-2008-1061	EFSA-Q-2010-00610	4657 - Aetheroleum thymi-Thyme Volatil Oil - Respiratory health due to antibacterial activity against bacteria causing respiratory tract disorders	Supports the optimal functioning of respiratory system	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4657
M-2008-1061	EFSA-Q-2010-00611	4658 - Bee pollen - Helps heart health and to maintain a balanced level of cholesterol and lipids in the body	Promotes a good heart functioning and a balanced level of blood lipids. / Supports a good heart functioning and the health of the blood vessels.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4658
M-2008-1061	EFSA-Q-2010-00626	4673 - Hempseed Oil & Hempseed Oil Capsules (Cold pressed hempseed oil (cannabis sativa) and gelatin capsules with hempseed oil) - Cardiovascular Health, Cholesterol Level Lowering	The optimum ratio of Omega-6/ Omega-3 Essential Fatty Acids in Hempseed oil is beneficial for the cardiovascular system and helps control cholesterol and triglyceride levels	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4673

M-2008-1061	EFSa-Q-2010-00627	4674 - Hempseed Oil & Hempseed Oil Capsules (Cold pressed hempseed oil (cannabis sativa) and gelatin capsules with hempseed oil) - Glucose Metabolism	Optimum ratio of Omega-6/ Omega-3 Essential Fatty Acids in Hempseed oil regulates the metabolic process of glucose in patients with diabetes	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4674
M-2008-1061	EFSa-Q-2010-00628	4675 - Hempseed Oil & Hempseed Oil Capsules (Cold pressed hempseed oil (cannabis sativa) and gelatin capsules with hempseed oil) - Immune Health	Optimum ratio of Omega-6/ Omega-3 Essential Fatty Acids in Hempseed Oil supports immune system and efficientizes our body's reaction	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4675
M-2008-1061	EFSa-Q-2010-00629	4676 - Hempseed Oil & Hempseed Oil Capsules (Cold pressed hempseed oil (cannabis sativa) and gelatin capsules with hempseed oil) - Antiinflammatory agent	Optimum ratio of Omega-6/ Omega-3 Essential Fatty Acids in Hempseed Oil has anti-inflammatory effects	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4676
M-2008-1061	EFSa-Q-2010-00630	4677 - Hempseed Oil & Hempseed Oil Capsules (Cold pressed hempseed oil (cannabis sativa) and gelatin capsules with hempseed oil) - Muscle and Joints Health	Optimum ratio of Omega-6/ Omega-3 Essential Fatty Acids in Hempseed Oil has anti-inflammatory effects	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4677
M-2008-1061	EFSa-Q-2010-00648	4695 - Pollen-Bee pollen - Immunomodulating agent due to enzymes and vitamins content	Stimulates an immune response.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4695
M-2008-1061	EFSa-Q-2010-00659	4706 - Foeniculum vulgare, fennel, fruit, Cassia senna or Cassia angustifolia, senna, fruit and leaf Malus domestica, apple, fruit-Calendula officinalis, pot marigold, flower-Rhamnus frangula, alder buckthorn, bark-mixed floral honey - Regulate intestinal transit . Help to eliminate digestion gas.	Constipation / Intestinal Health	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4706
M-2008-1061	EFSa-Q-2010-00660	4707 - Ginkgo biloba, leaf, extract, Ilex paraguarensis, mate, leaf magnesium lactate-Glycine max, soya, lecithin-lactose-tablettose-avicel-starch-stearic acid-talc - Improves cerebral and peripheral circulation, reduce serum cholesterol levels and act as trophic for nerve cell. Increase cognitive ability and memory, which help in periods of physical and mental intense effort. General tonic.	Physical and Mintal Health / Circulatory Health / Cholesterol Metabolism	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4707
M-2008-1061	EFSa-Q-2010-00663	4710 - Magnesium lactate, Hippophae rhamnoides, sea-buckthorns, fruit vitamin B6-PVP-aerosil-starch-tablettose-avicel-stearic acid. - Induces a state of calm are helpful in times wild. Reduce anxiety, increase neuronal tone, favors getting a restful sleep.	Healthy Sleep / Stress Relief	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4710
M-2008-1061	EFSa-Q-2010-00664	4711 - Magnesium lactate, Passiflora incarnata passion flower, aerien parts-vitamin B6-lactose-stearic acid-PvP-aerosil-avicel-starch. - Trophic for nerve cell that improves neuronal metabolism. It is helpful in times of stress, reduced state of anxiety.	Menthal health / Stress Relief / Nervous System Health	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4711
M-2008-1061	EFSa-Q-2010-00666	4713 - Mentha piperita, leaf, herb, Mint, Hypericum perforatum,herba, St. John's Wort,- Taraxacum officinale, herb, Dandelion, /Chamomilla recutita/, flower,Chamomile, /Calendula officinalis, /flower, Marigold / - Digestive heath liver health	Helps to support a healthy digestion / Contributes to liver protection, to the detoxifying potential of the liver. / For the stimulation of the production of the digestive body fluids and of the gastro-intestinal movement / Helps to maintain the normal liver function, promote the digestion and the body's purification. /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4713
M-2008-1061	EFSa-Q-2010-00667	4714 - Mentha piperita, leaf, herb, Mint, Hypericum perforatum,herba, St. John's Wort,- Taraxacum officinale, herb, Dandelion, /Chamomilla recutita/, flower,Chamomile, /Calendula officinalis, /flower, Marigold / - Digestive heath liver health	Helps to support a healthy digestion / Contributes to liver protection, to the detoxifying potential of the liver. / For the stimulation of the production of the digestive body fluids and of the gastro-intestinal movement / Helps to maintain the normal liver function, promote the digestion and the body's purification. /	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4714
M-2008-1061	EFSa-Q-2010-00668	4715 - Opuntia ficus indica, nopal, fruit, Triticum aestivum, wheat Paullinia cupana, guarani, fruit-Malus domestica, apple, fruit-Camelia sinensis, green tea, leaf-Chlorella pirenoidosa, chlorella-Orthosiphon stamineus, misai/kumis kucing, leaf-starch-PvP-aerosil-avicel-stearic acid-talc-magnesium stearate-gelatine. - Combination of active natural increase metabolism and is helpful in remodeling of the body.	Weight Control	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4715
M-2008-1061	EFSa-Q-2010-00669	4716 - Panax quinquefolii, red ginseng, root, ornitina, arginine, Glutamine, tyrosine, Tribulus terrestris, puncturevine atomize larvae of the drone-Trigonella foenum-graecum, fenugreek, seeds-Ilex paraguarensis, mate, leaf-vitamin B6-starch-PvP-aerosil-avicel-stearic acid-tablettose-lactose. - Source of amino acids, vitamins and minerals that enhance muscle mass development. Support in periods of intense exercise. General tonic, adaptogen.	Muscular Development	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4716
M-2008-1061	EFSa-Q-2010-00670	4717 - Passiflora incarnata, passion flower, flower, alcohol water Pi-nipagin-nipazol. - Induces a state of calm, reducing psychomotor agitation. Increase body resistance to stress; favors obtaining a restful sleep.	Healthy Sleep / Stress Relief	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4717
M-2008-1061	EFSa-Q-2010-00673	4720 - Vitis vinifera, semen, extract /Wine grape, seed extract - Vascular Health	Maintains the integrity of venous system	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4720
M-2008-1061	EFSa-Q-2010-00674	4721 - Vitis vinifera, semen, extract /Wine grape, seed extract - Antioxidant Activity	Support of cell membrane against the distructive actions of free radicals.	22/3/2010	31/3/2010	Pending Risk Managers' decisio	European Commissio	Health claims Art. 13/2	4721
